Note – the original estimates were shown exclusive of VAT but as the company was an Insurance entity it was not registered for VAT and accordingly the VAT is irrecoverable. Accordingly the above figures have been amended to show the VAT inclusive amounts.

Dividend prospects

1.3 Based upon matters set out in this report it is anticipated there will be a dividend to preferential creditors and a dividend is likely to become available for non-preferential creditors. However, at this stage until the position regarding asset realisations is clearer, I am unable to quantify dividend prospects. It is not possible to determine how much may become available for unsecured creditors at this time.

Outcome of the Administration

1.4 It had been envisaged that the Administration objective would be achieved, namely that there would be a better result for creditors as a whole than would be likely if the Company were wound up (without first being in Administration). This report explains how this Administration objective was achieved.

1.5 The Company is now being moved from Administration to Creditors' Voluntary Liquidation to enable a dividend to be paid to unsecured creditors. The Liquidator will also continue to pursue the remaining assets and other matters described in this report. As noted in Appendix II, the Administrators approved Proposals included that, absent any alternative nomination, the Administrator would take the appointment as Liquidator without further recourse to the creditors. There were no other nominations and therefore the Administrator shall be appointed Liquidator.

2. THE PROGRESS OF THE ADMINISTRATION

- 2.1 On 18 September 2018 Proficia and Proficia France were sold to Phenix on a going concern basis. With financial assistance from Phenix and other sources of funds Proficia continued to trade until 31 May 2019 when the directors took the decision to cease to trade.
- 2.2 Mr Steve Lockwood and Mr Pierre Galeon acted as directors of both Phenix and Proficia. As part of my investigations into the affairs of Phenix I have met Mr Steve Lockwood on two separate occasions in London. Mr Pierre Galeon was also in attendance at my second meeting with Mr Lockwood. I have been engaged in ongoing correspondence with Mr Lockwood and Mr Galeon in relation to the affairs of Phenix and Proficia and they have both provided me with information and documentation relating to the affairs of Phenix and Proficia.
- 2.3 From the time Phenix acquired Proficia it invested and provided advances to Proficia amounting to £617,289. I have been provided with copies of minutes of regular Board of Directors meetings during which the up to financial position was discussed and decisions taken regarding the introduction of funds to Proficia and that company continuing to trade.
- 2.4 Since my appointment I have also been securing information and documentation in relation to Phenix and its wholly owned subsidiary Proficia from various parties.
- 2.5 I have reviewed the information and documentation provided to me, and am still pressing for various parties to provide information and documentation I have previously requested and shall then be seeking further legal advice in relation to various matters.
- 2.6 I am also determining the financial position of Proficia with a view to determining whether any monies will be recovered for the benefit of that company's unsecured creditors including its largest unsecured creditor Phenix.
- 2.7 The potential benefit of my ongoing investigations is to identify whether one or more parties may have acted to the financial detriment of the unsecured creditors and/or shareholders of Phenix and whether any cause of action exists.
- 2.8 In regard to the Key Outstanding Issues I would comment as follows;

ESTABLISHING THE COMPANY'S FINANCIAL POSITION AS AT THE DATE OF ADMINISTRATION AND THE REASONS FOR ITS INSOLVENCY;

- 2.9 Proficia Solutions Limited ("Proficia") was incorporated on 20 January 2006. Its ultimate parent company was CBL Corporation Limited ("CBL Corp") was incorporated on 18 June 2012. It was the ultimate parent company of the CBL Group of companies.
- 2.10 During September 2018 the Voluntary Administrators of CBL Corp announced that they had sold Proficia to Phenix. I am in correspondence with the Voluntary Administrators of CBL Corp regarding the financial standing of Proficia as at the time of the sale.
- 2.11 On 15 December 2018 the Directors Reports and Financial Statements for Proficia Solutions Limited (formerly known as European Insurance Services Limited) for the year ended 31 December 2017 were filed in the Companies Registry. A Summary of the Statement of Financial Position as at 31 December 2017 has been provided. As at 31 December 2017 the company had Total Assets of €6,810,161.
- 2.12 Mr Pierre Patrice Galeon was appointed a director of Proficia on 16 September 2016 and was a member of the management who participated in the purchase of Proficia during September 2018. In a Directors Questionnaire he completed and provided to me as Administrator of the company's current holding company, Phenix Holdings Limited, he made the following statements in relation to the affairs of the company;
 - Phenix Holdings Limited was formed as the acquisition vehicle of the subsidiary companies referred to above, which was a management buy-out assisted by external investors. In total nearly £600k of funding was introduced with a further £700k due to be injected subject to certain milestones being met in terms of on-going negotiations with insurers for extra capacity.
- 2.13 Phenix entered into a loan agreement with Riberia Capital Limited ("Riberia"). While negotiating the loan agreement with Riberia financial information was provided as to the financial standing of Proficia including a Draft Statement of Affairs as at 31 March 2019. At that date Proficia's liabilities exceeded its assets by £280,521, it was holding cash of £332,413 and it was indebted to its parent company, Phenix, for £262,507.
- 2.14 Mr Vincent Jacheet was a director of the company's parent company, Phenix Holdings Limited. Mr Jacheet himself was and is not a director, employee, shareholder or creditor of Proficia. Mr Jacheet has stated that he believed that the basis of an agreement entered into between Phenix and Riberia was to provide funding which would ultimately benefit Riberia. A further General Service Agreement was entered into between Proficia and CRL Management Limited which he anticipated would result in significant administration work being undertaken by Proficia on behalf of CRL Management Limited which would generate income for Proficia and that commercial synergies would result.

- 2.15 Mr Jacheet has further stated that Phenix, the holding company, suffered significant damage out of the obligations not being fulfilled by Riberia and ultimately this is what caused the Company to be placed in Administration. Mr Jacheet has requested that I reflect on these matter and pursue;
 - a) Riberia to fulfil its obligations under the Loan agreement; and
 - b) CRL Management Ltd for its failure to fulfil its obligations under a General Services Agreement.

I have sought legal advice into these matters.

- 2.16 I have been advised that Ribera Capital Limited ("Ribera") was interested in investing in Phenix and its subsidiaries and spent time, incurred expenses in negotiating a shareholders agreement and a loan agreement. On foot of those agreements an initial loan of £35,000 on foot of a loan facility of £500,000 agreed with Phenix was paid. In addition to shares in Phoenix Ribera was offered and received a fixed and floating charge registered at the Companies Registry over the assets of Phoenix and specifically physical assets being Furniture, Fittings & Equipment per a schedule provided titled European Insurance Services Limited. It is noted that as at 31 December 2017 then trading as European Insurance Services Limited's Proficia had an interest in similar assets were estimated to have a net value of €173,222
- 2.17 It appears that shortly after the loan facility was agreed the relationship between the shareholders broke down and this was aggravated by Phenix's subsidiary companies significantly failing to meet its forecasted turnover for May 2019. Ribera sought to immediately affect changes to the business in return for further loan drawdowns but it has been alleged that these new conditions were not met and the funding was not provided.
- 2.18 When Proficia was acquired by Phenix nearly "£600k of funding was introduced with a further £700k due to be injected subject to certain milestones being met in terms of ongoing negotiations with insurers for extra capacity." The further £700k of additional funding was never obtained by Proficia and it must be assumed that it failed to achieve certain milestones.
- 2.19 Whilst reviewing the financial affairs of the companies I was provided with a trail of approximately 500 emails relating to the affairs of Phenix and Proficia which included a number of emails issued by directors of Proficia between the 9th and 11th June 2019 which summarised the relationship between CRL Management Limited and the company.
- 2.20 Individuals acting on behalf of Proficia appear to have acted to seek advice from an insolvency practitioner from March 2019 as to the financial affairs of Proficia and on foot of advice received Proficia stopped trading on 31st May, disbanded its staff, sold its furniture and IT and allowed the landlord to take back its premises.
- 2.21 I have still not been provided with a Sworn Statement of Affairs for Proficia as at the date of Administration. I previously provided details of the company's financial position as at the following dates;
 - a) As at 31 December 2017 the company had Net Assets of €6,810,161 which included cash and cash equivalents of €6,039,705.

b) In negotiating the loan agreement with Riberia financial information was provided as to the financial standing of Proficia including a Draft Statement of Affairs as at 31 March 2019. At that date Proficia's liabilities exceeded its assets by £280,521, it was holding cash of £332,413 and it was indebted to its parent company, Phenix, for £262,507.

WHAT MONIES THE COMPANY RECEIVED ON BEHALF OF CLIENTS, HOW THESE WERE DEALT WITH AND WHO MAY BE ENTITLED TO MONIES HELD IN ITS BANK ACCOUNT AS AT THE DATE OF ADMINISTRATION;

- 2.22 I was appointed as Administrator of Proficia Solutions Limited at 4.19 pm on 8 August 2019. I sought further information in relation to the source of the €87,859.21 lodged to this account after 22 May 2019 of which €84,021.76 remains in the account.
- 2.23 In addition to the €87,859.21 lodged to the account between 22 May 2018 and 17 June 2018 the account should also have held €14,700 from an unrecognized premium received during June 2017 and a further €139,316.13 which was due to CBLIE but withheld by Proficia due to monies due to it by CBL.
- 2.24 A significant proportion of the monies held in the account was transferred from Proficia France which is being wound up under the relevant provisions of the legislation in France.
- 2.25 As previously reported CBLIE served the company with a Statutory Demand on 14 June 2019 for the €139,316.13 Withheld by Proficia and this Statutory Demand was not challenged by the company.
- 2.26 My investigations into the entitlement of the monies in this account are ongoing and I have instructed McKees Solicitors to advise me. Due to the continued absence of securing information and documentation in relation to the company's affairs I have been advised to recover the monies from the company's account with HSBC until it can be determined who is entitled to same.

INVESTIGATING THE SALE OF THE COMPANY'S PHYSICAL ASSETS WITHIN A WEEK OF PROFICIA CEASING TO TRADE, THE FAILURE TO MAINTAIN A FULL BACK UP OF ITS SERVERS BEFORE THEY WERE WIPED BY THE PURCHASER AND HOW THE SALE PROCEEDS WERE DEALT WITH;

- 2.27 In Proficia's accounts filed in the Companies Registry as at 31 December 2017 it was stated that it had an interest Furniture, Fittings & Equipment which were estimated to have a net value of €173,222.
- 2.28 When Phenix was seeking funding from Riberia it offered and provided a fixed and floating charge over the assets of Phoenix and specifically physical assets being Furniture, Fittings & Equipment per a schedule provided titled European Insurance Services Limited which were estimated to have a net value of €173,222.

- 2.29 I have been investigating the realisation of the company's physical assets and had been provided with a comprehensive bundle of correspondence of emails by the directors. The bundles comprised of correspondence between the directors and David Perkins the Licensed Insolvency Practitioner advising the directors and Adam Costigan of Realise Solutions appointed to advise on the assets. In my Administrator's Progress Report to 7 February 2020 I summarised the emails relating to the sale of physical assets during the period prior to my appointment as Administrator and subsequent representations made to me by the directors, former advisor and agents instructed by the company.
- 2.33 Both Realise Solutions and I have instructed solicitors in this matter and although I have received some information and a CD Rom disc containing approximately 2.5 GB of encrypted data which is purported to be a backup of the company's servers. I am in correspondence with the former IT suppliers to the company to establish what backup's they have retained and whether they can access the 2.5 GB of information contained on the CD Rom provided. The failure of the company to maintain its records has significantly hampered me in winding up the company's affairs. Upon receipt of further information and documentation from Realise Solutions and a report on the 2.5 GB of data on a CD Rom I will continue my investigations into this matter.

SECURING THE COMPANY'S BOOKS AND RECORDS AND ARRANGING, WHERE APPROPRIATE, FOR THE RETURN OF SOFT AND HARD COPY RECORDS HELD ON BEHALF OF CLIENTS;

- 2.34 The company maintained a server with soft copies of both its own and clients records. As set out above the server was sold and the purchaser was required to provide a copy of the backup of the server. As set out above I have recently been provided with a CD Rom which holds approximately 2.5 GB of encrypted data.
- 2.35 A significant quantity of the company's records were still located at the company's premises. Three members of my staff have attended at the premises and spent considerable time reviewing the records there. They have arranged for a quantity to be placed into storage with the company's storage company and for a significant quantity to be transferred to my offices for further inspection.
- 2.36 The company maintained an external cloud provider however there was approximately £70,000 due to that firm which they were seeking be paid.
- 2.37 I have engaged in correspondence with the company which provided the company with IT services and they have confirmed their current position and what will be required in order to try and recover data from the backup's held by them. I shall be seeking to reach an agreement with that firm in order to recover the 2.5 GB of data held on the CD Rom and backup's retained by them. I have also engaged in correspondence with the representatives of various clients in relation to the potential delivery up of both the company's client records held in both soft and hard copies. Due to Covid 19 and the delay in the purchaser of the servers providing a backup it has been difficult to sufficiently progress matters. Now that a purported backup has been provided and Covid 19 restrictions are being lifted it is hoped that progress will be made in this regard over the coming months.

SECURING INFORMATION AND DOCUMENTATION RELATING TO THE AFFAIRS OF THE COMPANY FROM THE DIRECTORS AND FORMER ADVISORS TO THE COMPANY;

- 2.38 The directors of the company were Mr S Lockwood and Mr P Galeon. I have met with Mr Lockwood on two occasions and been engaged in considerable correspondence with Mr Lockwood. I have also met with Mr Galeon and been engaged in correspondence with him in relation to the affairs of the company.
- 2.39 I have also been engaged in correspondence with the last two firms of accountants retained by the company and its solicitors and they have provided me with information and documentation which I have considered.
- 2.40 The firm of Licensed Insolvency Practitioners retained by the company from March 2019 have provided me with their correspondence files in relation to the affairs of the company which has been of assistance to me.
- 2.41 As set out above my solicitors I will liaise with the former provider of IT services to the company in order to secure soft copies of the company's records.

INVESTIGATING AND RESPONDING TO THE ALLEGED POTENTIAL CONFLICT OF INTEREST OF ORLA WALLACE ACTING AS ADMINISTRATOR OF PROFICIA GIVEN AN ALLEGED AND UNSUPPORTED SUGGESTION OF AN APPARENT LONG HISTORY AND RECURRING BUSINESS RELATIONSHIP WITH RIBERIA AND ALSO ACTING AS SUPERVISOR OF CRL MANAGEMENT LIMITED;

- 2.42 I set out in my Progress Report to 7 February 2020 the requests made by Mr Galeon for me to provide information in relation to my relationship with Riberia Capital Limited which I provided and reported to creditors.
- 2.43 I do not consider that I am conflicted from acting as Administrator / Liquidator of Proficia Solutions Limited based upon concerns raised with me or any other matters.

INVESTIGATION INTO THE CIRCUMSTANCES SURROUNDING THE DETERIORATION IN THE COMPANY'S FINANCIAL POSITION FROM THE DATE OF ITS LAST ACCOUNTS TO THE DATE OF ITS ADMINISTRATION.

2.44 As at 31 December 2017 the company had Net Assets of €6,810,161 which included cash and cash equivalents of €6,039,705. The directors of Proficia decided to pay a dividend to its holding company on Thursday, 1 February 2018 of €700,000 when on both Friday, 2 February 2018 and on Monday, 5 February 2018 its ultimate parent company's shares were halted on the New Zealand Stock exchange and on 8 February 2018 those same shares were suspended.

- 2.45 On 14 February 2018 CBL Corporation Limited, the ultimate parent undertaking of the Company, announced it was to exit its French Construction Business and was seeking an orderly sale of its European subsidiaries, including the company. One of the given reasons for the failure of its ultimate parent company was "It was rising claims costs in CBL Insurance's similar, but much larger, building guarantee business in France that tipped CBL Insurance into trouble." Despite these events the directors of Proficia decided to continue trading.
- 2.46 As previously indicated I had instructed McKee's solicitors to advise me in relation to various matters relating to the affairs of the company. Under direct access provisions I have also instructed an experienced London based counsel to provide me with advice in relation to various matters arising during the course of the Administration. After providing an extensive brief and bundle of documents to counsel and a remote consultation I have been provided with a 24 page letter of advice wherein counsel has advised that there are Prime Facie claims available to the company against various parties. However, in order not to prejudice the conduct of the Administration and any future proceedings I do not propose to disclose counsels full advices at this time.
- 2.47 Based upon counsels advices I am securing further information and documentation relating to the company's affairs and intend over the coming weeks to instruct solicitors to formally instruct counsel in order to pursue matters raised.

The Administrator's Final Receipts and Payments Account

- 2.48 Attached at Appendix III is a receipts and payments account for the Period of Administration. The rest of this report describes the key developments in the Administration over the Review Period. For a detailed list of work undertaken by the Administrator as a whole, see Appendix V.
- 2.49 In this section, I have summarised the main asset realisations during the Review Period and an estimation of those assets yet to be realised, together with details of the associated costs incurred but as yet remaining unpaid.

Administration (including statutory reporting)

- 2.50 The Administrator has met a considerable number of statutory and regulatory obligations. Whilst many of these tasks have not had a direct benefit in enhancing realisations for the insolvent estate, they have assisted in the efficient and compliant progressing of the administration, which has ensured that the Administrator and her staff have carried out their work to high professional standards.
- 2.51 These tasks have included:
 - Informing all relevant persons of the commencement of the Administration, including filing statutory documents at Companies House and meeting statutory advertising requirements;
 - Issuing the Administrators Proposals, seeking relevant creditors' approvals and issuing notice of the outcome;
 - Drafting and issuing this progress report to creditors;
 - Consulting with and instructing staff and independent advisers as regards practical, technical and legal aspects of the case to ensure efficient progress;

- Maintaining case files, which must include records to show and explain the administration and any decisions made by the Administrator that materially affect the administration;
- Monitoring and maintaining an adequate statutory bond;
- Conducting periodic case reviews to ensure that the administration is progressing efficiently, effectively and in line with the statutory requirements; and
- Maintaining and updating the estate cash book and bank accounts, including regular bank reconciliations and processing receipts and payments;

Trading

2.52 As at the date of my appointment Proficia had already ceased trading and accordingly during the course of the Administration of Phenix there has been no trading.

Realisation of assets

2.53 As the date of my appointment Proficia's only assets comprised of cash at bank, monies held by its agent and a debt due to it by Proficia. The cash at bank and monies held by its solicitors have been recovered as set out at section 1.2 above. Due to the nature of the assets none were realised to connected parties. The company's bankers are holding €87k which upon legal advice received I have requested that these monies be transferred to my Administrator's bank account.

Estimated future realisations

2.54 It is still too early to determine what monies will become available during the course of the Liquidation from the €87k held in its bank account and possible further recoveries on foot of matters upon which counsel has provided a favourable opinion.

Costs incurred but remaining unpaid

2.55 The following table summarises the costs incurred during the Review Period, but which as yet remain unpaid:

Amount (£)
13,271.76
1,200.00
14,471.76

- 2.56 Any costs incurred but not yet invoiced will be discharged from the liquidation estate funds.
- 2.57 During the Review Period I, as Administrator, have also incurred time costs and direct expenses not all of which have yet been discharged.

3. CREDITORS: CLAIMS AND DISTRIBUTIONS

Preferential creditors

- 3.1 An interim Preferential claim has been received of £24,014.89. During the Review Period no distribution has been made to Preferential Creditors.
- 3.2 Subject to successful outcomes in relation to a number of matters it is anticipated that Preferential creditors will be paid in full.

Unsecured creditors

3.3 Until further progress is made in relation to matters raised herein it is not possible to determine how much may become available for unsecured creditors. However, it is anticipated that a dividend will become payable to unsecured creditors.

Claims Process

3.4 Due to the possible distribution to unsecured creditors, you are requested to submit claims to the address on the front of this report. A Proof of Debt form is attached at Appendix VII.

4. INVESTIGATIONS

- 4.1 As part of the Administrators statutory duties, an investigation into the conduct of the Company Directors was completed. In this regard, a confidential report was submitted to The Insolvency Service on 7 November 2019.
- 4.2 As part of my investigations I am considering, among other matters, the following:
 - statutory compliance issues;
 - misfeasance or breach of duty; and
 - antecedent transactions (including transactions at an undervalue and preferences).
- 4.3 Creditors who wish to draw any matters to the attention of the Liquidator should write to the Liquidator at the address given on the front of this report.

Assessment of Potential Recoveries

- 4.4 As part of the duties as Administrator, I am obliged to review shortly after appointment all the information available to us and conduct an initial assessment of whether there are any matters which may lead to any recoveries for the benefit of creditors. This would typically include any potential claims which may be brought against parties either connected to or who have past dealings with the Company.
- 4.5 This review has been done and counsels advices have been sought based upon matters identified. My investigations into various matters as set out in this report are ongoing.

5. THE ADMINISTRATORS FEES AND EXPENSES

Pre-Administration Costs

5.1 In my "Statement Of The Administrators Proposals" dated 30 September 2019 I reported that the Pre-Appointment Costs of £4,147.80 (being £3,546.50 plus VAT) had been incurred and sought approval of same. These Pre-Administration Costs were approved by creditors and have since been discharged.

The Administrators Fees

5.2 In my "Statement Of The Administrators Proposals" dated 30 September 2019 I reported that The Administrator proposed to be remunerated on the basis of the time properly given by the Administrator and her staff and consultant in attending to matters arising in the Administration, such time to be charged at the prevailing standard hourly charge out rates used by Wallace & Co Ltd at the time the work is performed (plus VAT). The basis of the Administrators fees were fixed on by the creditors as follows not to exceed £40,000 plus VAT and outlay without further approval:

"That the Administrators fees be fixed by reference to the time given by the administrator, her staff and consultant in attending to matters arising in the Administration, such time to be charged at the hourly charge out rate of the grade of staff undertaking the work at the time it was undertaken."

- 5.3 A breakdown of the time costs incurred during the Review Period and for the Administration as a whole is provided at Appendix IV and further information regarding the charge-out rates of the Administrator and her staff is provided at Appendix V.

Creditors' right to request information

5.8 Any secured creditor, or unsecured creditor with the support of at least 5% in value of the unsecured creditors or with permission of the Court, may request in writing the Administrator to provide additional information regarding fees or expenses to that already supplied within this report. Such requests must be made within 21 days of receipt of this report.

Creditors' right to challenge fees and/or expenses

- 5.9 Any secured creditor, or unsecured creditor with the support of at least 10% in value of the unsecured creditors or with permission of the Court, may apply to the Court for one or more orders, reducing the amount or the basis of fees which the Administrator is entitled to charge or otherwise challenging some or all of the expenses incurred.
- 5.10 Such applications must be made within 8 weeks of receipt by the applicant(s) of the progress report detailing the fees and/or expenses being complained of.
- Please note that such challenges may not disturb fees or expenses (whether or not discharged from the estate) disclosed in prior progress reports.

6. THE OUTCOME OF THE ADMINISTRATION

Comparison of the outcome with the Administrators Proposals

- 6.1 Attached at Appendix II is a summary of the Administrators' Proposals as approved. It had been envisaged that the second Administration objective would be achieved, namely that there would be a better result for creditors as a whole than would be likely if the Company were wound up (without first being in Administration). As described above, it can be seen that this Administration objective was achieved.
- 6.2 The balance in the Administrators' account of £13.49, together with control of the remaining assets yet to be realised and claims to be progressed as described above, is being transferred to me, as Liquidator. I am confident that sufficient monies will be recovered in order to discharge the outstanding costs of Administration, Preferential liabilities and pay a dividend to Non Preferential Creditors. It would likely be prejudicial to future litigation for me to give estimates as to how much is likely to be recovered from each potential source during the course of the Liquidation. Accordingly, I have not provided a Projected Outcome Statement with this report.
- 6.3 I, as Administrator, am now moving the Company from Administration to Creditors' Voluntary Liquidation to enable matters to be progressed and a dividend to be paid to unsecured creditors. I, as Liquidator, will also continue to pursue the remaining assets and other matters described in this report. As noted in Appendix II, the Administrators approved Proposals included that, absent any alternative nomination, the Administrator would take the appointment as Liquidator without further recourse to the creditors. There were no other nominations and therefore I, as Administrator, will be appointed Liquidator.

- (iii) Administration), she shall send to the registrar of companies notice to move the Company from Administration to Creditors' Voluntary Liquidation. In such circumstances Orla Wallace will be appointed Liquidator and will be authorised to act in undertaking her duties as Liquidator. Creditors may nominate a different person or persons as the proposed liquidator or liquidators in accordance with Paragraph 83(7)(a) of Schedule B1 of the Act and Rule 3.60(6)(b) of the Rules, but they must make the nomination or nominations at any time after they receive the Statement of Proposals, but before it is approved. Information about the process of approval of the Statement of Proposals is set out at Section 8; or
- (iv) alternatively, and should there be no likely funds to distribute to unsecured creditors, the Administrator may seek to place the Company into Compulsory Liquidation in order to bring proceedings that only a Liquidator may commence for the benefit of the estate. In such circumstances, Orla Wallace may ask the court to be appointed Liquidator in undertaking her duties as Liquidator.

Disbursements

In accordance with Statement of Insolvency Practice 9 (SIP9) the basis of disbursement allocation in respect of disbursements incurred by the Office Holder in connection with the administration of the estate must be fully disclosed to creditors. Disbursements are categorised as either Category 1 or Category 2.

Category 1 expenses are directly referable to an invoice from a third party, which is either in the name of the estate or Wallace & Co Ltd; in the case of the latter, the invoice makes reference to, and therefore can be directly attributed to, the estate. These disbursements are recoverable in full from the estate without the prior approval of creditors either by a direct payment from the estate or, where the firm has made payment on behalf of the estate, by a recharge of the amount invoiced by the third party. Examples of category 1 disbursements are statutory advertising, external meeting room hire, external storage, specific bond insurance and company search fees.

Category 2 expenses are costs that are directly referable to an appointment but not to a payment to an independent third party. They may include shared or allocated costs that can be allocated to an appointment on a proper and reasonable basis. These disbursements are recoverable in full from the estate, subject to the basis of the disbursement charge being approved by creditors in advance. It is our normal practice to charge the following category 2 disbursements to cases where appropriate:

- Photocopying to be charged for circulars to creditors and bulk copying of 10 pages or more at 5 pence per sheet (black and white) and 10 pence per sheet (colour).
- Mileage to be charged at HM Revenue & Customs approved rate which is currently 45 pence per mile.
