### **NOTES TO THE ABBREVIATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST OCTOBER 2013**

---

#### **1. Accounting policies**

##### **1.1. Accounting convention**

The accounts are prepared under the historical cost convention and comply with financial reporting standards of the Financial Reporting Council.

##### **1.2. Deferred taxation**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax.

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

**7. Going concern**

The financial statements have been prepared on a going concern basis which assumes the company will continue in operational existence for the foreseeable future.

During the year the company recorded a loss of £806 (2012 : loss of £750) and at the balance sheet date its liabilities exceeded its assets by £57,734 (2012 : £56,928). The company meets its day to day working capital requirements through group company financial support. At the balance sheet date the amount owed to other group companies was £48,448 (2012 : £48,448).

The board believes that it is appropriate for the financial statements to be prepared on a going concern basis due to continued group company support. Electro Automation (Group) Limited have reviewed the ongoing cash requirements of the company for the foreseeable future and have confirmed that it is their policy to continue to provide financial support to the company and sufficient funds will be in place to meet the projected requirements.

If the company were unable to continue in operational existence for the foreseeable future, adjustments would have to be made to reduce the balance sheet value of assets to their recoverable amounts, to provide for further liabilities that might arise and to reclassify fixed assets as current assets

**8. Approval of financial statements**

The financial statements were approved by the Board on 22nd July 2014 and signed on its behalf by Patrick Doherty and John Walsh.
