# Strategic Report (continued)

#### Principal risks and uncertainties

This annual report contains certain forward looking statements. These statements are made by the directors in good faith, based on the information available to them up to the time of approval of this report. Actual results may differ to those expressed in such statements, depending on a variety of factors. These factors include customer acceptance of the company's services, levels of demand in the market, restrictions to market access, competitive pressure on pricing or additional costs, failure to retain or recruit key personnel and overall economic conditions.

A risk inherent in the construction industry occurs in the nature, timing and contractual conditions which exist at the time of contract procurement. To mitigate these risks, the company has a system of precontract and pre-tender risk assessment whereby senior management, including the directors where appropriate, review and advise on specific issues arising in the contract procurement process. The company also seeks to limit its risks by specialising in certain markets where it has extensive experience and a particular skills base.

#### **Derivatives and other financial instruments**

The company's principal financial instruments comprise bank loans, cash and short-term deposits. The main purpose of these financial instruments is to provide finance for the company's operations. The company has various other financial instruments such as trade debtors and trade creditors that arise directly from its operations. It is, and has been throughout the period under review, the company's policy that no trading in financial instruments shall be undertaken. The main risks arising from the company's financial instruments are interest rate risk and liquidity risk.

#### Liquidity risk

The company's policy is to ensure availability of operating funds by maintaining an appropriate cash balance in both current and deposit accounts and to establish appropriate levels of borrowing facilities to provide short-term flexibility. The company is a participant together with a number of fellow subsidiaries in the group banking arrangements of its ultimate holding company, Renew Holdings plc, and, as a result, has risks associated with the financial status and performance of the other companies within that group.

The company's principal financial assets are bank balances, cash, amounts recoverable on contracts and trade debtors, which represent maximum exposure to credit risk in relation to financial assets.

The company's credit risk is primarily attributable to its amounts recoverable on contracts and trade debtors. Credit risk is managed by monitoring the aggregate amount and duration of exposure to any one customer depending upon their credit rating. The amounts presented in the balance sheet are net of allowances for doubtful debts, estimated by the company's management based on prior experience and their assessment of the current economic environment.

### **Future developments**

The directors believe the company is well positioned to continue delivering profitable results in 2022/23. Target markets remain the same as last year but the company continues to be vigilant in looking for further opportunities to enhance trading performance.

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- · select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;

#### INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PPS ELECTRICAL LIMITED

## **Opinion**

We have audited the financial statements of PPS Electrical Limited for the year ended 30 September 2022 which comprise Profit and Loss account, Statement of changes in equity, Balance Sheet and the related notes 1 to 15, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the company's affairs as at 30 September 2022 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

# **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period to 31 December 2023.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern.

# Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

---:

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PPS ELECTRICAL LIMITED (CONTINUED)

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

# Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and directors' report have been prepared in accordance with applicable legal requirements.

### Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

## Responsibilities of directors

As explained more fully in the directors' responsibilities statement set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PPS ELECTRICAL LIMITED (CONTINUED)

# Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect irregularities, including fraud. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. However, the primary responsibility for the prevention and detection of fraud rests with both those charged with governance of the entity and management.

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the company and determined that the most significant are FRS 102 and the Companies Act 2006.
- We understood how PPS Electrical Limited is complying with those frameworks by making enquiries of management to understand how the Company maintains and communicates its policies and procedures in these areas. We corroborated the results of our enquiries through reading the board minutes and other documents, making enquiries of management to identify if there are matters where there is a risk of breach of such frameworks management to identify if there are matters where there is a risk of such frameworks that could have a material impact on the Company. We understood the controls put in place by management to reduce the risk of occurrence of fraudulent transactions.
- We assessed the susceptibility of the company's financial statements to material misstatement, including how fraud might occur by considering the results of enquiry with management, our understanding of the Company and the policies and procedures in place to address fraud risks.
- Based on this understanding we designed our audit procedures to identify noncompliance with such laws and regulations. Our procedures involved making enquiries of management, review of board minutes, review of internal audit reports and review of higher risk journal entries.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

### Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

#### 1.3 Accounting Estimates and Judgements

In the preparation of these financial statements the Board has made certain judgements and estimates which impact the measurement of various assets and liabilities in the balance sheet, the value of transactions recorded in the profit and loss account and the movements in equity as shown in the statement of changes in equity. Estimates and judgements are reviewed by management and the Board on an ongoing basis and changes which may arise in them are reflected in the financial statements for the period in which such changes are made. The Board has determined that the following area is the one in which estimates and judgements have been made and where material impacts could arise in the financial statements were such estimates and judgements to be varied:

FRS 102 requires management to estimate the total expected costs on a contract and the stage of contract completion in order to determine both the turnover and profit to be recognised in an accounting period. The Company has control and review procedures in place to monitor, and evaluate regularly, the estimates being made to ensure that they are consistent and appropriate. This includes reviewing the independent certification of the value of work done, the progress of work against contracted timescales and the costs incurred against plan.

#### 1.4 Turnover

Turnover represents the invoiced amount of goods sold and services provided less returns and allowances, excluding value added tax. In the case of construction contracts, turnover is recognised when the outcome of the contract can be estimated reliably and represents the sales value of work done during the year by reference to the stage of completion of the contract activity. Stage of completion is calculated through measurements of work performed. Turnover is generated entirely in the UK, and the company continues to operate within a single business segment, construction and civil engineering.

## 1.5 Construction Contract Debtors

Construction contract debtors represent the gross unbilled amount for contract work performed to date. They are measured at cost plus profit recognised to date less a provision for foreseeable losses and less progress billings. Variations are included in contract turnover when they are reliably measurable and it is probable that the customer will approve the variation itself and the revenue arising from the variation. Claims are included in contract turnover only when they are reliably measurable and negotiations have reached the stage such that it is probable that the customer will accept the claim. Cost includes all expenditure related directly to specific projects and an allocation of fixed and variable overheads incurred in the Company's contract activities based on normal operating capacity.

Construction contract debtors are presented as part of debtors in the balance sheet. If payments received from customers exceed the income recognised, then the difference is presented as payments received on account in the balance sheet.

#### 1.6 Stocks

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost is based on the first-in first-out principle and includes expenditure incurred in acquiring the stocks, production or conversion costs and other costs in bringing them to their existing location and condition. In the case of manufactured stocks and work in progress, cost includes an appropriate share of overheads based on normal operating capacity.

### 1 ACCOUNTING POLICIES (continued)

#### 1.7 Impairment excluding Stocks and Deferred Tax Assets

#### Financial assets

A financial asset not carried at fair value through profit or loss is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

### 1.8 Tangible Fixed Assets and Depreciation

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses. Where parts of an item of tangible fixed assets have different useful lives, they are accounted for as separate items of tangible fixed assets, for example land is treated separately from buildings.

The company assesses at each reporting date whether tangible fixed assets (including those leased under a finance lease) are impaired.

Depreciation is charged to the profit and loss account on a straight-line basis over the estimated useful lives of each part of an item of tangible fixed assets. The estimated useful lives are as follows:

Plant and machinery: 5 – 8 years Fixtures & fittings: 3 years Motor vehicles: 4 years

Depreciation methods, useful lives and residual values are reviewed if there is an indication of a significant change since last annual reporting date in the pattern by which the company expects to consume an asset's future economic benefits.

#### 1.9 Pension Commitments

The company operates defined contribution schemes in respect of certain employees. A defined contribution plan is a post-employment benefit plan under which the company pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an expense in the profit and loss account in the periods during which services are rendered by employees.

### 1.10 Leased Assets

Leases in which the Company assumes substantially all the risks and rewards of ownership of the leased asset are classified as finance leases. All other leases are classified as operating leases.

## Operating leases

Payments made under operating leases are recognised in the profit and loss account on a straightline basis over the term of the lease unless the payments to the lessor are structured to increase in line with expected general inflation in which case the payments related to the structured increases are recognised as incurred. Lease incentives received are recognised in profit and loss over the term of the lease as an integral part of the total lease expense.

#### 1.11 Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided, except as noted below, on timing differences that have arisen but not reversed by the balance sheet date, where the timing differences result in an obligation to pay more tax, or a right to pay less tax, in the future. Timing differences arise because of differences between the treatment of certain items for accounting and taxation purposes.

In accordance with FRS 102 'The Financial Standard', deferred tax is not provided on permanent timing differences.

Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured at the tax rates that are expected to apply in the periods when the timing differences are expected to reverse, based on tax rates and law enacted or substantively enacted at the balance sheet date. Deferred tax assets and liabilities are not discounted.

### 1.12 Basic Financial Instruments - Trade and Other Debtors/creditors

Trade and other debtors are recognised initially at transaction price less attributable transaction costs. Trade and other creditors are recognised initially at transaction price plus attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses in the case of trade debtors.

#### 1.13 Related Party Transactions

Interest is not charged on balances outstanding with fellow subsidiaries as they are repayable on demand.

P Scott, G Jakubowski, P J McBain and N Houghton are senior employees of other group holding companies. They are paid by other group holding companies and consider that the level of their qualifying services to the Company as <u>negligible compared</u> to their main roles. There are no management charges from the parent undertaking for their services.
