NOTES TO THE ABBREVIATED ACCOUNTS
YEAR ENDED 31 DECEMBER 2014

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), subject to the departures referred to below.

Turnover

The turnover shown in the profit and loss account represents amounts invoiced during the year.

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

In accordance with Statement of Financial Reporting Standard for Small Entities, no depreciation is provided in respect of Freehold investment properties. This departure from the requirements of the Companies Act 2006, for all properties to be depreciated, is necessary, as the Director considers that this Accounting Policy results in the Financial Statements giving a true and fair view.

Investment properties

Investment properties are included in the balance sheet at historical cost, which is not in accordance with Statement of Financial Reporting Standard for Small Entities, which requires such properties to be stated at their open market value.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities.

Acquisitions and disposals of properties

Acquisitions and disposals are considered to have taken place at the date of legal completion and are included in the financial statements accordingly.
