Notes to the Abbreviated Accounts for the Year Ended 30 September 2013

1 Accounting policies

Basis of preparation

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover comprises the invoiced value of goods and services supplied by the company net of Value Added Tax.

Depreciation

Depreciation is provided on the reducing value of Fixed Assets to write off each asset over its estimated useful life at the following annual rates:

Asset class	Depreciation method and rate
Plant and equipment	25%

Stock

These are valued on a 'first in first out' basis at the lower of cost and net realisable value. In respect of work in progress and finished goods cost includes all production overheads and the attributable proportion of indirect overheads.

Foreign currency

Transactions denominated in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in the foreign currency are translated into sterling at the rate of exchange ruling at the balance sheet date. Any translation differences are dealt with through the profit and loss account.

Hire purchase and leasing

Rentals payable under operating leases are charged in the profit and loss account on a straight line basis over the lease term.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The corresponding dividends relating to the liability component are charged as interest expense in the profit and loss account.
