Trustees' report Year to 31 August 2019

The Trustees (who are also directors of the company for the purposes of company law) present their annual report together with the financial statements of CCHS Capital Development Limited (the company) for the year to 31 August 2019. The Trustees confirm that the Annual Report and financial statements of the company comply with current statutory provisions and of the Charities Statement of Recommended Practice (FRS 102).

Legal and administrative information

The company is limited by guarantee (Company Registration Number 02995298).

The Company derives its exempt charity status from Schedule 3, Paragraph 28.3 of the Charities Act 2011, which provides for institutions connected and administered by qualifying Academies to enjoy the same exempt charitable status as the Academies themselves.

The company's governing document is its Memorandum and Articles of Association. Only members of the governing body of Chelmsford County High School for Girls (Company Registration Number 07445312) ('the School') who are members of its Management Committee or the Chair of its Fundraising Committee shall be eligible to be Trustees. Whilst no training is undertaken specifically for new trustees, all governors of Chelmsford County High School for Girls undertake various induction and training sessions when first appointed and ongoing training during their time as governors of the School.

In carrying out their duties, the Trustees have considered the Charity Commission's guidance on public benefit.

Principal activities and business review

The principal activities of the company are to raise funds for the benefit of Chelmsford County High School for Girls which converted to Academy status on 1 January 2011 and is a company limited by guarantee. Activity continues to develop generating both funds and public awareness of the company led by a largely volunteer Fundraising Committee consisting of parents and governors. The key source of income to the development fund will be from parent donations and covenants. These provide a flow of income throughout the time that their daughters are at the School.

Future developments and events since the year end

The Trustees do not anticipate any significant changes in the company's activities in the foreseeable future with the majority of income to come from parental donations. They will continue to explore new fundraising opportunities both in terms of events and sources of funding. The Fundraising Committee is writing to a number of trusts and charities to explore potential capital funding opportunities.

Trustees' report Year to 31 August 2019

The current target for fundraising activity is to fund a multi-phase development of the School campus. Following the completion of the Language Centre in 2013, plans include the building of a Sports Hall, a new Sixth Form Centre, additional teaching space and the provision of more Science Laboratory facilities. The existing amenities are inadequate in a number of areas and do not provide a suitable learning environment for all students. The School is working on detailed plans for this expansion and has secured funding for work to start in 2019-20.

Financial review

The surplus for the year amounted to £62,582 (2017/18 – £30,610 deficit).

Profit-making is not the objective of the company. The Trustees consider that the results for the year and the state of affairs at the balance sheet date are in line with expectations.

Reserves

The Trustees have reviewed the reserves of the company which stood at £174,572 at the year end. This review considered the nature of the income and expenditure streams to meet the aims of the charity as detailed above in Future Developments.

Risk management

The Trustees have reviewed all major risks to which the company is exposed and systems have been established to mitigate these risks.

Gifts

During the year, the company received Gift Aid donations from parents of pupils attending Chelmsford County High School for Girls.
