For the year ending 31 August 2022 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors responsibilities:

- The members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476;
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements.

These financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies' regime and in accordance with Section 1A of FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

In accordance with section 444 of the Companies Act 2006, the statement of comprehensive income has not been delivered.

These financial statements were approved by the board of directors and authorised for issue on 23 May 2023 , and are signed on behalf of the board by:

Mr. A. J. Edmondson

Director

Company registration number: 06481363

Purely Digital Limited

Notes to the financial statements

Year ended 31 August 2022

1. General information

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is 7 Jubilee Parkway, Jubilee Business Park, off Stores Road, Derby, DE21 4BJ.

2. Statement of compliance

These financial statements have been prepared in compliance with the provisions of FRS 102, Section 1A, 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Turnover

Turnover is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of discounts and Value Added Tax.

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer (usually on despatch of the goods); the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity; and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

Taxation

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in the statement of comprehensive income, except to the extent that it relates to items recognised in other comprehensive income or directly in capital and reserves. In this case, tax is recognised in other comprehensive income or directly in capital and reserves, respectively. Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

Operating leases

Lease payments are recognised as an expense over the lease term on a straight-line basis. The aggregate benefit of lease incentives is recognised as a reduction to expense over the lease term, on a straight-line basis.

Tangible assets

tangible assets are initially recorded at cost, and are subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other comprehensive income and accumulated in capital and reserves, except to the extent it reverses a revaluation decrease of the same asset previously recognised in profit or loss. A decrease in the carrying amount of an asset as a result of revaluation is recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in capital and reserves in respect of that asset. Where a revaluation decrease exceeds the accumulated revaluation gains accumulated in capital and reserves in respect of that asset, the excess shall be recognised in profit or loss.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Plant and machinery	- 25% straight line less residual value
Fixtures, fittings and equipment	- 15% reducing balance
Motor vehicles	- 25% reducing balance
Computer equipment	- 33.33 % straight line

If there is an indication that there has been a significant change in depreciation rate, useful life or residual value of tangible assets, the depreciation is revised prospectively to reflect the new estimates.

Impairment

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date. When it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the stocks to their present location and condition.

Government grants

Government grants are recognised at the fair value of the asset received or receivable. Grants are not recognised until there is reasonable assurance that the company will comply with the conditions attaching to them and the grants will be received. Government grants are recognised using the accrual model and the performance model. Under the accrual model, government grants relating to revenue are recognised on a systematic basis over the periods in which the company recognises the related costs for which the grant is intended to compensate. Grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs are recognised in income in the period in which it becomes receivable. Grants relating to assets are recognised in income on a systematic basis over the expected useful life of the asset. Where part of a grant relating to an asset is deferred, it is recognised as deferred income and not deducted from the carrying amount of the asset. Under the performance model, where the grant does not impose specified future performance-related conditions on the recipient, it is recognised in income when the grant proceeds are received or receivable. Where the grant does impose specified future performance-related conditions on the recipient, it is recognised in income only when the performance-related conditions have been met. Where grants received are prior to satisfying the revenue recognition criteria, they are recognised as a liability.

Provisions

Provisions are recognised when the entity has an obligation at the reporting date as a result of a past event; it is probable that the entity will be required to transfer economic benefits in settlement and the amount of the obligation can be estimated reliably. Provisions are recognised as a liability in the statement of financial position and the amount of the provision as an expense. Provisions are initially measured at the best estimate of the amount required to settle the obligation at the reporting date and subsequently reviewed at each reporting date and adjusted to reflect the current best estimate of the amount that would be required to settle the obligation. Any adjustments to the amounts previously recognised are recognised in profit or loss unless the provision was originally recognised as part of the cost of an asset. When a provision is measured at the present value of the amount expected to be required to settle the obligation, the unwinding of the discount is recognised in finance costs in profit or loss in the period it arises.

Financial instruments

A financial asset or a financial liability is recognised only when the company becomes a party to the contractual provisions of the instrument. Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Debt instruments are subsequently measured at amortised cost. Where investments in non-convertible preference shares and non-puttable ordinary shares or preference shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in profit or loss. All other such investments are subsequently measured at cost less impairment. Other financial instruments, including derivatives, are initially recognised at fair value, unless payment for an asset is deferred beyond normal business terms or financed at a rate of interest that is not a market rate, in which case the asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Other financial instruments are subsequently measured at fair value, with any changes recognised in profit or loss, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss immediately. For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics. Any reversals of impairment are recognised in profit or loss immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in future payments or a cash refund. When contributions are not expected to be settled wholly within 12 months of the end of the reporting date in which the employees render the related service, the liability is measured on a discounted present value basis. The unwinding of the discount is recognised in finance costs in profit or loss in the period in which it arises.

4. Employee numbers

The average number of persons employed by the company during the year amounted to 5 (2021: 7).

5. Profit/loss before taxation

Profit/loss before taxation is stated after charging/(crediting):

	2022	2021
	£	£
Depreciation of tangible assets	17,104	20,427

6. Tax on profit/loss

Major components of tax expense/income

	2022	2021
	£	£
Current tax:		
UK current tax expense	11,448	-
Total UK current tax	11,448	-
Deferred tax:		
Origination and reversal of timing differences	(228)	(1,938)
Tax on profit/loss	11,220	(1,938)

7. Tangible assets

	Plant and machinery	Fixtures, fittings and equipment	Motor vehicles	Computer equipment	Total
	£	£	£	£	£
Cost					
At 1 September 2021	451,702	13,504	16,845	42,024	524,075
Additions	2,125	-	4,630	6,097	12,852
Disposals	-	-	-	(1,045)	(1,045)
At 31 August 2022	453,827	13,504	21,475	47,076	535,882
Depreciation					
At 1 September 2021	407,876	10,164	9,378	39,047	466,465
Charge for the year	11,068	502	2,446	3,088	17,104
Disposals	-	-	-	(733)	(733)
At 31 August 2022	418,944	10,666	11,824	41,402	482,836
Carrying amount					
At 31 August 2022	34,883	2,838	9,651	5,674	53,046
At 31 August 2021	43,826	3,340	7,467	2,977	57,610

8. Debtors

	2022	2021
	£	£
Trade debtors	70,602	81,969
Other debtors	10,797	12,793
	81,399	94,762

9. Investments

	2022	2021
	£	£
Other investments	167,181	168,982

10. Creditors: amounts falling due within one year

	2022	2021
	£	£
Bank loan	9,559	8,333
Trade creditors	24,632	51,252
Corporation tax	11,448	-
Social security and other taxes	12,258	10,753
Other creditors	20,868	19,623
	78,765	89,961

The bank loan due within one year is an unsecured bounceback loan taken out during the COVID-19 pandemic repayable over 6 years.

11. Creditors: amounts falling due after more than one year

	2022	2021
	£	£
Bank loan	12,441	39,167

The bank loan due after more than one year is an unsecured bounceback loan taken out during the COVID-19 pandemic repayable over 6 years.

12. Provisions

	Deferred tax (note 13)	Total
	£	£
At 1 September 2021	7,616	7,616
Movement in the year	(228)	(228)
At 31 August 2022	7,388	7,388

13. Deferred tax

The deferred tax included in the statement of financial position is as follows:

	2022	2021
	£	£
Included in provisions (note 12)	7,388	7,616

The deferred tax account consists of the tax effect of timing differences in respect of:

	2022	2021
	£	£
Accelerated capital allowances	7,388	7,616

The provision for deferred taxation relates entirely to accelerated capital allowances.

14. Operating leases

The company as lessee

The total future minimum lease payments under non-cancellable operating leases are as follows:

	£	£
Not later than 1 year - land and buildings	8,500	8,500

15. Directors advances, credits and guarantees

During the year the directors entered into the following advances and credits with the company:

2022

	Balance brought forward £	Advances /(credits) to the directors £	Amounts repaid £	Balance o/standing £
Mr. G. W. Gillott	1,082	2,000	(6,000)	(2,918)
Mr. A. J. Edmondson	(9,997)	32,286	(30,000)	(7,711)
	<u>(8,915)</u>	<u>34,286</u>	<u>(36,000)</u>	<u>(10,629)</u>

2021

	Balance brought forward £	Advances /(credits) to the directors £	Amounts repaid £	Balance o/standing £
Mr. G. W. Gillott	7,082	-	(6,000)	1,082
Mr. A. J. Edmondson	(3,933)	23,936	(30,000)	(9,997)
	<u>3,149</u>	<u>23,936</u>	<u>(36,000)</u>	<u>(8,915)</u>

The director's current account in respect of G. W. Gillott had a maximum overdrawn balance of £2,082 (2021: £1,082).

16. Controlling party

The company is controlled by the directors.
