Notes to the Abbreviated Accounts for the period ended 31 December 2014

1 Accounting Policies

Basis of measurement and preparation of accounts

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

Turnover represents revenue recognised in the accounts. Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business. Revenue is mainly generated from the provision of cleaning services. The company recognises revenue at the point of sale.

Tangible assets depreciation policy

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Fixtures, fittings and equipment - 15% Reducing balance basis

Other accounting policies

The pension costs charged in the financial statements represents the contribution payable by the company during the year.

These accounts have been prepared on a going concern basis on the grounds that the director expects the company to continue trading for the next twelve months. The director is taking measures to improve the profitability of the company to ensure that all debts and liabilities are paid as and when they fall due.
