NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2015

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax.

Included in turnover is an amount of £127,587 (2014: £159,471) relating to rental income and service charges from the investment properties. This now forms a substantial part of the company's income and is better reflected as part of trading income.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off the cost less estimated residual value of each asset over its estimated useful life.

Plant and machinery
Office equipment
- 15% on reducing balance
- 15% on reducing balance
- 25% on reducing balance

Investment property

Investment property is shown at most recent valuation. Any aggregate surplus or deficit arising from changes in market value is transferred to a revaluation reserve.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.

Pension costs

The company operates a non-contributory pension scheme covering some of its permanent employees. The scheme funds are administered by trustees and are independent of the company's finances. The company's contributions to the scheme are charged in the profit and loss account as they accrue.

Going concern

The company meets its day to day working capital requirements through an overdraft facility and also has commercial loans. The directors are not aware of any reason why the overdraft facility might be withdrawn or not renewed, or that the loans will be withdrawn before the end of their term. As a result, the directors have adopted the going concern basis of accounting.
