## NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 AUGUST 2016

---

### 1 Accounting policies

#### 1.1 Accounting convention

The financial statements are prepared under the historical cost convention.

#### 1.2 Compliance with accounting standards

The financial statements are prepared under Financial Reporting Standard for Smaller Entities (effective January 2015) in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

#### 1.3 Turnover

When goods and services are being supplied to customers under a long term contract, income is recognised as a percentage completion of the contract. The differences between amounts credited to turnover by this method and stage payments received or receivable, after providing for costs to completion where applicable, is shown in the balance sheet as amounts recoverable on contracts (debtors) or payments received on account of contracts (creditors). All turnover is shown net of value added tax.

In respect of long term contracts and contracts for ongoing services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long term contracts and contracts for ongoing services is recognised by reference to the stage of completion.

#### 1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Plant and machinery, etc.	25 % straight line
---------------------------	--------------------

#### 1.5 Hire purchase

Assets obtained under hire purchase contracts are capitalised as tangible assets. Assets acquired by hire purchase are depreciated over their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

#### 1.6 Stock and work in progress

Stock and work in progress are valued at the lower of cost and net realisable value.

#### 1.7 Deferred taxation

Deferred taxation is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.

#### 1.8 Trade and other debtors

Trade debtors are recognised and carried forward at invoiced amounts less provisions for any doubtful debts. Bad debts are written off to the profit and loss account when the directors deem that the balance is no longer collectable. Prepayments are recognised when a purchase invoice has been paid relating to the period after the year end date.

#### 1.9 Cash at bank and in hand

Cash comprises cash at bank after adjustment for any uncredited lodgements and unrepresented cheques clearing the bank account following the year end.

## NOTES TO THE ABBREVIATED ACCOUNTS (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2016

### 1 Accounting policies

(Continued)

#### 1.10 Trade and other creditors

Trade and other creditors are recognised and carried forward at invoiced amounts. Accruals are recognised for costs relating to the year where an invoice had not been received as at the year end date.

#### 1.11 Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.
