The presentation currency of the financial statements is the Pound Sterling (£).

**2. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

**Turnover**

Turnover is recognised on the sale of development property on completion.

**Work in progress**

Work in progress is valued at the lower of cost and net realisable value. Cost includes all purchase and development costs of land and materials.

**Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

**2. ACCOUNTING POLICIES - continued**

**Going concern**

The directors have also assessed whether the going concern basis of preparation continues to be appropriate, based on whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the company to continue as a going concern. This assessment has been required in the light of the significant uncertainty around the short to medium term impact of the spread of the Covid-19 virus. At the time of approving the financial statements the directors believe that all appropriate measures have been or will be taken to ensure that the company will be able to continue its operations for at least the next 12 months and thus conclude that the going concern basis remains appropriate.
