P S de la Pena - Director

Notes to the Abbreviated Accounts for the Year Ended 31st March 2014

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents sales of goods and services, excluding value added tax. Turnover from maintenance contracts is spread over the life of the maintenance contract.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Short leasehold

- over the period of the lease

Plant and machinery

- 10 - 50% on cost - 10 - 20 % on cost

Fixtures and fittings Motor vehicles

- 25% on cost

Cost is defined as purchase cost less any residual value.

Depreciation is charged from the month of acquisition at the above rates.

The net book values of the assets are regularly reviewed by the directors and further adjustments to carrying values are made where considered necessary.

Stocks

Stock and work in progress are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items. Cost is defined as the most recent purchase cost of components of raw materials including transport and handling costs. Net realisable value is based on estimated selling price less further costs expected to be incurred prior to disposal.

Deferred tax

Deferred tax is recognised in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed at the balance sheet date. Full provision is made without discounting for all deferred tax liabilities. Deferred tax assets are recognised to the extent that it is more likely than not that they will be recovered against taxable profits.

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to the profit and loss account over the relevant period. The capital element of the future payments is treated as a liability.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.

Notes to the Abbreviated Accounts - continued for the Year Ended 31st March 2014

1. ACCOUNTING POLICIES - continued

Research and development

Research and development expenditure is written off in the year in which it is incurred, unless the following can be demonstrated:-

- there is an expectation of commercial success as a result of the development work;
- future benefits are anticipated to arise from the development;
- the project is clearly defined, and the expenditure is separately identifiable.

Where these criteria are met, the expenditure is capitalised and released to the profit and loss account over the period of benefit.
