MERKUR CASINO UK LIMITED

GROUP STRATEGIC REPORT *FOR THE YEAR ENDED 31 DECEMBER 2021*

Introduction

The directors present their strategic report for Merkur Casino UK Limited ("the Company") and its subsidiaries (together referred to as "the Group") for the year ended 31 December 2021.

Business review

The Group's principal activities are the provision of leisure services and entertainment facilities.

In the normal course of business, the Group closed eight unprofitable Adult Gaming Centres ("AGC's) along with ceasing its tanning business. It is expected that the site closures will have a positive impact on the profitability of the Group as a whole, as only loss-making sites are considered for closure. The Group opened thirty-six new AGC's in 2021 (2020: twenty-one), increasing the market positioning of the business.

During the Coronavirus pandemic, the venues operated by the Group were mandated to close under National and Local lockdowns. This has had a material impact on the business during both 2020 and 2021.

The directors are not aware, at the date of this report, of any likely major changes in the Group's principal activities in the forthcoming year.

Principal risks and uncertainties

Management continually monitors the key risks (as disclosed in the directors' report) facing the Group together with assessing the controls used for managing these risks. The board of directors formally reviews and documents the principal risks facing the business at least annually.

Covid-19

Further to the global outbreak of Coronavirus disease (COVID-19) in 2020, the directors of the Group continue to assess the situation within the UK and the potential risk to the operation of the business on a daily basis. Up to 17 May 2021, all Adult Gaming Centres (AGCs) and Bingo venues in the UK were unable to trade due to Government lockdown regulations. All venues have been able to trade normally from that date up to and including the balance sheet date.

Ahead of reopening on 17 May 2021, the directors took all necessary measures advised by the NHS, WHO and the UK Government, both within the venues and at head office. This included social distancing; promoting hygiene standards and providing facilities to enable this; appropriate use of PPE; and advising any employees who are showing symptoms of the virus to remain at home.

The Group has accessed all financial support available to it during the pandemic and also has full financial support from the UK Group's parent company – Merkur Casino GmbH. As such, the directors do not foresee any impact on the going concern of the Group as a result of the Coronavirus pandemic.

Regulation

The changing environment within the gambling and leisure industry, which has arisen as a result of government legislation, represents a key risk to the future profitability of the Group. It is the belief of the directors that appropriate strategies have been put in place, and are being further developed, to ensure the Group is able to take advantage of favourable circumstances which may arise in the sector, or alternatively to minimise the effect of any adverse developments which could affect Group profitability.

Further information on the Group's risks and strategies are disclosed in the Directors' report.

MERKUR CASINO UK LIMITED

GROUP STRATEGIC REPORT FOR THE YEAR ENDED 31 DECEMBER 2021 (continued)

Financial key performance indicators

Management use a range of financial performance measures to monitor and manage the business, which are set out below.

Revenue for the year increased by 30.6% for continuing operations, to £96.7m (2020: 44.5% reduction to £74.0m).

The results from operating activities before taxation continued to be impacted by Covid-19, this improved by £12.3m to show an operating loss of £15.5m for the year (2020: loss of £27.8m).

The continued operating loss is wholly attributable to the impact of the Coronavirus pandemic in the UK. All the Group's venues remained closed until 17 May 2021 due to lockdown restrictions that were in place.

Creditor days for the Group were 35 for the year (2020: 27 days).

Financial position at the reporting date

The consolidated Statement of Financial Position shows that the Group's net assets at the year-end have decreased to £6.2m from £20.1m. This is due to the trading losses incurred as a direct result of the Coronavirus pandemic.

Development and financial performance during the year

In 2021, the Group directors continued to focus on improving the profitability of the Adult Gaming Centre ('AGC') and Bingo Club estate, despite the uncertainty from the pandemic, which continued into the start of the current financial year. A tremendous effort was applied to managing the period of closure and the negative impact arising from the measures implemented by the UK Government to handle the crisis.

During the year, the Group's directors put plans in place to close operations where a profit could not be achieved. As a result, eight AGC sites (2020: nine AGC sites and 2 Bingo Clubs) were closed with the relevant closed store provision being recognised in these financial statements. Further details of the closed site provisions are shown in note 26.

During 2020, the Group commenced a new project ('Merkur Slots') aimed at increasing the presence of the Merkur brand on the High Street. This has had a positive impact on market share and has established a solid growth trajectory across the business. During 2021, a total of thirty-six Merkur Slots venues were opened at an investment cost of £19m (2020: twenty-one sites, at a cost of £5m). In 2022, and beyond, the directors intend to continue with the expansion of the business on the UK High Street.

Alongside the expansion in the number of venues in 2021, the directors of the Group also initiated a project to rebrand the existing estate in line with the new branding agreed in early 2021. This brand change brings the Group, and its venues, in line with the Gauselmann groups' overall branding strategy and utilises the internationally recognised Merkur sun logo. When complete, all UK high street AGC's and Bingo venues owned by the Group will have the Merkur Slots branding. This project will continue into 2022.

Machine mix and content are under continuous review, with the latest, state-of-the-art machines being used in the business. The directors are confident that keeping up to date with the latest machines and content will keep the Group competitive in the market in the future. During 2021, the ratio of owned machines to rented machines has increased further due to the introduction of the super-deduction tax regime brought in by the UK Government in April 2021.

The directors of the Group expect that the regulatory regime surrounding customer welfare, pertaining to gambling machines, will strengthen but are confident that the Group's subsidiaries will implement any additional social responsibility measures required.

At the end of the year, the number of operating venues in subsidiary undertakings stood at 200, which included 3 Bingo Clubs (2020: 171 which included 3 Bingo Clubs).

MERKUR CASINO UK LIMITED

GROUP STRATEGIC REPORT FOR THE YEAR ENDED 31 DECEMBER 2021 (continued)

Statement by the Directors in performance of their Statutory duties in accordance with s172(1) of the Companies Act 2006

The Directors, in accordance with s172 of the UK Companies Acts 2006, must comply with the duties outlined in summary as follows:

A Director of a company must act in a way they consider, in good faith, would be most likely to promote the success of the company for the benefit of its members as a whole, and in doing so have regard (amongst other matters) to:

- a) the likely consequences of any decision in the long term,
- b) the interests of the company's employees,
- c) the need to foster the company's business relationships with suppliers, customers and others,
- d) the impact of the company's operations on the community and the environment,
- e) the desirability of the company maintaining a reputation for high standards of business conduct, and
- f) the need to act fairly as between members of the company.

In discharging their duties, the directors have regard to such factors and take them into consideration when decisions are made. It is acknowledged that not every decision made will necessarily result in a positive outcome for all stakeholders. However, by considering the Group's purpose, objectives and values together with its strategic priorities and having a process in place for decision-making, the Directors aim to ensure that their decisions are consistent and fair.

In the normal course of business, authority for day-to-day management of the Group's operations is delegated to executives with management engaged in settling, approving and overseeing execution of the business strategy and related policies. We review matters relating to financial and operational performance, business strategy, key risks, stakeholder related matters, diversity and inclusion, health and safety and legal, governance and regulatory matters. This is done through the consideration and discussion of reports which are sent in advance of each Board meeting and through presentations to the Board.

The Group's key stakeholders are its customers, employees, suppliers, the local communities in which it operates and regulators. The views of and the impact of the Group's activities on those stakeholders are an important consideration for the Directors when making decisions. While there are cases where the Board itself judges that it should engage directly with certain stakeholder groups or on certain issues, the size and the spread of both our stakeholders and operations means that generally our stakeholder engagement takes place at an operational level. We find that as well as being a more efficient and effective approach, this also helps us achieve a greater positive impact than by working alone as an individual company.

Customers

Key aspects of the engagement with our customers are the customer experience, player protection and, most recently, Covid-19 safety. The Group is continually investing in the customer experience from new and relevant gaming machines to refreshed and improved gaming environments.

2020 saw the introduction of the 'Merkur Slots' venues which is expanding the Merkur brand and providing new gaming opportunities to customers often in areas where the Group has not previously had a presence. This project for expansion has continued in 2021 adding a further thirty-six Merkur Slots venues to the twenty-one opened in 2020.

The Directors continue to seek improved standards with respect to player protection and safer gambling. Examples of this are noted in the Directors' Report.

Covid-19 has had a significant impact on the Group during the year. Ensuring that Group's venues remain compliant with related Government guidelines has been a key focus for the Directors and was essential in ensuring a safe environment in which our customers could enjoy their experience.

MERKUR CASINO UK LIMITED

GROUP STRATEGIC REPORT FOR THE YEAR ENDED 31 DECEMBER 2021 (continued)

Statement by the Directors in performance of their Statutory duties in accordance with s172(1) of the Companies Act 2006 (continued)

Employee engagement

The Directors are fully committed to ensuring engagement with employees across all regions of the business is sought and factored into their decision-making process. The measures in place to engage with the Group's employees are described in full in the Directors' Report. Through this engagement the Directors are able to gather opinions and ideas from the wider employee population, identify any gaps in communication or areas of concern and consider these in their decision-making process.

During the Covid-19 pandemic and as a result of Government requirements, we closed all venues at various points during the year which impacted employees directly. Regular communications with employees ensured that we remained in contact with them, kept them aware of the situation with respect to re-opening and Government advice and initiatives as well as ensured that the wellbeing of employees was tracked and assessed.

Ensuring that the Group's office and venues remain compliant with related Government guidelines was essential in ensuring a safe environment in which our employees could return to work in following closures.

Suppliers

At a Group level, we have a dedicated procurement function which engages with our suppliers with the aim of optimising the working relationships between the parties.

The strong relationships built with suppliers has been maintained and built on throughout the Covid-19 pandemic as we worked with our suppliers to address the challenges faced by us and them during this time.

Local communities

Community links remain important, and the Directors continue to actively encourage participation in the Group's corporate social responsibility agenda. The Group supports a range of local charities as well as four major charities, namely Great Ormond Street Hospital, Days of Sunshine, Teenage Cancer Trust and The Royal Marsden Cancer charity.

During periods when the Group was unable to trade many staff were placed on 'furlough'. Many of these employees participated in local volunteering initiatives to support their local communities during their time on furlough.

Regulators

Throughout 2021, we continued to build relationships and maintain an open dialogue with regulators and local authorities. This has included:

- embedded measures within our venues to support the National strategy to Reduce Gambling Harms,
- working with stakeholders, customers and regulators to help public understanding of the gaming offers it provides,
- participating in trade bodies' representations to political and regulatory bodies to ensure that such stakeholders clearly understand the positive contribution that its business provides to the economy.

Environment

The Group is focussed on ensuring that it reduces its impact on the environment. This has seen the use of the period of mandated venue closures to review the maintenance requirements and, where possible, accelerate the replacement of older less efficient or less environmentally friendly equipment with more efficient and environmentally friendly equipment. Further details of this may be seen in the Energy and Carbon Reporting section of the Directors' Report.

This report was approved by the board on 11 March 2022 and signed on its behalf.

MERKUR CASINO UK LIMITED

GROUP DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2021

The directors present their report and the consolidated financial statements of Merkur Casino UK Limited for the year ended 31 December 2021.

Directors' responsibilities statement

The directors are responsible for preparing the Group strategic report, the Group Directors' report and the consolidated financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under Company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and the Group and of the profit or loss of the Group for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies for the Group's financial statements and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Group's transactions and disclose with reasonable accuracy at any time the financial position of the Company and the Group and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and the Group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Results and dividends

The loss for the year, after taxation, amounted to £12.6m (2020: £22.1m).

The directors do not recommend the payment of a dividend (2020: £nil).

Directors

The directors who served during the year and to the date of this report were:

B Lungen
S Bruns
M Sellenriek
M S Schertle (appointed 21 September 2021)

Charitable and Political contributions

The Group made charitable donations in the year of £500 (2020: £0.1m).

During the year the Group made no political donations (2020: £nil).

Going concern

The directors have a reasonable expectation that the Group and Company have adequate resources to continue in operational existence for the foreseeable future, therefore they continue to adopt the going concern basis for accounting in preparing the annual financial statements. Additional financial support is also available from the group's parent company if required.

For further information regarding the directors' assessment of the going concern status of the Group and Company, refer to the accounting policies note 1.4 in the financial statements.

MERKUR CASINO UK LIMITED

GROUP DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2021 (continued)

Business risk

Regulatory risk

The current political and social environment continues to perceive the gambling industry in a concerned light and there is a risk that such negative publicity may lead to adverse changes in regulation and legislation. The Company and Group work hard to ensure that it actively provides and promotes an environment in which customers play safely.

The board challenge management and staff to continually raise standards of operation, safer gambling, and player protection initiatives. An example of this is the G4 audit, for which the Group was awarded accreditation in August 2020. The actions taken from this audit have focussed the business to further improve the staff training on Customer Interaction and Gambling Harm, develop machine training to enable staff to advise customers on the types of machine games, how they play and to provide them with an informed choice and to increase resource within our Learning and Development team to support the delivery of the face-to-face and online training to employees.

We have developed a six-week classroom and in venue induction programme for all new employees, this involves enhanced Customer Interaction training including role play scenarios.

We have engaged with YGAM and Betknowmore to develop City & Guilds accredited training that focuses on identifiers of harm.

Measures embedded within our venues to support the National strategy to Reduce Gambling Harms include:

- Safer Gambling campaigns both internal and participation in Safer Gambling Week
- Point of sale safer gambling machine messaging on B3 and Cat C
- Playright gambling management tool
- Customer Interactions and self-exclusion scheme
- Think 25 Policy
- Age Verification Tests

The Group also works with stakeholders, customers and regulators to help public understanding of the gaming offers it provides, participating in trade bodies' representations to political and regulatory bodies to ensure that such stakeholders clearly understand the positive contribution that its business provides to the economy.

All staff undertake relevant training for their roles to ensure that a good understanding of the objectives of compliance and the obligations of their role are maintained.

Financial risk

Liquidity

The Group manages its cash and borrowing requirements centrally to maximise interest income and minimise interest expense, whilst ensuring that the Group has sufficient liquid resources to meet the operating needs of its business.

Interest rate

The Group is exposed to interest rate risk on floating rate deposits, bank overdrafts and loans.

On 1 January 2021 the FCA's Interest Rate Benchmark Reform – Phase II came into effect. The Group does not have any IBOR-based funding, nor any fixed-rate funding that is hedged using IBOR based derivatives. Furthermore, the Group does not use IBOR in constructing any discount rates used in the calculation of provisions or impairment calculations. It is therefore unaffected by this amendment.

Foreign currency

The Group's principal foreign currency exposures arise from transactions with its German parent, related party companies and overseas suppliers. The Group believes the materiality of these transactions do not warrant hedging of foreign currency risks.

Credit

The principal activities of the Group mean that cash is generated on a regular and even basis during the period and there is no assumption of credit risk.

MERKUR CASINO UK LIMITED

GROUP DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2021 (continued)

Future Developments

In 2022 the directors will continue to focus on improving the profitability of the AGC estate and put in place plans to close operations where a profit cannot be achieved. The directors are also looking at opportunities to increase the number of AGC venues over the next five years through new lease acquisitions and development of these sites. Potential sites will continue to be reviewed during 2022, with investment being made in suitable sites as leases are agreed.

The directors are also planning to remodel the two largest Bingo Clubs to improve customer experience at the venues and to bring the venues in line with the overall expected standard of the brand.

Events after the end of the reporting period

Since the year end, the Group has drawn up plans to reduce the number of dormant companies in the group. It is expected that some of this work will be carried out throughout 2022. There have been no other significant events affecting the Group since the year end.

Employee consultation

The Group routinely provides information to its employees through a variety of mediums, ensuring that information is disseminated regarding financial performance and/or matters affecting the business as a whole. This is achieved through 1:1, departmental and regional meetings, regular business bulletins and weekly or monthly employee newsletters. Performance targets and indicators are published each week to inform employees of financial performance to budget both weekly and cumulatively; and staff participate in incentive and bonus schemes to achieve financial targets throughout the year.

All employees are actively informed and encouraged to participate in activities relating to the organisation's corporate social responsibility agenda which has previously included support of the gaming industry's charity CHIPs (Children's Happiness Involves People) to which the Group has contributed over £1m in past years by way of local and national fundraising activities and charitable donations. From 2019, the Group supported the BACTA charitable trust, which allowed the Group to support more local charities, as well as four major charities including Great Ormond Street Hospital, Days of Sunshine, Teenage Cancer Trust and The Royal Marsden Cancer charity.

Employment of disabled persons

The Group's policy is to give full and fair consideration to applications for employment made by disabled persons, having regard to their particular aptitudes and abilities. Disabled employees receive appropriate training to promote their career development within the Group. Employees who become disabled are retained in their existing posts where possible or retrained for suitable alternative posts.

Director's indemnity

The Company's Articles of Association provide, subject to UK legislation, an indemnity for directors and officers of the Group in respect of liabilities they may incur in the discharge of their duties or in the exercise of their powers, including any liabilities relating to the defence of any proceedings brought against them which relate to anything done or omitted or alleged to have been done or omitted, by them as officers of the Group.

Appropriate directors' and officers' liability insurance cover is in place in respect of all the Group's directors.

MERKUR CASINO UK LIMITED

GROUP DIRECTORS' REPORT
FOR THE YEAR ENDED 31 DECEMBER 2021 (continued)

Energy and carbon reporting

The Companies Act 2006 (Strategic Report and Directors' Report) 2018 Regulations impose requirements on large unquoted companies to include an 'Energy and Carbon Report' within the Directors' Report for each financial year, which includes their energy and carbon information. At the reporting date, only Merkur Slots UK Limited is within the scope of the legislation and required to report.

The following figures show the consumption and associated emissions for this reporting year for our operations, with figures from the previous reporting period included for comparison.

Scope 1 consumption and emissions relate to direct combustion of natural gas, and fuels utilised for transportation operations, such as company vehicle fleets.

Scope 2 consumption and emissions relate to indirect emissions relating to the consumption of purchased electricity in day-to-day business operations.

Scope 3 consumption and emissions relate to emissions resulting from sources not directly owned by the reporting company. For Merkur Slots UK Limited, this is related to grey fleet (business travel undertaken in employee-owned vehicles) only.

The total consumption (kWh) figures and total emission (tCo2e) figures for energy supplies reportable by Merkur Slots UK Ltd are as follows:

Utility and Scope	Consumption (kWh)		Total emissions (tCo2e)	
	2021	2020	2021	2020
Grid-Supplied Electricity (scope 2)	12,340,310	11,209,417	2,620.22	2,613.36
Gaseous and other fuels (scope 1)	535,183	682,829	98.02	126.82
Transportation (scope 1 and 3)	1,308,424	1,435,136	308.62	343.62
Total	14,183,917	13,327,382	3,026.86	3,083.8

Scope 1 and 2 consumption and Co2e emission data has been calculated in line with the 2019 UK Government environmental reporting guidance. The Emission Factor Database (2021 version 1.0), consistent with the 2019 UK Government environmental reporting guidance has been used, utilising the current published kWh gross calorific value (CV) and kgCo2e emissions factors relevant for reporting year 01/01/2021 – 31/12/2021.

Emissions Intensity

An intensity metric of tCo2e per £m revenue has been applied for our total emissions, as it is required to express the greenhouse gas ("GHG") emissions using a carbon intensity metric. Merkur Slots UK Limited's revenue for 2021 was £85.67m (2020: £63.49m), giving an intensity of 35.33 tCo2e per £m revenue (2020: 48.57 tCo2e per £m revenue).

Energy Efficient Measures

The Group is committed to year-on-year improvements in operational energy efficiency and has identified and compiled a register of energy efficiency measures available, with a view to implementing these measures in the next 5 years.

Measures already taken include, but are not limited to

- the replacement of lighting with LEDs;
- installation of passive infra-red (PIR) sensors in all staff areas of venues;
- operational focus on the proper operation of air-conditioning and lighting systems; and
- installation of energy efficient heat pumps.

During 2022, further measures to reduce energy consumption are planned, including the replacement of Company vehicles with hybrid and electric vehicles and the continued rollout of smart meters across all venues.

MERKUR CASINO UK LIMITED

GROUP DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2021 (continued)

Audit exemption for subsidiaries

For the year ended 31 December 2021, the subsidiaries shown below, which are included within these consolidated financial statements, are entitled to the exemption from audit by virtue of section 479A Companies Act 2006. In accordance with section 479A of the Companies Act 2006, the members of the companies have unanimously agreed that they do not require an audit, and the carrying value of liabilities at the Statement of Financial Position date have been guaranteed by Merkur Casino UK Limited under section 479C of the Act.

Cashino Gaming (E&J) Limited
United Leisure Limited
Mayfair Acquisitionco Limited
Thomas Holdings Limited
Classic Leisure (Northern) Limited
Dolphin Gaming Limited
Merkur Technical Support Limited (formerly Praesepe Limited)
William Clark (Holdings) Limited
Baleday Ltd
William Clark Limited
Mirage Centres Limited

Disclosure of information to auditor

Each of the persons who are directors at the time when this directors' Report is approved has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the Company and the Group's auditor is unaware, and
- the director has taken all the steps that ought to have been taken as a director in order to make themselves aware of any relevant audit information and to establish that the Company and the Group's auditor is aware of that information.

Matters covered in the Strategic report

As permitted by Paragraph 1A of Schedule 7 to the Large and Medium-sized Companies and Groups (Accounts and reports) Regulations 2008 certain matters which are required to be disclosed in the directors' report have been omitted as they are included in the strategic report on pages 1 and 2. These matters relate to principal risks and uncertainties and key performance indicators.

Auditor

Under section 487(2) of the Companies Act 2006, Grant Thornton UK LLP will be deemed to have been reappointed as auditor 28 days after these financial statements were sent to members or 278 days after the latest date prescribed for filing the accounts with the registrar, whichever is earlier.

This report was approved by the board on 11 March 2022 and signed on its behalf.

B Lungen
Director

MERKUR CASINO UK LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF MERKUR CASINO UK LIMITED

Opinion

We have audited the financial statements of Merkur Casino UK Limited (the 'parent company') and its subsidiaries (the 'group') for the year ended 31 December 2021, which comprise the Consolidated Statement of Comprehensive Income, the Consolidated and Company Statement of Financial Position, the Consolidated and Company Statement of Changes in Equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the group's and of the parent company's affairs as at 31 December 2021 and of the group's loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial statements' section of our report. We are independent of the group and the parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We are responsible for concluding on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the group's and the parent company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the auditor's opinion. Our conclusions are based on the audit evidence obtained up to the date of our report. However, future events or conditions may cause the group or the parent company to cease to continue as a going concern.

In our evaluation of the directors' conclusions, we considered the inherent risks associated with the group's and the parent company's business model including effects arising from macro-economic uncertainties such as Brexit and Covid-19, we assessed and challenged the reasonableness of estimates made by the directors and the related disclosures and analysed how those risks might affect the group's and the parent company's financial resources or ability to continue operations over the going concern period.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the group's and the parent company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

The responsibilities of the directors with respect to going concern are described in the 'Responsibilities of directors for the financial statements' section of this report.

MERKUR CASINO UK LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF MERKUR CASINO UK LIMITED

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

Matter on which we are required to report under the Companies Act 2006

In the light of the knowledge and understanding of the group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors for the financial statements

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

MERKUR CASINO UK LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF MERKUR CASINO UK LIMITED

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. Owing to the inherent limitations of an audit, there is an unavoidable risk that material misstatements in the financial statements may not be detected, even though the audit is properly planned and performed in accordance with the ISAs (UK).

The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- We understood how the group and company is complying with those legal and regulatory frameworks by making enquiries of management, those responsible for legal and compliance procedures and the company secretary. We corroborated our enquiries through our review of board minutes.
- We assessed the susceptibility of the group's and company's Financial Statements to material misstatement, including how fraud might occur by meeting with management from relevant parts of the business to understand where management considered there was a susceptibility to fraud.
- Audit procedures performed by the engagement team included:
 - evaluation of the programmes and controls established to address the risks related to irregularities and fraud;
 - testing manual journal entries, in particular journal entries relating to management estimates and entries determined to be large or relating to unusual transactions; and
 - identifying and testing related party transactions.
- Assessment of the appropriateness of the collective competence and capabilities of the engagement team included consideration of the engagement team's:
 - understanding of, and practical experience with audit engagements of a similar nature and complexity through appropriate training and participation;
 - knowledge of the industry in which the client operates; and
 - understanding of the legal and regulatory requirements specific to the entity/regulator entity including:
 - the provisions of the applicable legislation;
 - the regulators rules and related guidance, including guidance issued by relevant authorities that interprets those rules; and
 - the applicable statutory provisions.
- We did not identify any matters relating to non-compliance with laws and regulation or relating to fraud.
- These audit procedures were designed to provide reasonable assurance that the financial statements were free from fraud or error. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error and detecting irregularities that result from fraud is inherently more difficult than detecting those that result from error, as fraud may involve collusion, deliberate concealment, forgery or intentional misrepresentations. Also, the further removed non-compliance with laws and regulations is from events and transactions reflected in the financial statements, the less likely we would become aware of it.

MERKUR CASINO UK LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF MERKUR CASINO UK LIMITED

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

MERKUR CASINO UK LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

1. Accounting policies

1.1 General information

Merkur Casino UK Limited is a limited company incorporated in England and Wales. The address of its registered office and principal place of business are disclosed in the company information.

The principal activity of the Group is the provision of leisure services and entertainment facilities.

These financial statements are presented in Sterling, which is also the functional currency of the Group, rounded to the nearest £'000.

1.2 Basis of preparation of financial statements

These financial statements have been prepared under the historical cost convention and in accordance with FRS 102, the 'Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland', and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Group's accounting policies.

The Group is a wholly owned subsidiary Gauselmann AG and is included in those consolidated financial statements which are publicly available. Consequently, the Group has taken advantage of the exemption from preparing a cash flow statement as permitted by FRS 102 paragraph 1.12 (b).

The following principal accounting policies have been applied:

1.3 Basis of consolidation

The consolidated financial statements present the results of Merkur Casino UK Limited and its own subsidiaries ("the Group") as they form a single entity. Intercompany transactions and balances between group companies are therefore eliminated in full.

The consolidated financial statements incorporate the results of business combinations using the purchase method. In the Statement of Financial Position, the acquiree's identifiable assets, liabilities and contingent liabilities are initially recognised at their fair values at the acquisition date. The results of acquired operations are included in the Consolidated Statement of Comprehensive Income from the date on which control is obtained. They are deconsolidated from the date control ceases.

1.4 Going concern

The directors have reviewed the Company's and the wider Group's budgets and forecasts for 12 months from the date of this report, its liquid resources and its medium-term plans. In considering the going concern status of the Company, sensitivity testing has been performed, which included a range of downside scenarios being applied to the latest forecast position.

To further strengthen the going concern position of the Company, the directors have received a letter of support from Merkur Casino GmbH, an intermediate parent company, confirming ongoing financial support for at least 12 months from the approval of these financial statements. The directors are satisfied that Merkur Casino GmbH is able to provide this support.

On the basis of the above and notwithstanding the fact that the Group has net current liabilities, the directors have prepared the financial statements on the going concern basis.

MERKUR CASINO UK LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

1. Accounting policies (continued)

1.5 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts and value added tax (where appropriate). The following criteria must also be met before revenue is recognised:

Sale of goods

Revenue from the sale of goods is recognised when all of the following conditions are satisfied:

- the Group has transferred the significant risks and rewards of ownership to the buyer;
- the Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the Group will receive the consideration due under the transaction;
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Machine income

Turnover primarily represents receipts from gaming machines, excluding value added tax (where appropriate). Machine revenue represents machine cash receipts, net of machine pay-outs.

1.6 Intangible assets

Goodwill

Goodwill represents the difference between amounts paid on the cost of a business combination and the fair value of its identifiable assets and liabilities at the date of acquisition. Goodwill is amortised on a straight-line basis to the Consolidated Statement of Comprehensive Income over its useful economic life. The estimated useful life of goodwill is 15 years.

Other intangible assets

Intangible assets are initially recognised at cost. After recognition, under the cost model, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

All intangible assets are considered to have a finite useful life. If a reliable estimate of the useful life cannot be made, the useful life shall not exceed ten years.

Amortisation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method. The estimated useful lives range as follows:

Licences	- 10 years
Lease premiums	- Period of lease
Software	- 3 to 5 years
Brands	- 10 years

MERKUR CASINO UK LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

1. Accounting policies (continued)

1.7 Tangible fixed assets

Tangible fixed assets are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

The Group adds to the carrying amount of an item of fixed assets the cost of replacing part of such an item when that cost is incurred, if the replacement part is expected to provide incremental future benefits to the Group. The carrying amount of the replaced part is derecognised. Repairs and maintenance costs are charged to the Consolidated Statement of Comprehensive Income during the period in which they are incurred.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method. The estimated useful lives range as follows:

Freehold property	- 15 to 50 years
Short leasehold buildings	- Period of lease
Motor vehicles	- 4 years
Fixtures & fittings	- 3 to 10 years
Land is not depreciated.	

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, or if there is an indication of a significant change since the last Statement of Financial Position date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised within 'other operating income' in the Consolidated Statement of Comprehensive Income.

1.8 Leasing and hire purchase

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the Group. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the Statement of Comprehensive Income so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

Assets held under finance leases and other similar contracts, which confer rights and obligations similar to those attached to owned assets, are capitalised as tangible fixed assets and are depreciated over the shorter of the lease term and the useful lives. The capital elements of future lease obligations are recorded as liabilities, while the interest elements are charged to the statement of comprehensive income over the period of the leases to produce a constant rate of charge on the balance of capital repayments outstanding.

Rentals under operating leases are charged on a straight-line basis over the lease term, even if the payments are not made on such a basis. Benefits received and receivable as an incentive to sign an operating lease are similarly spread on a straight-line basis over the lease term, except where the period to the review date on which the rent is first expected to be adjusted to the prevailing market rate is shorter than the full lease term, in which case the shorter period is used.

MERKUR CASINO UK LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

1. Accounting policies (continued)

1.9 The Group as Lessor

Rental income from operating leases is credited to Other operating income in the Statement of Comprehensive Income on a straight-line basis over the term of the relevant lease.

Amounts paid and payable as an incentive to sign an operating lease are recognised as a reduction to income over the lease term on a straight-line basis unless another systematic basis is representative of the time pattern over which the lessor's benefit from the leased asset is diminished.

The Group has taken advantage of the optional exemption available on transition to FRS 102 which allows lease incentives on leases entered into before the date of transition to the standard on 1 January 2015, to continue to be charged over the period to the first market rent review rather than the term of the lease.

1.10 Impairment of fixed assets and goodwill

Assets that are subject to depreciation or amortisation are assessed at each reporting date to determine whether there is any indication that the assets are impaired. Where there is any indication that an asset may be impaired, the carrying value of the asset (or cash-generating unit ('CGU') to which the asset has been allocated) is tested for impairment. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's (or CGU's) fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (CGUs). Non-financial assets that have been previously impaired are reviewed at each Statement of Financial Position date to assess whether there is any indication that the impairment losses recognised in prior periods may no longer exist or may have decreased.

1.11 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment. Where there is an indication that an investment may be impaired, the carrying value of the investment is tested for impairment. An impairment loss is recognised for the amount by which the investment's carrying amount exceeds its estimated recoverable amount. The recoverable amount is the higher of an investment's fair value less costs to sell and value in use.

1.12 Stocks

Stocks are stated at the lower of cost and net realisable value, being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a first in, first out basis. Work in progress and finished goods include labour and attributable overheads.

At each Statement of Financial Position date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in the consolidated Statement of Comprehensive Income.

MERKUR CASINO UK LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

1. Accounting policies (continued)

1.13 Financial instruments

Financial assets and liabilities are recognised when the Group becomes party to the contractual provisions of the financial instrument. The Group holds basic financial instruments, which comprise cash and cash equivalents, trade and other receivables, trade and other payables and intercompany balances. The Group has chosen to apply the provisions of Section 11 Basic Financial Instruments and Section 12 Other Financial Instruments in full.

Financial assets – classified as basic financial instruments

Cash and cash equivalents

Cash and cash equivalents include cash in hand and deposits held with banks.

Trade and other receivables

Trade and other receivables are initially recognised at the transaction price, including any transaction costs, and subsequently measured at amortised cost using the effective interest method, less any provision for impairment. Amounts that are receivable within one year are measured at the undiscounted amount of the cash expected to be received, net of any impairment.

At the end of each reporting period, the Group assesses whether there is objective evidence that any receivable amount may be impaired. A provision for impairment is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of the receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of the estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognised immediately in the Statement of Comprehensive Income.

Trade and other payables, loans and borrowings – classified as basic financial instruments

Trade and other payables and loans and borrowings are initially measured at the transaction price, including any transaction costs, and subsequently measured at amortised cost using the effective interest method. Amounts that are payable within one year are measured at the undiscounted amount of the cash expected to be paid.

Loans with an interest rate higher or lower than the market rate of interest are measured at the present value at inception of the loan by discounting the loan cash flows over the term using the market rate of interest. The difference arising on the initial recognition of the loan is recognised in equity as a capital contribution.

MERKUR CASINO UK LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

1. Accounting policies (continued)

1.14 Foreign currency translation

Functional and presentation currency

The Group's functional currency is Sterling.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Consolidated Statement of Comprehensive Income except when deferred in other comprehensive income as qualifying cash flow hedges.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the Consolidated Statement of Comprehensive Income within 'finance income or costs'. All other foreign exchange gains and losses are presented in the Statement of Comprehensive Income within 'other operating income'.

1.15 Finance costs

Finance costs are charged to the Consolidated Statement of Comprehensive Income over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount.

1.16 Pensions

The Group operates two defined contribution plans for its employees. A defined contribution plan is a pension plan under which the Group pays fixed contributions into a separate entity. Once the contributions have been paid the Group has no further payments obligations.

The contributions are recognised as an expense in the Consolidated Statement of Comprehensive Income when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of Financial Position. The assets of the plan are held separately from the Group in independently administered funds.

1.17 Interest income

Interest income is recognised in the Consolidated Statement of Comprehensive Income using the effective interest method.

1.18 Interest expense

Interest expense is recognised in the Statement of Comprehensive Income, in the period in which it is incurred, using the effective interest method.

MERKUR CASINO UK LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

1. Accounting policies (continued)

1.19 Provisions

Provisions are made where an event has taken place that gives the Group a legal or constructive obligation that requires probable settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation. The provision is discounted using the risk-free rate of interest pertaining to the duration of the provision. Where a provision represents the present value of the obligation, it is not discounted.

Provisions are charged as an expense to the Consolidated Statement of Comprehensive Income in the year that the Group becomes aware of the obligation, and are measured at the best estimate at the Financial Position date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties. When payments are made, they are charged to the provision carried in the Statement of Financial Position.

1.20 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in the Consolidated Statement of Comprehensive Income, except that a change attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the Financial Position date in the countries where the Company and the Group operate and generate income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the reporting date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

1.21 Exceptional items

Exceptional items are transactions that fall within the ordinary activities of the Group but are presented separately due to their size or incidence.

1.22 Government grants

Government Grants are recognised using the accrual model, where there is reasonable assurance that the grant will be received. The Group measures Grants at the fair value of the asset received or receivable.

Grants that compensate the Group for expenses incurred are recognised in the Statement of Comprehensive Income, in other operating income, in the periods in which the expenses are recognised by the Group.

A grant that becomes receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs shall be recognised in other operating income in the period in which it becomes receivable.

MERKUR CASINO UK LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

2. Judgments in applying accounting policies and key sources of estimation uncertainty

The preparation of financial statements in conformity with FRS 102 requires the use of judgments, estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in the accounting policies, including intangible assets (1.6), tangible fixed assets (1.7), provisions (1.19) and deferred tax (1.20).

Intangible fixed assets and tangible fixed assets

The application of the accounting policies in these areas requires the use of accounting estimates and judgments in determining the recoverable amount of cash generating units to which the goodwill, intangible assets and tangible assets are associated. The recoverable amount is the higher of the fair value less costs of disposal and value in use. Estimates of fair value less cost of disposal are performed internally by experienced senior management supported by knowledge of similar transactions and advice from external experts where appropriate. Value in use is calculated using estimated cash flows projections from financial budgets, discounted by selecting an appropriate rate.

Provisions

In calculating onerous property lease provisions, estimates are made of the discounted cash flows associated with each property and its associated operations including sub-let income together with any estimate of dilapidation obligations.

In calculating the property dilapidations provision for leases in use in the business, management have estimated a cost per square metre on which to base the future dilapidations cost. The estimate is based on prior experience of dilapidation costs incurred.

Deferred taxation

Estimation of income taxes includes the assessment of recoverability of deferred tax assets. Deferred tax assets are only recognised to the extent that they are considered more likely than not to be recovered based on existing tax laws and forecasts of future taxable profits against which the underlying tax deductions can be utilised. The Group's expectations of future taxable profits requires management judgement and takes into account the Group's long-term financial and strategic plans and anticipated tax-adjusting items. In making this assessment, account is taken of the board-approved five year budget, the anticipated value and timing of contingent assets and the potential of other UK companies of the Gauselmann Group to utilise tax losses.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

3. Turnover

An analysis of turnover by class of business is as follows:

	2021 £000	2020 £000
Adult gaming centres	85,673	63,483
Bingo clubs	11,006	10,542
Other income	6	-
	<u>96,685</u>	<u>74,025</u>

All turnover arose within the United Kingdom.

4. Operating loss

The operating loss is stated after charging / (crediting):

	2021 £000	2020 £000
Depreciation of tangible fixed assets: owned	11,722	8,678
Depreciation of tangible fixed assets: finance lease	2,364	2,095
Impairment release	(103)	(266)
Amortisation of intangible assets, including goodwill	8,109	8,186
Impairment of Intangible assets	4,817	4,918
Plant and machinery operating lease rentals	11,485	9,113
Other operating lease rentals	13,117	11,705
Defined contribution pension cost	<u>758</u>	<u>723</u>

5. Auditor's remuneration

	2021 £000	2020 £000
Fees payable to the Group's auditor for the audit of the Group's and subsidiaries annual accounts	<u>146</u>	<u>135</u>
Fees payable to the Group's auditor in respect of:		
Tax and compliance	<u>15</u>	<u>15</u>

MERKUR CASINO UK LIMITED

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

6. Employees

Staff costs, including directors' remuneration, were as follows:

	2021 £000	2020 £000
Wages and salaries	32,679	31,778
Social security costs	2,828	2,531
Cost of defined contribution scheme (note 30)	758	723
	<u>36,265</u>	<u>35,032</u>

Amounts received under the Coronavirus Job Retention Scheme ('Furlough') are accounted for as Government Grants and are included within other operating income (note 10). Employees designated as 'furloughed workers' are eligible to have up to 80 per cent of their wage costs, up to a maximum of £2,500 per month, paid through a government contribution. The Group had no staff on the scheme after July 2021.

The total values of these Grants claimed by the Group in the period to 31 December 2021 were:

	2021 £000	2020 £000
Wages and salaries	6,919	8,764
Social security costs	-	315
Cost of defined contribution scheme	-	69
	<u>6,919</u>	<u>9,148</u>

The average monthly number of employees, including the directors, during the year was as follows:

	2021 Number	2020 Number
Operations	1,477	1,530
Management and administration	105	107
	<u>1,582</u>	<u>1,637</u>

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

7. Directors' remuneration

	2021 £000	2020 £000
Directors' emoluments	301	359
	<u>301</u>	<u>359</u>

During the year retirement benefits were accruing to one director (2020: nil) in respect of defined contribution pension schemes.

The highest paid director received remuneration of £242,000 (2020: £359,000).

The value of the Group's contributions paid to a defined contribution pension scheme in respect of the highest paid director amounted to £nil (2020: £nil).

M Sellenriek and S Bruns were not remunerated by the Group during the year (2020: £nil).

The directors of the Group are considered to be the key management personnel. Details of their remuneration can be seen above.

8. Interest receivable and similar income

	2021 £000	2020 £000
Interest on Historic VAT claim refunded in the year (note 11)	640	1,429
Bank interest	1	15
Release of interest discount	14	11
	<u>655</u>	<u>1,455</u>

9. Interest payable and expenses

	2021 £000	2020 £000
Loans from parent undertaking	1,994	1,714
Bank loan	219	31
Finance leases and hire purchase contracts	164	249
Unwinding of discount on provisions	179	72
Other interest payable	-	14
	<u>2,556</u>	<u>2,080</u>

Under FRS 102, where loans are obtained at interest rates lower than market rate, the loan must be measured on inception at the present value of future cash payments discounted at a market rate of interest of a similar financial liability.

A group loan with an interest rate of 1% per annum has been recognised at inception using the market rate of 4.22%. Consequently, additional interest of £760,000 has been charged to the Statement of Comprehensive Income (2020: £848,000). Further details are provided in note 23 to these financial statements.

MERKUR CASINO UK LIMITED

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

10. Other Operating Income

	Group 2021 £000	Group 2020 £000	Company 2021 £000	Company 2020 £000
Government grants receivable	11,541	10,377	-	-
Restatement of the carrying value of the parent company loan	1,099	1,626	-	-
Third party rents receivable	319	240	-	-
Recharges to other Gauselmann AG group companies	252	372	-	-
Other income	34	-	-	-
	13,245	12,615	-	-

Government Grants Receivable

Government grants receivable relate to income due as a result of the Coronavirus Job Retention Scheme of £6,919,000 (2020: £9,148,000), Local Restriction Support Grants and discretionary additional restriction grants of £2,421,000 (2020: £514,000), Retail Leisure and Hospitality grants of £nil (2020: £715,000) and Restart grants of £2,201,000 (2020: £nil). These were claimed during the periods of enforced venue closure to 17 May 2021. See note 32 for further details on Government Grants and Assistance.

Restatement of the carrying value of the parent company loan

A group loan with an interest rate of 1% per annum has been recognised at inception using the market rate of 4.22%. In November 2020, a loan of £11,000,000 was obtained under the Coronavirus Large Business Interruption Loan Scheme ("CLBILs"). Under the scheme no interest or loan repayments can be made regarding group loans until the CLBILs loan is repaid in 2 years from the inception date. Consequently, in 2020 it was necessary to re-measure the net present value of the group loan using the revised cash flows. A credit of £1,626,000 arose as a result of that re-measurement. At the end of 2021, the net present value of the loan was revised further due to a refinement of the expected cash flows relating to the repayment of the loan. As a result, a further credit of £1,099,000 was recognised in the statement of comprehensive income in the year.

11. Non-operating Income

	Group 2021 £000	Group 2020 £000	Company 2021 £000	Company 2020 £000
VAT refund	2,450	4,645	-	-
	2,450	4,645	-	-

VAT refund

During the year Merkur Slots UK Limited, a subsidiary of the Group, received a VAT refund of £3,090,000, inclusive of £640,000 statutory interest, for periods up to December 2005. £2,450,000 has been recognised in Other operating income and £640,000 has been recognised in interest receivable and similar income (see note 8).

In 2020, Merkur Bingo and Casino Entertainment UK Limited, a subsidiary of the group, received a VAT refund of £6,074,000, inclusive of £1,429,000 statutory interest, for periods up to December 2005. £4,645,000 has been recognised in Other operating income and £1,429,000 has been recognised in interest receivable and similar income (see note 8).

MERKUR CASINO UK LIMITED

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

12. Taxation

	2021 £000	2020 £000
Corporation tax		
Current tax on loss for the year	-	(535)
Adjustments in respect of previous periods	-	(294)
Total current tax	<u>-</u>	<u>(829)</u>
Deferred tax		
Origination and reversal of timing differences	(747)	(764)
Change in rate	(303)	(53)
Adjustments in respect of previous periods	(509)	-
Deferred tax asset recognised in the current year	<u>(847)</u>	<u>(44)</u>
Total deferred tax credit	<u>(2,406)</u>	<u>(861)</u>
Taxation on loss on ordinary activities	<u>(2,406)</u>	<u>(1,690)</u>

Factors affecting tax charge for the year

The tax assessed for the year is higher than (2020: higher than) the standard rate of corporation tax in the UK of 19.00% (2020: 19.00%). The differences are explained below:

	2021 £000	2020 £000
Loss on ordinary activities before tax	<u>(14,963)</u>	<u>(23,795)</u>
Loss on ordinary activities multiplied by standard rate of corporation tax in the UK of 19.00% (2020: 19.00%)	(2,843)	(4,521)
Effects of:		
Expenses not deductible for tax purposes	1,555	2,757
Non utilisation/(Utilisation) of tax losses	-	467
Deferred tax asset recognised in the current year	(847)	(44)
Adjustments to tax charge in respect of prior periods	(502)	(294)
Other timing differences leading to a decrease in taxation	<u>231</u>	<u>(55)</u>
Total tax credit for the year	<u>(2,406)</u>	<u>(1,690)</u>

Factors that may affect future tax charges

At the Statement of Financial Position date, the Group had unutilised tax losses of £23.9m (2020: £9.9m) in its subsidiaries available for offset against future taxable profits generated by the Group. £1.6m of these tax losses may only be utilised in the company where they have been generated, with the remainder available for utilisation within the Group. A deferred tax asset has been recognised in relation to all losses (2020: £5.5m).

Changes in tax legislation

Under the Finance Act 2021 the rate of Corporation Tax is set to increase from 19% to 25% from April 2023. The change to the Corporation Tax rate of 25% from April 2023 has been substantively enacted. Deferred tax has been measured using the tax rates applicable at the date any timing differences are expected to unwind.

MERKUR CASINO UK LIMITED

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

13. Exceptional items

	2021 £000	2020 £000
Onerous lease release	(222)	(27)
Closed unit release	(882)	(616)
Impairment of goodwill	2,296	4,918
Impairment of other intangible fixed assets	2,521	-
Proceeds from insurance claims	(328)	-
Loss on disposal of fixed assets	-	235
	<u>3,385</u>	<u>4,510</u>

Onerous lease adjustment

The Group recognises a provision for loss-making venues equal to the leasehold costs less the expected net trading income. A provision has been made for the net lease costs for 5 years on the basis that the loss-making sites will either be closed or become profitable within that timeframe.

The review of the provision at the balance sheet date resulted in a net credit to the Statement of Comprehensive Income.

Closed site adjustment

The closed site provision represents the leasehold costs of closed sites, net of rental income where the site could be sub-let, plus other associated costs of closure.

During the year, the Group was successful in negotiating a sublet of two venues, which were previously included in the closed store provision. The release from the closed store provision for these sites was in excess of the addition to the provision in year from new venue closures. This has resulted in a credit to the Statement of Comprehensive Income in the current year.

In 2020, fewer additions to the provision, combined with the Group's successful negotiation of early lease exits with respect to four venues, resulted in the credit to the Statement of Comprehensive Income.

Impairment of goodwill

During the year, Merkur Slots UK Limited, a subsidiary undertaking, received a VAT refund relating to VAT on Gaming Machines for the period 2003-2005. The refund was beneficially owned by previous owners of Merkur Slots UK Limited, and the payment of £2,296,000, which is net of corporation tax at 19%, was treated as deferred consideration, and recorded as an increase in goodwill in these consolidated financial statements. At 31 December 2021, the Group reviewed the carrying value of goodwill in Merkur Slots UK Limited, and, as a result, an impairment of £2,296,000 was recognised. In 2020 a similar VAT refund relating to Merkur Bingo and Casino Entertainment UK Limited, a subsidiary undertaking, was received. This refund was also beneficially owned by previous owners of Merkur Bingo and Casino Entertainment UK Limited, and the payment of £4,918,000, which is net of corporation tax at 19%, was treated as deferred consideration, and recorded as an increase in goodwill in the consolidated financial statements. On review of the carrying value of Merkur Bingo and Casino Entertainment UK Limited in 2020, an impairment of £4,918,000 was recorded.

Impairment of other intangible fixed assets

In 2021, on the cessation of the sunbed business of the group, the intangible asset relating to the sunbed brand was impaired.

Proceeds from insurance claims

During the year, the Group received insurance income to the value of £167,000 with respect to a venue which had been flooded in 2019 and £161,000 with respect to an insurance claim against a former director.

Loss on disposal of fixed assets

In November 2020 the Group sold the business and assets relating to its three venues in Hunstanton for £1.3m of which £300,000 is deferred equally over three years. The asset disposal included freehold buildings, various gaming and other entertainment machines, intangible assets and goodwill associated with the venues. The net loss on disposal of this transaction was £235,000.

Merkur Technical Support UK Limited	England & Wales	Ordinary	100%	Rental, logistics and maintenance of gaming machines

During the year, the Group's interest in Merkur Technical Support UK Limited ("MTSUK") increased from 66.6% to 100% on the acquisition of the Non-Controlling Interest ("NCI") from Regal Amusement Machine Sales Limited, a related party, for consideration of £1,350,000. At the date of acquisition, the NCI reported in the consolidated financial statements of the Group was a deficit of £295,000.

Under FRS 102, where there are changes in the controlling interest of a subsidiary without a change of control, the Group is required to report the difference between the fair value of the consideration paid and the change to the value of the NCI within equity. Accordingly, the Group has recorded a charge of £1,645,000, in the 'Profit and loss Reserves', in the Statement of Changes in Equity to reflect this transaction.

Deposits

Other debtors include £1,036,000 (2020: £762,000) relating to deposits which have been made to landlords in respect of quarterly rental charges in advance. Of this total, the value of rent deposits which are repayable in more than 1 year is £878,000 (2020: £589,000). The value of rent deposits repayable in less than one year is £158,000 (2020: £173,000).

The quarterly rental liabilities are secured by a fixed charge on deposits. The deposits are repayable at the end of each respective lease, which end at various dates up to and including 2037 (2020: 2034).

Deferred consideration

During the prior year, Merkur Slots UK Limited, a subsidiary of the group, disposed of the trade and assets relating to 3 venues. £300,000 of the total consideration was on deferred terms, repayable over 3 years by quarterly instalments, starting in May 2021. The deferred consideration is included within trade debtors.

The value of deferred consideration which is due after more than 1 year is £119,000 (2020: £225,000).

Net obligations under finance leases and hire purchase contracts	3,074	5,245	-	-
	70,589	62,698	-	8,143

The obligations under finance leases due after more than one year are split £1,730,000 (2020: £2,224,000) due between one and two years, £1,344,000 (2020: £3,021,000) due between two and five years and £nil (2020: £nil) due after more than five years.

23. Loans

Analysis of the maturity of loans is given below:

	Group 2021 £000	Group 2020 £000	Company 2021 £000	Company 2020 £000
Amounts falling due within one year				
Bank loan	8,666	2,857	8,666	2,857
Loan from ultimate parent company	1,200	-	-	-
Amounts falling due 2-5 years				
Bank loan	-	8,143	-	8,143
Loan from ultimate parent company	67,515	49,310	-	-
Amounts falling due after more than 5 years				
Loan from ultimate parent company	-	-	-	-
	77,381	60,310	8,666	11,000

All loans from the ultimate parent undertaking are unsecured

MERKUR CASINO UK LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

23. Loans (continued)

Loans from Parent Undertaking

In 2017, Merkur Casino GmbH, redenominated a long-term Euro loan into Sterling at a value of £48,027,000. The loan has an interest rate of 1%, which is at a lower interest rate than could be obtained from a third-party bank in the UK.

Under FRS 102, where loans are obtained at interest rates lower than market rate, the loan must be measured at fair value, which is calculated by discounting the cash payments of the loan by the market rate of interest for a similar loan.

At inception, the fair value of the loan using a discount rate of 4.22%, which is considered to be the market rate, was £43,326,000. The difference arising on initial recognition of the loan amounting to £4,701,000 was recognised within equity as a capital contribution in the 2018 financial statements.

During the year, the Group made principal repayments of £nil (2020: £6,000,000). On 12 November 2020, the Company obtained bank loans of £11,000,000 under the Coronavirus Large Business Interruption Loan Scheme ("CLBILs") from National Westminster Bank plc ("NatWest"). Under the scheme, the loans from the parent company became subordinated to the CLBILs Loan, meaning that no interest or loan repayments can be made on the parent company loan whilst the CLBILs loan is outstanding.

Under FRS 102, where there is a change to the cash flows regarding loans obtained at interest rates lower than market rate, a recalculation of the fair value of the loan is required, using the market value interest rate at the date of inception of the loan. The change to the fair value of the loan is reported through the statement of comprehensive income.

A gain to the statement of comprehensive income of £1,099,000, assessed at a market rate of interest of 4.22%, has been recognised in the year with a corresponding decrease to the carrying value of the loan (2020: £1,626,000).

Additional interest charges have also been recognised in the statement of comprehensive income, being the difference between the market rate of 4.22% and the actual interest rate of 1%. The additional interest was £760,000 (2020: £879,000).

Other short-term loans from the parent company, Merkur Casino GmbH, are measured at amortised cost. Interest is charged at 2% on a loan of £3,000,000, and 2.5% on a loan of £5,000,000 which were obtained in 2018. In 2019 a loan of £4,100,000 was obtained from Merkur Casino GmbH at an interest rate of 2.5%. In 2020 loans of £5,000,000 and £8,000,000 were obtained from Merkur Casino GmbH at interest rates of 3%.

During the current year, loans of £12,000,000 and £5,000,000 were obtained from Merkur Casino GmbH at interest rates of 1%.

The loans are subordinate to the bank loan, and no adjustment to the carrying value of the loans was required on inception.

Bank Loans

On 12 November 2020, the Company obtained 2 loans from NatWest totalling £11m. The first loan for £6m is repayable by instalments, over 20 months, starting March 2021, with the final payment due in 24 months. Interest is charged at 1.96% above base rate for the first 12 months, then 2.46% above base rate for the remainder of the term.

The second loan for £5m is repayable in 24 months. Interest is charged at 1.96% above base rate for the first 12 months, then 2.46% above base rate for the remainder of the term.

Both loans are secured by debentures and a parental guarantee from Merkur Casino GmbH.

MERKUR CASINO UK LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021**

24. Financial instruments

	Group 2021 £000	As Restated Group 2020 £000	Company 2021 £000	Company 2020 £000
Financial assets that are debt instruments measured at amortised cost:				
Cash and cash equivalents	11,724	6,122	-	3
Trade receivables	224	10	-	-
Other receivables	2,123	5,460	-	9,565
	<u>14,071</u>	<u>11,592</u>	<u>-</u>	<u>9,568</u>
Financial liabilities that are debt instruments measured at amortised cost:				
Trade payables	(4,974)	(5,648)	-	-
Other payables	(15,631)	(13,605)	-	-
Loans and borrowings	<u>(77,381)</u>	<u>(60,310)</u>	<u>(8,666)</u>	<u>(11,000)</u>
	<u>(97,986)</u>	<u>(79,563)</u>	<u>(8,666)</u>	<u>(11,000)</u>

The disclosure for the prior year has been restated to correct the value of Loans and Borrowings. The value of bank loans due within 1 year was originally omitted from the disclosure for Loans and Borrowings.

**25. Deferred taxation asset
Group**

	2021 £000	2020 £000
At 1 January 2021	1,261	400
Credited to the profit or loss	<u>2,406</u>	<u>861</u>
At 31 December 2021	<u><u>3,667</u></u>	<u><u>1,261</u></u>

All deferred tax has been recognised in the financial statements of the Group at rates between 19% and 25%, dependent upon the timing of the expected reversal of the temporary timing difference. (2020: a deferred tax asset of £847,000 at 19% has not been recognised.)

The unprovided deferred tax asset in the prior year consists of trading losses of £847,000.

At 31 December 2021 a deferred tax asset of £3,667,000 has been recognised (2020: £1,261,000). This consists of deferred tax assets relating to losses and provisions of £4,588,000 and £317,000 respectively (2020: £1,042,000 and £199,000), and a deferred tax liability of £1,238,000 in respect of accelerated capital allowances (2020: £20,000).

At 31 December 2021, the Group has recognised a deferred tax asset in relation to £23.9m of unutilised deferred tax losses. Of these losses, £22.5m was incurred post 1 April 2016, which means that they can be utilised in all UK companies in the Gauselmann group.

The utilisation of losses is dependent upon the success and timing of the historic VAT claims, the level of taxable profits in the UK companies of the Gauselmann group, and the extent to which a strategic decision is taken to delay the utilisation of losses until after 1 April 2023, which is when the rate of corporation tax increases from 19% to 25%.

MERKUR CASINO UK LIMITED

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

26. Provisions

Group	Dilapidations £000	Closed site £000	Onerous lease £000	Total £000
At 1 January 2021	7,271	10,618	2,219	20,108
Charged to profit or loss	707	889	1,055	2,651
Transfers	-	79	(79)	-
Utilised or released in year	(124)	(3,222)	(1,707)	(5,053)
At 31 December 2021	7,854	8,364	1,488	17,706

Dilapidations

As part of the Group's property leasing arrangements there is an obligation to repair damages which occur during the life of the lease, such as wear and tear. The provision is based on the charge that could reasonably be expected to arise at the end of, or during, the respective lease terms and represents the accrued charge from the inception of the lease to 31 December 2021. The provision is expected to be utilised at various dates up to 2041 (2020: 2041)

The provision is not discounted as it represents the present value of the obligation based on current estimates of the cost of repairs.

Closed site costs

Where leasehold properties cease trading and become vacant, the Group provides for all costs, net of anticipated income, to the end of the lease or the anticipated days of the disposal or sublease. The provision, which is discounted at 1.21% (2020: 1.21%) reflecting the risk-free rate of interest, is expected to be utilised at various dates up to 2033.

In 2021, the value of the closed site provision released results from the Group being able to negotiate sublet arrangements on properties which have previously been subject to a closed site provision.

Onerous lease costs

During the year the Group recognised a provision for loss-making venues where EBITDA results suggest the potential for onerous lease charges. In such cases, future expected cash flow performance of those individual venues is reviewed and discounted over the applicable term of the lease and compared to the committed rent payments for the corresponding period. Where there is a deficit between the cash flow and the committed rent then the net cost is recorded as an onerous lease charge. A provision has been made for the net lease costs for 5 years on the basis that the loss-making sites will either be closed or become profitable within that timeframe.

The provision is discounted at 1.21%, reflecting the risk-free rate of interest.

In 2021, the value of the onerous lease provision released results either from venues no longer requiring an onerous lease provision or where the Group has been able to exit a lease contract relating to a venue which has been subject to an onerous lease provision.

MERKUR CASINO UK LIMITED

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

27. Reserves**Other reserves**

Other reserves relate to a capital contribution received by the Company from Merkur Casino GmbH. On 1 October 2012, a capital contribution of £76,000,000 was received which enabled the Company to purchase the entire share capital of Merkur Casino Holdings UK Limited.

On 1 January 2018 the Group recognised a capital contribution of £4,701,000 arising on the redenomination of a long term Euro loan into Sterling, which had been provided at an interest rate lower than the market rate of interest. Details of this transaction are provided in note 23.

Profit & loss account

The profit and loss reserve represents cumulative profits and losses.

28. Share capital

	2021 £	2020 £
Shares classified as equity		
Allotted, called up and fully paid		
1 Ordinary share of £1	<u>1</u>	<u>1</u>

The Company has one class of ordinary shares which carry voting rights but no right to fixed income.

29. Contingent Assets

The Group has submitted requests for the repayment of VAT on certain gaming machines for the period 2006–2012 ("Rank II"). The case relating to the Rank II claims which was heard at first tier tribunal in November 2020 was found in favour of the taxpayer on 30 June 2021. In August 2021 HM Revenue and Customs decided not to appeal the decision. The Group is currently submitting claims to HMRC for the VAT overpaid, with the expectation that all successful claims will be received in 2022. The value of the Rank II claims (excluding potential statutory interest), which is being claimed from HMRC, which has not been recognised in these financial statements, is £28.4m (2020: £16.4m), of which £21.3m (2020: £12.8m) would be due to some of the previous shareholders of the Group.

In addition to these claims, the Group has disputed the deduction made by HMRC in relation to historic Amusement Machine Licence Duty (AMLDD) that was deducted from the Rank I VAT claim that was settled during the 2020. This is currently under judicial review. The value of the AMLDD which has not been received from HMRC, nor recognised in these financial statements is £0.8m, which would be due to one of the previous shareholders of the Group.

30. Pensions

The Group operates two defined contribution pension schemes into which all the employees of Group Companies contribute. The pension cost charge for the year represents contributions payable by the Group to the scheme and amounted to £758,000 (2020: £723,000). There were outstanding employer and employee contributions of £121,000 (2020: £234,000) at the year end.

MERKUR CASINO UK LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021**

31. Commitments under operating leases

At 31 December 2021 the Group had future minimum lease payments under non-cancellable operating leases as follows:

	Group 2021 £000	Group 2020 £000
Not later than 1 year	12,486	9,047
Later than 1 year and not later than 5 years	44,203	29,024
Later than 5 years	52,780	29,885
	<u>109,469</u>	<u>67,956</u>

During 2021, the Group continued to enter into operating leases for new venues as a part of the Merkur Slots project. The majority of these new leases have a lease term of 15 years.

Income from Operating leases

Minimum lease receipts due on sub-leases are split £277,000 (2020: £257,000) due within one year, £932,000 (2020: £739,000) due later than 1 year and not later than 5 years and £382,000 (2020: £241,000) due later than 5 years.

32. Government Grants and Assistance

The following government grants were receivable during the year:

	2021 £000	2020 £000
Coronavirus Job Retention Scheme (see note 10)	6,919	9,148
Retail Hospitality & Leisure Grant (see note 10)	-	715
Local Restriction Support Grants (see note 10)	2,421	514
Restart Grants (see note 10)	2,201	-
	<u>11,541</u>	<u>10,377</u>

In addition to Government Grants, the Group has also benefited from Business Rates relief during 2021. This relief applied to all trading venues, for the period from 1 January to 31 December 2021. This has taken the form of full business rates relief to 30 June 2021 and a partial relief from 1 July to 31 December 2021.

No business rates relief applies to the Group's venues in Wales.

33. Related party transactions

The Group is a wholly owned subsidiary of Merkur Casino GmbH and is included in the consolidated financial statements of that company. The Group has taken advantage of the exemption permitted by FRS 102 Section 33 Related Party Disclosures, from disclosing related party transactions with other wholly owned entities that are part of the Merkur Casino UK Group.

During the year, the Company entered into transactions with other group companies which are under the common control of the Ultimate Parent company, Gauselmann AG. Under the terms of FRS 102 Section 33 Related Party Disclosures, an exemption from disclosing these transactions has been taken.

34. Controlling party

The immediate parent of MUK and the controlling party is Merkur Casino GmbH, a Company registered in Germany.

The smallest group in which the results of the Company are consolidated is that headed by Merkur Casino UK Limited. Copies of the Merkur Casino UK Limited financial statements may be obtained from The Secretary, Merkur Casino UK Limited, Seebeck House, 1A Seebeck Place, Knowlhill, Milton Keynes, Buckinghamshire, MK5 8FR.

The largest group in which the results of the Company are consolidated is that headed by Gauselmann AG, the ultimate controlling party.
