1. Introduction

On 16 October 2018, Lisa Marie Moxon and Christopher Benjamin Barrett of Dow Schofield Watts Business Recovery LLP were appointed as Joint Administrators of the Company by its director. Statutory information concerning the Company and the Joint Administrators is set out at **Appendix A**.

This is the Joint Administrators' second progress report to creditors showing how the administration has been conducted. The report covers the period from 16 April 2019 to 15 October 2019.

This progress report should be read in conjunction with the previous progress report issued to creditors on 2 May 2019 and the Joint Administrators' proposals which were issued to creditors on 11 December 2018. No decision of creditors regarding approval of the proposals was required and the Joint Administrators' proposals were deemed approved on 27 December 2018.

There have been no major deviations from or amendments to the approved proposals.

I consider that the EU Regulation on Insolvency Proceedings applies and that these are "main proceedings" as defined in Article 3 of the EU Regulation as the centre of main interests of the Company is in the United Kingdom.

2. Administrators' actions during the period

Following our appointment, we dealt with the initial statutory requirements, including statutory advertising and notifications to the Registrar of Companies, members and creditors of the Company, and took steps to achieve the purpose of administration.

2.1 Objective of the administration and the Joint Administrators' strategy

The purpose of an administration is to achieve one of the three hierarchical objectives set out in the insolvency legislation, which are to:

- (a) rescue the company as a going concern; or
- (b) achieve a better result for the company's creditors as a whole than would be likely if the company were wound up (without first being in administration); or
- (c) realise property in order to make a distribution to one or more secured or preferential creditors.

Objective (a) could not be achieved as no purchaser could be found for the shares of the Company and the financial circumstances of the Company meant that a Company Voluntary Arrangement was not appropriate.

The Joint Administrators' initial strategy was to try and achieve objective (b) through a sale of the business and certain assets of the Company following a short period of pre-appointment marketing. This would have increased the value of the assets to be realised, allowed the employees of the Company to transfer to a purchaser thereby limiting employee claims and achieved a better result for the Company's creditors as a whole. Due to the lack of interest in the business the objective could not be achieved.

As a result, we are seeking to achieve objective (c) and agents were instructed to sell the Company's tangible assets to allow a distribution to be made to secured and preferential creditors.

2.2 Joint Administrators' receipts and payments account

The Joint Administrators' receipts and payments account for the period from 16 April 2019 to 15 October 2019, and cumulatively from the commencement of the administration to 15 October 2019 is attached at **Appendix B**.

Asset realisations to date total £26,966. Payments totalling £17,276 have been made in respect of expenses of the administration. Further details are set out below.

The administration estate funds are held in an interest-bearing account in the name of the Company and controlled by the Joint Administrators.

2.3 Asset Realisations

Encumbered Plant and Machinery – Hitachi Capital (UK) Plc

The Company had plant and machinery subject to Hire Purchase agreements with Hitachi Capital (UK) Plc ("Hitachi"). The plant and machinery had a book value of £36,142 with an estimated to realise value of £3,600 as per the valuation provided by JPS Chartered Surveyors ("JPS"). The liability owing to Hitachi at the date of appointment was £1,611, therefore there was potential equity in the agreement of £1,989. On 29 October 2018, the equity was purchased by Norvap International Limited for £5,250 plus VAT. Norvap International Limited was a connected company at the date of purchase by virtue of the common directorship of Philip Gostling.

Following the acquisition of the equity in the agreement, Norvap International Limited took the decision not to novate the finance agreement across to Norvap International Limited and as such the vehicle remained an asset of the Company.

During the period, the vehicle was sold by JPS to an independent third party for £1,900 plus VAT. A settlement fee was requested from Hitachi in respect of the outstanding agreement and the sum of £1,257 was paid to Hitachi.

Director's Loan Account

At the date of administration, the Company was owed the sum of £29,005 by its director, Philip Gostling, in respect of an overdrawn director's loan account. The estimated to realise value was shown as uncertain.

On 12 March 2019, a bankruptcy order was made against Mr Gostling. In the previous reporting period, a claim had been lodged in the bankruptcy. The dividend prospects for unsecured creditors are currently uncertain. A further update will be provided in the next progress report to creditors.

Intercompany loan - Gostling Ltd – in Administration ("Gostling")

At the date of administration, the Company was owed the sum of £75,000 by Gostling in respect of an intercompany loan. The Company also owed the sum of £39,624 to Gostling as at the date of administration and therefore, after applying set off, the sum of £35,376 is due to the Company by Gostling. Gostling is a connected company by virtue of the common directorship and shareholding of Philip Gostling.

Gostling was placed into administration on 26 February 2019 with Henry Anthony Shinnars and Emma Louise Thompson of Smith and Williamson LLP being appointed Joint Administrators. The Joint Administrators have advised Smith and Williamson LLP of their claim against Gostling.

The Joint Administrators' first progress report indicates that based on current information, it is likely that a dividend will be paid to Gostling's unsecured creditors by way of a Prescribed Part distribution. At the current time, the exact quantum and timing of any such distribution is uncertain.

A further update will be provided in the next progress report to creditors.

Intercompany loan – Arc Multi-Metal Services Ltd – in Liquidation ("Arc")

At the date of administration, the Company was owed the sum of £94,428 by Arc in respect of an intercompany loan. The Company also owed the sum of £78,909 to Arc as at the date of administration and therefore, after applying set off, the sum of £15,519 is due to the Company. Arc is a connected company by virtue of the common directorship and shareholding of Philip Gostling.

Arc was placed into liquidation on 15 November 2018 with Henry Anthony Shinnars and Andrew Stephen McGill of Smith & Williamson LLP as Joint Liquidators.

Dividend prospects for unsecured creditors remain uncertain. As previously reported, the Joint Administrators have submitted a claim in the liquidation and a further update will be provided in the next progress report to creditors.

Bank interest

Bank interest totalling £16 was received to the date of our previous progress report. During the current period a further £19 has been received bringing total interest received to £35.

Triumph Stag Motor Vehicle

During the course of the Joint Administrators' investigations, they identified that the Company had acquired a Triumph Stag motor vehicle in 2014 which at the date of the administration was free of any finance and was in the possession of the director.

During the period, the Joint Administrators instructed JPS to uplift the vehicle from the director and arrange for it to be sold by private treaty.

The vehicle was listed in an online auction and whilst several bids were received, none of these reached the reserve price. An offer of £7,500 plus VAT was received from Joanne Gostling, the wife of the director, and on the advice of JPS, the sale was concluded outside of the reporting period on 17 October 2019.

The sale proceeds have been received by JPS and are held in their client account pending transfer to the administration account.

Investigations

The Joint Administrators have a duty to consider the conduct of those who have been directors of the Company at any time in the three years preceding the date of administration and submit a confidential report to the Insolvency Service Disqualification Unit. The confidential report on the conduct of the directors of the Company was submitted to the Insolvency Service during the first period of the administration.

The Joint Administrators are also required to investigate the affairs of the Company in general in order to consider whether any civil proceedings should be taken on its behalf.

Appropriate investigations have been carried out and there are a number of lines of enquiry that remain ongoing and, if appropriate, an update will be provided to creditors in the next progress report.

2.4 Extension to period of administration

On 30 September 2019, the period of administration was extended by 12 months by consent of the Company's secured and preferential creditors in order to allow additional time to conclude the realisation of a motor vehicle that was identified as belonging to the Company.

3. Proposed future actions of the Joint Administrators

In order to achieve the objective of the administration the Joint Administrators propose to finalise the recovery of the remaining assets and make a distribution to the preferential creditors.

We will also complete our investigations into the Company's affairs in the period prior to the administration and seek to realise any further assets that may be identified.

As the Company has insufficient assets to allow a distribution to unsecured creditors it is intended that once all matters in the administration are concluded the Company will be moved to dissolution.

We will continue to respond to any creditor queries and maintain records of creditor claims received.

Expenses of the administration

Approval of remuneration and disbursements

The Joint Administrators' proposals stated that approval would be sought for the Joint Administrators to draw their remuneration by reference to time properly spent by them and their staff in dealing with matters relating to the administration of the company. The Joint Administrators' remuneration on the basis outlined in the proposal was approved by the secured creditors on 13 August 2019 and by the preferential creditors on 5 June 2019.

It was also resolved that the Joint Administrators be authorised to draw Category 2 disbursements at the rates set out in **Appendix C** of this report.

The fees estimate provided to creditors prior to obtaining fee approval was £36,447.50 and the expenses estimate was £6,455. Remuneration cannot be drawn in excess of the fees estimate without further approval from creditors.

Remuneration and disbursements charged and paid in the period

The Joint Administrators' time costs and disbursements incurred and drawn during the current period from 16 April 2019 to 15 October 2019, during the previous period, and cumulatively for administration to date are as follows:

Remuneration	Incurred (£)	Paid (£)
From appointment on 16 October 2018 to 15 April 2019	25,731.50	0.00
From 16 April 2019 to 15 October 2019	10,277.00	0.00
	<hr/> 36,008.50	<hr/> 0.00
 Disbursements	 Incurred (£)	 Paid (£)
Category 1 disbursements from 16 October 2018 to 15 April 2019	642.30	0.00
Category 1 disbursements from 16 April 2019 to 15 October 2019	259.64	0.00
Category 2 disbursements from 16 October 2018 to 15 April 2019	91.80	0.00
Category 2 disbursements from 16 April 2019 to 15 October 2019	0.00	0.00
	<hr/>	<hr/>

Appendix C includes further details of these time costs and disbursements. This includes details of hourly charge out rates, a breakdown of the time costs incurred by work type and staff grade and an analysis of the disbursements incurred and paid.

At the date of this report the remuneration anticipated to be charged by the Administrators is likely to exceed the fees estimate. The original fee estimate was based on all matters relating to the administration being concluded within 12 months of appointment, and did not include any time costs in relation to an extension to the period of the administration.

Professional advisers and other expenses

The following professional advisers have been instructed to assist the Joint Administrators in this matter:

Professional Advisor	Nature of Work	Fee Arrangement
JPS Chartered Surveyors	Valuation of equipment and stock, advice on sale strategy, advice on offers received.	Time Costs / Commission
Taylor's Solicitors LLP	Assistance with appointment formalities and advice on validity of security.	Time Costs

The choice of professionals and the Joint Administrators' fee arrangement with them was based on our assessment of the nature and complexity of the work required and their experience and ability to perform that work.

Details of the administration expenses incurred and paid during the period from 16 April 2019 to 15 October 2019 are set out at **Appendix C**.

Pre-administration costs

On 13 August 2019, the secured creditors, and on 5 June 2019, the preferential creditors approved that the Joint Administrators be authorised to draw pre-administration costs of £11,181 plus VAT. The approved pre-appointment costs and amounts paid to date are as follows:

	Approved (£)	Paid (£)
Dow Schofield Watts Business Recovery LLP fees	4,654.50	4,654.50
Legal fees and disbursements: Taylor's Solicitors LLP	1,962.50	1,962.50
Agents' fees and disbursements: JPS Chartered Surveyors	4,564.00	4,564.00
Total	11,181.00	11,181.00

Creditors' guide to fees and creditors' rights regarding fees

Further information relating to administrators' remuneration can be found in the publication "A creditor's guide to administrators' fees" which can be accessed at the website of the Insolvency Practitioners' Association (www.insolvency-practitioners.org.uk > Regulation Guidance > Creditors Guides), or the Institute of Chartered Accountants in England & Wales (www.icaew.com > Technical Resources > By Industry or Sector > Insolvency > Creditors' guides to IP fees). The guide includes details of creditors' right to request information under Rule 18.9 of the Insolvency (England and Wales) Rules 2016 and their right to challenge administrators' remuneration and expenses under Rule 18.34. A summary of these rights is also set out in

Appendix C. A copy of the guide will be provided free of charge upon request to Dow Schofield Watts Business Recovery LLP.

Outcome for creditors

Secured Creditors

Assetz Capital Trust Company Limited ("Assetz") holds fixed and floating charges over the assets of the Company and was owed £4,594 at the date of administration. Assetz were provided with a cross guarantee from Gostling as additional security for the lending. Assetz have confirmed that they have recovered the balance outstanding under the terms of the cross guarantee. As such there is no balance outstanding to Assetz.

The North West Fund for Business Loans LP ("NWF") holds fixed and floating charges over the assets of the Company and was owed £50,222 at the date of administration in respect of a cross guarantee given by the Company for monies advanced to Northwest Anaesthesia Ltd ("Northwest"). Northwest is a connected company by virtue of the common directorship and shareholding of Philip Gostling. Northwest went into liquidation on 19 November 2018 thereby crystallising the guarantee. It is unlikely that any distribution will be paid to NWF under the terms of their charge.

The Security Trustee Services Limited ("Rate Setter") holds fixed and floating charges over the assets of the Company and was owed £257,812 at the date of administration in respect of a cross guarantee given by the Company for monies advanced to Norvap Ltd. ("Norvap"). Norvap is a connected company by virtue of the common directorship and shareholding of Philip Gostling. Norvap went into liquidation on 16 October 2018 thereby crystallising the guarantee. It is unlikely that any distribution will be paid to Rate Setter under the terms of their charge.

Preferential Creditors

The Company's former employees had preferential claims in respect of wage arrears and unpaid holiday pay at the date of administration. The Redundancy Payments Service will have a preferential claim to the extent that it has paid the employees' preferential claims.

The preferential claims have been estimated at £19,626. It is expected that a distribution will be paid to preferential creditors within the next two to three months.

Prescribed Part

In cases where a company gave a floating charge over its assets to a creditor on or after 15 September 2003, the prescribed part provisions set aside a proportion (the "prescribed part") of the funds that would otherwise have been available for distribution to floating charge creditors (the "net property") so that the prescribed part can be distributed to unsecured creditors.

As there are insufficient realisations to allow a distribution to the floating charge creditors, the net property and prescribed part are both nil.

Unsecured Creditors

The Company's unsecured creditors are estimated to total £2,928,492.

The level of asset realisations in this matter are insufficient to allow a distribution to unsecured creditors.

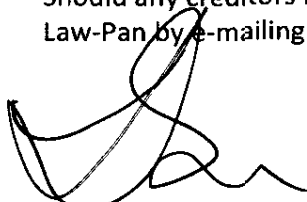

End of administration

Once the matters set out at section 3 above are concluded, it is the Joint Administrators' intention to exit the administration by moving the Company into dissolution. It is currently anticipated that this will take place before the next anniversary of our appointment.

The Joint Administrators have obtained the agreement of the secured and preferential creditors that upon the Company proceeding into dissolution, the Joint Administrators' discharge from liability, pursuant to paragraph 98 of Schedule B1 shall take effect 14 days following the filing of the notice of moving from administration to dissolution.

A further progress report will be issued to creditors at the end of the next six month anniversary of our appointment.

Should any creditors have any concerns or objections regarding such an extension, please contact Eileen Law-Pan by e-mailing eileen@dswrecovery.com or telephoning 0844 7762740.

Appendix C: Information relating to the Administrators' Remuneration and Expenses

1. Time recording policy

Work undertaken on insolvency appointments is recorded in 6 minute units on an electronic time recording system. Time properly incurred on cases is charged at the hourly charge-out rate of the grade of staff undertaking the work.

The current hourly charge-out rates are as follows:

Staff grade	Hourly rate (£) from 1 April 2019
Partner and Insolvency Practitioner	315
Manager	240-260
Assistant Manager	190-235
Senior Case Administrator	150-185
Case Administrator	105-145
Trainee Case Administrator	130
Cashier	75-100

The hourly charge-out rates are reviewed annually and may increase during the course of the administration.

2. Existing Fee Arrangements

The existing fee arrangements were decided by the secured and preferential creditors on 5 June 2019.

The Joint Administrators are authorised to draw their remuneration on the basis of time properly spent in dealing with this matter, and they are permitted to charge Category 2 disbursements in accordance with the tariff set out below. The Administrators' fees estimate provided to creditors when initially seeking fee approval was £36,447.50.

3. Time and Charge out summary

For the period of the report, from 16 April 2019 to 15 October 2019, a total of 56.0 hours have been spent at an average charge out rate of £183.52 bringing the time costs for this period to £10,277. A summary table is shown overleaf.

From the commencement of the administration to 15 April 2019, the total time costs incurred are £25,731.50, this being 144.3 hours spent at an average charge out rate of £178.32. The second table overleaf shows a summary of these costs.

From the commencement of the administration to 15 October 2019, the total time costs incurred are £36,008.50, this being 200.3 hours spent at an average charge out rate of £179.77. The third table overleaf shows a summary of these costs.

No fees have been drawn to date.

4. Description of work carried out during the period

The work carried out during this period of the administration can be summarised as follows:

4.1 Administration and planning

- Processing bank receipts and payments;
- Maintaining financial records and carrying out bank reconciliations;
- Case reviews; and
- Dealing with taxation returns and correspondence.

4.2 Realisation of Assets

- Liaising with agents regarding valuation and completion of the sale of vehicle;
- Liaising with director's Trustee in Bankruptcy and the Insolvency Service; and
- Pursuing recovery of intercompany debtors.

4.3 Investigations

- Correspondence with the director; and
- Review of books and records and information held regarding potential recoveries of intercompany balances.

4.4 Creditors

- Recording and maintaining the list of creditors;
- Dealing with employee related matters;
- Liaising with secured creditors;
- Recording creditor claims;
- Reporting to creditors and members;
- Responding to creditor queries; and
- Obtaining secured and preferential creditor approval for extension to period of administration.

Staff of different levels were involved in the activities above depending on the experience required.

5. Disbursements

Disbursements policy

Office holders' disbursements fall under two categories:

Category 1 disbursements consist of external supplies of goods or services specifically relating to the case. Where such costs are paid by Dow Schofield Watts Business Recovery LLP, creditor approval is not required for those costs to be recharged to the insolvency estate. Category 1 disbursements will typically include costs such as statutory advertising, specific bond insurance, company search fees, storage, postage, external room hire and travel expenses (excluding business mileage).

Category 2 disbursements are costs that are directly referable to the case but not to a payment to an independent third party. They include shared or allocated costs that can be allocated to the appointment on a proper and reasonable basis. Such disbursements can only be charged to the insolvency estate with the approval of creditors. It is our policy to seek creditor approval for the payment of the following Category 2 disbursements:

Disbursement type	Rate
Mileage	45p per mile

The following disbursements have been incurred since the commencement of the administration:

	This period		Previous period(s)		Cumulatively

The above costs exclude VAT and are in addition to the pre-administration expenses set out at section 4 above.

7. Creditors' rights

Under rule 18.9 of the Insolvency (England and Wales) Rules 2016, creditors are entitled to request information from the office-holders about their remuneration or expenses set out in this report.

Any request must be made by a secured creditor, an unsecured creditor with the concurrence of at least 5% in value of the unsecured creditors (including the creditor in question), or by any unsecured creditor with the permission of the court. A request, or an application to the court for permission, must be made within 21 days of receipt of the report or account.

The office-holder must, within 14 days of receipt of such a request respond by: providing all of the information requested; providing some of the information requested; or declining to provide the information requested.

The office-holder may respond by providing only some of the information requested or decline to provide the information if: the time or cost of preparation of the information would be excessive; disclosure of the information would be prejudicial to the conduct of the proceedings; disclosure of the information might reasonably be expected to lead to violence against any person; or the office-holder is subject to an obligation of confidentiality in relation to the information. An office-holder who does not provide all the information or declines to provide the information must inform the person or persons who requested the information of the reasons for so doing.

A creditor may apply to the court within 21 days of: the office-holder giving reasons for not providing all of the information requested; or the expiry of the 14 days within which an office-holder must respond to a request. The court may make such order as it thinks just.

Under rule 18.34 of the Insolvency (England and Wales) Rules 2016, an application to court may be made on the grounds that the office-holders' remuneration is in all the circumstances excessive, the basis of remuneration is inappropriate, or the expenses incurred by the office-holders are in all the circumstances excessive.

Any application may be made by a secured creditor, an unsecured creditor with the concurrence of at least 10% in value of the unsecured creditors (including the creditor in question), or by any unsecured creditor with the permission of the court. The application must be made no later than eight weeks after receipt by the applicant of the progress report under rule 18.3, or final report or account under rule 18.14 which first reports the charging of the remuneration or the incurring of the expenses in question.

If the court considers the application to be well-founded, it must make one or more of the following orders: an order reducing the amount of remuneration; an order reducing any fixed rate or amount; an order changing the basis of remuneration; an order that some or all of the remuneration or expenses in question is not to be treated as expenses of the administration; an order for the payment of the amount of the excess of remuneration or expenses or such part of the excess as the court may specify by the liquidator to the company; any other order that it thinks just.

Unless the court orders otherwise, the costs of the application must be paid by the applicant and are not payable as an expense of administration.
