1 Accounting Policies

Accounting Convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Accepted Accounting Practice), which have been applied consistently (except where otherwise stated).

Turnover

Turnover represents net invoiced sales of goods net of value added tax and trade discounts.

Intangible fixed assets amortisation

The intangible fixed asset relates to the acquisition of initial technical development which is maintained by ongoing development expenditure. Ongoing development expenditure is written off to profit and loss account. This is considered to maintain the value of the technology and thus no amortisation has been provided.

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected life.

No depreciation is provided on assets where it is the Company's practice to maintain these assets in a continual state of sound repair and their residual value is considered sufficiently high that depreciation would not be material. The director performs impairment reviews to ensure that the recoverable amount is not lower than the carrying value in accordance with FRS15 and FRS11.

Stock

Stock is valued at the lower of cost and net realisable value.
