REPORT OF THE DIRECTORS
for the year ended 31 March 2014

The directors present their report with the financial statements of the company for the year ended 31 March 2014.

PRINCIPAL ACTIVITY

The principal activity of the company in the year under review was that of property rental.

DIRECTORS

The directors shown below have held office during the whole of the period from 1 April 2013 to the date of this report.

A Cristea
Dr S N Cristea

MARKET VALUE OF LAND AND BUILDINGS

The directors are of the opinion that the market value of the property at 31 March 2014 would significantly exceed the net book value included in the Financial Statements. The directors are unable to quantify the excess in the absence of a professional valuation, the cost of which is not considered justifiable as the property is going to be retained for the foreseeable future.

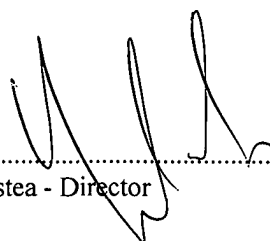

GOING CONCERN

There are no material uncertainties that may cast significant doubt about the ability of the company to continue as a going concern. The property owned by the company is fully let at the year end.

The director has reasonable expectation that the company has adequate resources, from rental activities, to continue in operational existence for the foreseeable future and, therefore, continues to adopt the going concern basis of accounting in preparing the annual financial statements.

This report has been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

ON BEHALF OF THE BOARD:
