The directors consider that the company is entitled to exemption from the requirement to have an audit under the provisions of section 477 of the Companies Act 2006 ("the Act") and members have not required the company to obtain an audit for the year in question in accordance with section 476 of the Act.

The directors acknowledge their responsibilities for complying with requirements of the Companies Act 2006 with respect to accounting records and for preparing financial statements which give a true and fair view of the state of affairs of the company as at 31 May 2015 and of its profit for the year in accordance with the requirements of sections 394 and 395 of the Act and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The abbreviated accounts which have been prepared in accordance with the special provisions relating to companies' subject to the small companies' regime within Part 15 of the Companies Act 2006, were approved and authorised for issue by the board and were signed on its behalf by:

Mark Anthony Ames
Director
Date: 10 June 2016

The accompanying notes form part of these financial statements.

Notes to the Abbreviated Accounts.

For the year ended 31 May 2015

1. Accounting Policies

1.1 Basis of preparation of financial statements

The full financial statements from which these abbreviated accounts have been extracted have been prepared under the historical convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

1.2 Turnover

The turnover shown in the profit and loss account presents amounts earned during the year exclusive of Value Added Tax.

1.3 Financial Instruments

Financial liabilities and equity instruments are classified according to the substance of contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as liabilities. Financial liabilities are presented as such in the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability.

Where the contractual terms of share capital do not have any terms meeting the definition of the financial liability then this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity.
