3. ACCOUNTING POLICIES

Basis of preparation

The company financial statements have been prepared and approved by the directors in accordance with International Financial Reporting Standards as adopted by the EU ("Adopted IFRSs").

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

Measurement convention

The financial statements have been prepared under the historical cost convention.

Financial instruments

Financial instruments recognised on the balance sheet include cash and cash equivalents and other financial liabilities.

Initial recognition and measurement

Financial assets and financial liabilities are recognised on the balance sheet when the company becomes party to the contractual provisions of the instrument. Financial instruments are initially recorded at fair value plus, in the case of a financial asset or financial liability not at fair value through profit or loss, directly attributable transaction costs. Subsequent measurement and impairment for each classification is specified in the sections below.

All normal way purchases and sales of financial assets are recognised on the trade date i.e. the date that the company commits to purchase or sell the financial assets.

Taxation

Current taxes are based on the results shown in the financial statements and are calculated according to local tax rules, using tax rates enacted or substantially enacted by the statement of financial position date.

Equity

Equity comprises the following

- "Share capital" represents the nominal value of ordinary equity shares.
- "Retained deficit" include all current results as disclosed in the income statement.
