The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30th June 2020.

The members have not required the company to obtain an audit of its financial statements for the year ended 30th June 2020 in accordance with Section 476 of the Companies Act 2006.

The director acknowledges her responsibilities for:

- ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

Waresley Farms Limited (Registered number: 01928553)

Balance Sheet - continued
30th June 2020

The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the director and authorised for issue on 19th November 2020 and were signed by:

Mrs R L Banks - Director

The notes form part of these financial statements

**Notes to the Financial Statements
for the year ended 30th June 2020**

1. STATUTORY INFORMATION

Waresley Farms Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements have been prepared in accordance with applicable accounting standards including Section 1A of Financial Reporting Standard 102 The Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006. The financial statements have been prepared on a going concern basis under the historical cost convention, modified to include certain items at fair value.

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented unless otherwise stated.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Intangible fixed assets

Basic Payment Scheme entitlements are initially recognised at cost and are amortised on a straight line basis over their expected useful life. At the reporting date, the expected useful life is 5 years, reflecting the 8 year period of benefit to be received via the Basic Payment Scheme. The Basic Payment Scheme commenced in 2015 and the cessation year expected to be 2021.

Tangible fixed assets

Tangible fixed assets are stated at cost (or deemed cost) or valuation less accumulated depreciation and accumulated impairment losses. Cost includes costs directly attributable to making the asset capable of operating as intended.

Depreciation

Depreciation of fixed assets is charged by annual instalments commencing with the year of acquisition at rates estimated to write off their cost less any residual value over the expected useful lives.

The annual rates used are as follows:

Freehold land	Nil
Freehold property	5% on reducing balance and 10% on cost
Plant & machinery	10% - 25% on cost and reducing balance

Stocks

Stocks, including biological assets, are stated at the lower of cost and net realisable value. Cost is determined using the first-in, first-out (FIFO) method and represents costs incurred to date to bring growing crops and finished produce to its current state. Net realisable value is estimated selling price in the ordinary course of business, less applicable variable selling expenses.

Current & deferred tax

Current tax represents the amount of tax payable or receivable in respect of the taxable profit (or loss) for the current and past reporting periods. It is measured at the amount expected to be paid or recovered using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax represents the future tax consequences of transactions and events recognised in the financial statements of current and previous periods. It is recognised in respect of all timing differences, with certain exceptions. Timing differences are differences between taxable profits and total comprehensive income as stated in the financial statements that arise from the inclusion of income and expense in tax assessments in periods different from those in which they are recognised in the financial statements. Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities and other future taxable profits.

Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date that are expected to apply to the reversal of timing differences. Deferred tax on revalued non-depreciable tangible fixed assets and investment properties is measured using the rates and allowances that apply to the sale of the asset.

Notes to the Financial Statements - continued
for the year ended 30th June 2020

2. ACCOUNTING POLICIES - continued

Hire purchase agreements

Tangible fixed assets acquired under hire purchase agreements are capitalised at the estimated fair value at the date of inception of each contract. The finance charges are allocated over the period of the contract in accordance with the effective interest rate method.

Debtors and creditors receivable/ payable within one year

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the profit and loss account in other administrative expenses.

Loans and borrowings

Loans and borrowings are initially recognised at the transaction price including transaction costs. Subsequently, they are measured at amortised cost using the effective interest rate method, less impairment. If an arrangement constitutes a finance transaction it is measured at present value.

Impairment

Assets not measured at fair value are reviewed for any indication that the asset may be impaired at each balance sheet date. If such indication exists, the recoverable amount of the asset, or the asset's cash generating unit, is estimated and compared to the carrying amount. Where the carrying amount exceeds its recoverable amount, an impairment loss is recognised in profit or loss unless the asset is carried at a revalued amount where the impairment loss is a revaluation decrease.

Provisions

Provisions are recognised when the company has an obligation at the balance sheet date as a result of a past event, it is probable that an outflow of economic benefits will be required in settlement and the amount can be reliably estimated.

Operating lease agreements

Rentals applicable to operating leases where substantially all of the benefits and risk of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 7 (2019 - 6) .

4. INTANGIBLE FIXED ASSETS
