Notes to the Abbreviated Accounts for the period ended 31 January 2013**1 Accounting Policies****Basis of measurement and preparation of accounts**

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

Turnover represents amounts receivable for goods and services net of VAT and trade discounts.

Tangible assets depreciation policy

Land and buildings Leasehold - No depreciation is provided

Fixtures, fittings and equipment - 25% per annum on written down value

Other accounting policies

Foreign currency translation:

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss account.

Investment properties:

In accordance with Statement Accounting Practice No. 19, certain of the company's properties are held for long-term investment and are included in the Balance Sheet at their cost/open market values. The surpluses or deficits on revaluation of such properties are transferred to the investment property revaluation reserve. Leasehold investment properties are not amortised where the unexpired term is over twenty years.

The policy represents a departure from statutory accounting principles, which require depreciation to be provided on all fixed assets. The directors consider that this policy is necessary in order that the financial statements may give a true and fair view because current values and changes in current values are of prime importance rather than the calculation of systematic annual depreciation. Depreciation is only one of many factors reflected in the valuation and the amount which might otherwise have been shown cannot be separately identified or quantified.

Operating leases:

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged to profit and loss account as incurred.
