Outcome in realising assets

We enclose a summary of our receipts and payments account. We have provided comparisons of the realisations with the original director projections in the statement of affairs, which we hope you will find helpful.

Plant and machinery

The director's estimated statement of affairs listed plant and machinery with an uncertain realisable value. We instructed independent agents, SIA Group Assent Ingenuity, to deal with the disposal of these assets. These assets were sold to a connected party, The Wright Joinery Company Limited, which is connected to the company because Nigel Wright was a common director. The sale was concluded on 15th June 2020. The price agreed was £2,500 plus VAT which has been paid in full. The purchaser was not advised by the liquidator.

The sale was completed to the connected party because the agents advice was that it was unlikely that a sufficiently high offer would be received to provide a higher return to the liquidation once costs of removal were taken into account.

Book debts

The book debts and retentions of the company had a book value of £140,751 with an estimated to realise value of £10,000. The debtors consisted of two contracts that had been completed but were the subject of disputes.

In order to deal with the debtors, we instructed Leslie Keats, quantity surveyors, to review the outstanding matters. Shortly following our appointment we received a payment from one debtor, with a book value of £56k, of £22,608 on account. Following prolonged correspondence with Leslie Keats to establish the works required to remedy the defects a further £1,810 was received in settlement of the debt due.

The second debtor, with a value of £76k, was disputed and the clients instructed solicitors to act on their behalf. Leslie Keats suggested instructing a solicitor on a no win no fee basis to review the debtor to ascertain the likely recoveries and begin proceedings if necessary. They believed this will be the only way of achieving a recovery. The costs of this would be 50% of any recoveries split between Leslie Keats and the solicitors.

Due to the position of the debt we sought the opinion of the prospect of recovery from the director. He felt that it was highly unlikely to obtain any recovery from the project as he had difficulties with the client from the start and was unable to recover sums prior to the liquidation. As the director had personally guaranteed the secured bank debt he would be the ultimate beneficiary if recoveries were achieved and had concerns over the time that would be spent by the liquidators overseeing what could be a long drawn out process with the potential for no recoveries.

Given the uncertain recoveries, the existing disputes and the directors opinion we took the decision to not pursue this matter further.

Intercompany loan

At the date of liquidation, there was a balance due from a connected company of £265 in respect of intercompany trading, this has been received in full.

Staff loan

In addition to the above debtors, the company was due the sum of £9,600 from a former employee in respect of a loan. This loan was disputed by the former employee and as such we passed collection of this debt to Portland Legal Debt Collection to pursue. The debtor continued to dispute the debt, although evidence available disproved his allegations. As the debtor was not willing to reach a settlement we began steps to issue proceedings, however, prior to doing so we established that the debtor was unlikely to hold any personal assets from which we would be able to recover the sums due. As such, we have written off this debt as unrecoverable.

There have not been any sales of assets to connected parties.

A small amount of credit interest of £13 has been received on the funds held. £418 has also been received in respect of a rates refund.

Investigation

In our first report, we invited creditors to bring to our attention any matters that they believe require further investigation. We have also conducted an investigation into the affairs of the company in order to identify matters that would lead to a cost-effective recovery for creditors. We have concluded that there are no matters of concern that merit pursuing.

In addition, a report has been submitted to The Insolvency Service as required under the provisions of The Insolvent Companies (Report on Conduct of Directors) (England and Wales) Rules 2016.

Creditors' claims and outcome for creditors

Fixed charge creditors

Whilst HSBC Bank Pic holds a debenture conferring fixed and floating charges over the assets of the company there has been no sale of any fixed charged assets and none are expected.

Preferential creditors

The employees claims for holiday pay together with the first £800 of arrears of pay and any unpaid employee pension contributions rank as preferential claims against the company.

We have assisted the four employees that were dismissed as part of the liquidation process to submit claims to the Redundancy Payments Office in order to receive their guaranteed entitlements. Some employees have residual claims that exceed the RPO limits.

We have liaised with the Redundancy Payments Office and the company's pension scheme provider in relation to pension contributions due for one employee to ensure that the claim made was correct and we have corresponded with the employee with regards to this matter to provide updates on the progress of the claim.

The preferential claims have been agreed at £3,135 and discharged.

Floating charge creditors

HSBC Bank PIc holds a floating charge debenture over the assets of the company. The bank submitted a claim of £11,732 in the liquidation which was the balance outstanding after the director's personal guarantee was called upon by the bank.

A distribution of £3,895 has been paid to HSBC Bank Plc under their floating charge.

Prescribed part

In this case, unsecured creditors have not benefitted from the availability of any prescribed part. This is the requirement to set aside for the benefit of unsecured creditors a proportion of the funds that would otherwise be paid to a floating charge holder, calculated as 50% of the first £10k and 20% of the balance. It only applies where the funds available to the secured creditor exceeds £10k and where we believe the cost of making a distribution to the unsecured creditor would be proportionate to the benefits. In this case, the funds available to the floating charge holder were below £10k.

We have corresponded with HM Revenue and Customs to ensure that the company's VAT position had been finalised.

We have responded to creditor correspondence and confirmed claims where we have been requested to do so.

There are no funds available to pay a dividend to unsecured creditors due to the prior claims of the secured and preferential creditors.

Liquidators' fees, disbursements and expenses

We are required to agree the basis of our remuneration and disbursements with the creditors. The agreement was given on 10th June 2020 by unsecured creditors

It was resolved that our remuneration and disbursements be fixed as follows:-

• For services provided in the period up to the date of despatch of the draft final progress report to creditors on the basis allowed by reference to the time properly given by the office holders and their staff in attending to matters arising in the liquidation. This is analysed below:-

	From 27/04/2022 to 26/04/2023 (£)	Total to 27/04/2020 to date (£)
Total	3,321	29,144
Amount paid	1,500	12,000

- For services in the period from the following day for the remainder of the liquidation, a set amount of £2,000. Whilst this work provides no financial benefit to the creditors it is required by statute.
- Out of pocket expenses incurred in accordance with the schedule of rates for disbursements and out pocket expenses published by the liquidators.

The budgeted estimate provided at the outset is set out below

We have drawn a fee of £8,000, as approved by a resolution on 10th June 2020 by unsecured creditors, for the services of Leonard Curtis to the company in the period leading up to our appointment in convening the creditors' decision and preparing the report and statement of affairs that was presented to creditors.

We have also instructed agents to handle certain aspects of the liquidation on our behalf where it was either more cost-effective for them to do so or where they have a particular expertise that was required. A summary of the expenses is enclosed.

The expenses and disbursements have not exceeded the estimate.

Associated party expenses

Portland Legal Debt Collection Limited, trading as Debtcol, is an associated company of Leonard Curtis. Where it was deemed appropriate, having considered the cost effectiveness and expertise required, this firm was instructed to pursue outstanding debts. Commercial fees have been agreed on a percentage of realisation basis taking into account the complexity and age of the debt.

In this case a collection fee of 15% was agreed to be being charged. No fees have been paid during the liquidation. At the outset it was anticipated that the maximum fees could be £1,440, based on the total debtor balance.

Fees and disbursements policies

Fee policy

In line with most practices, we normally calculate our fees on the basis of the time spent by each member of staff. We are prepared to calculate fees as a percentage of realisations or as a fixed fee by special arrangement only where the circumstances warrant it. Where the assignment relates to an insolvency appointment, we are normally required to obtain a resolution from creditors approving the basis of calculation.

Staff of the appropriate grades, are allocated to each task on each assignment, according to the size and complexity of the matter, and they record their time in six minute units. Where the fee is to be calculated on the basis of time spent, cost rates for each grade are then used to evaluate the fee. The effectively hourly rates are currently as follows:-

	Cost per hour		
	From 1 Nov 2022 £	To 31 Oct 2022 £	
Director	550	390	
Senior Manager (previously Associate director)	465	360	
Manager 1 (previously Client director)	415	330	
Manager 2 (previously Case manager)	365	235	
Admin 1 (previously Senior insolvency administrator)	295	200	
Admin 2	265	N/A	
Admin 3 (previously Case administrator)	245	160	
Admin 4 (previously Administrator)	175	130	
Admin 4 (previously Cashiers)	175	130	

The rates are reviewed periodically, typically every 1-2 years, and could therefore increase during any particular assignment.

Expenses policy

Category 1 - no approval required

Where expenses are incurred through third parties specifically in respect of the assignment, they are recharged to the case as incurred, for example statutory advertising, external room hire, fidelity bond, rail travel and external storage. These are defined as category 1 expenses in SIP9 and approval is not required.

Category 2 - approval required

Other expenses can be recharged to the assignment based on a share or allocation of a cost that Leonard Curtis incurs centrally. These are defined as category 2 expenses in SIP 9 and approval is required. Typically such expenses and the method of allocation are as follows:-

Postage and stationery - Three times postage cost

Photocopying and printing - 10p per copy Facsimile - £1 per page
