NOTES TO THE ABBREVIATED ACCOUNTS

FOR THE YEAR ENDED 31 DECEMBER 2014

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

1.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

1.3 Turnover

Turnover represents amounts receivable for services provided net of VAT and trade discounts.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Computer equipment	33% reducing balance per annum
Fixtures, fittings & equipment	33% reducing balance per annum

1.5 Revenue recognition

Services provided to clients during the year, which at the balance sheet date have not been billed to clients, have been recognised as turnover in accordance with Financial Reporting Standard 5 "Reporting the substance of transactions" and UITF 40 "Revenue Recognition and Service Contracts". Turnover recognised in this manner is based on an assessment of the fair value of services provided by the balance sheet date for which there would be a 'right to consideration'. Unbilled revenue is included in debtors.

1.6 Pensions

The company operates a defined contribution scheme for the benefit of its employees. Contributions payable are charged to the profit and loss account in the year they are payable.

1.7 Deferred taxation

Deferred taxation is provided at appropriate rates on all timing differences using the liability method only to the extent that, in the opinion of the director, there is a reasonable probability that a liability or asset will crystallise in the foreseeable future.

1.8 Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss account.
