**Notes to the Abbreviated Accounts for the period ended 31 October 2014****1 Accounting Policies****Basis of measurement and preparation of accounts**

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

**Turnover policy**

Turnover represents amounts receivable for goods and services net of VAT and trade discounts.

**Tangible assets depreciation policy**

Tangible fixed assets include investment properties professionally valued by Chartered Surveyors on an existing use open market value basis. Other tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life.

Investment properties are included in the balance sheet at their open market value. Depreciation is provided only on those investment properties which are leasehold and where the unexpired lease term is less than 20 years.

Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), it is a departure from the general requirement of the Companies Act 2006 for all tangible assets to be depreciated. In the opinion of the director compliance standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.

**Other accounting policies**

The director J M McAuley has a debenture dated 31 March 2006 secured on the company's fixed and floating assets.
