Additional information in relation to Liquidator's Fees, Expenses & Disbursements

1 Introduction and Statutory Information

- I, Andrew John Whelan of WSM Marks Bloom LLP, Unit 2 Spinnaker Court, 1C Becketts Place, Hampton Wick, Kingston upon Thames KT1 4EQ, was appointed as Liquidator of QTL Maple Holdings Limited ('the Company') on 6 February 2015. This progress report covers the fourth year of the liquidation, from 6 February 2018 to 5 February 2019 ('the Period') and should be read in conjunction with all previous progress reports that have been issued.
- 1.2 The principal trading address of the Company was Fitzherbert Road, Farlington, Portsmouth PO6 1RU. The business traded under the name QTL.
- 1.3 The registered office of the Company has been changed to Unit 2 Spinnaker Court, 1C Becketts Place, Hampton Wick, Kingston upon Thames KT1 4EQ. Its registered number is 07731113.

2 Progress of the Liquidation

- 2.1 This section of the report provides creditors with an update on the progress made in the liquidation during the Period.
- 2.2 Attached is my receipts and payments account for the Period, together with a cumulative receipts and payments account for the duration of the liquidation.

Administration

- 2.3 A liquidator must comply with certain statutory obligations under the Insolvency Act 1986 and other related legislation. This work includes dealing with the Company's creditors and employees together with administrative tasks associated the appointment, such as agreeing the strategy for the liquidation, filing notices of appointment, statutory advertising, opening and maintaining the estate cash book and bank accounts and reporting periodically to creditors, HM Revenue & Customs ('HMRC') and the Registrar of Companies.
- 2.4 Creditors should note that this work will not necessarily bring any financial benefit to creditors, but is required on every case by statute.

Realisation of Assets

Director's Loan Account

- 2.5 As previously reported, on 5 February 2018 I received details of a proposed variation to the terms of the IVA of the director. The proposed revised terms were that the director, struggling to work due to ill health, would cease paying monthly contributions. Instead, he would contribute the required share of his equity in his property, already sold subject to contract for a higher value than was in the IVA proposal, in full and final settlement of the IVA.
- 2.6 The proposed final dividend was estimated to be 29p in the £, bringing the total returns close to those anticipated in the original IVA proposal.

- 2.7 This proposed variation was approved by IVA creditors on 8 March 2018. I therefore received a final payment of £37,201.25 in May 2018 in respect of the director's loan account.
- 2.8 All previous asset realisations were recorded in my previous annual progress reports. No other assets were realised during the Period other than some gross bank interest. No other asset realisations are presently anticipated.
- 2.9 It is not anticipated that the work the Liquidator and his staff have undertaken to date will bring a financial benefit to creditors, as the realisations made are insufficient to meet the costs and expenses of the liquidation.

Creditors (claims and distributions)

- 2.10 Further information on the anticipated outcome for creditors in this case can be found at section 3 of this report. A Liquidator is not only required to deal with correspondence and claims from unsecured creditors (which may include retention of title claims), but also those of any secured and preferential creditors of the Company. This may involve separate reporting to any secured creditor and dealing with distributions from asset realisations caught under their security, most typically a debenture.
- 2.11 Claims from preferential creditors typically involve employee claims and payments made on behalf of the Company by the Redundancy Payments Service following dismissal.
- 2.12 The above work will not necessarily bring any financial benefit to creditors generally, however a Liquidator is required by statute to undertake this work. Similarly, if a distribution is to be paid to any class of creditor, work will be required to agree those claims and process the dividend payments to each relevant class of creditor. The more creditors a company has, the more time and cost will be involved by the Liquidator in dealing with those claims. In this case I have not spent significant time dealing with creditors' claims, as there is little prospect of a dividend being paid to any class of creditor.

Investigations

- 2.13 Some of the work the Liquidator is required to undertake is to comply with legislation such as the Company Directors' Disqualification Act 1986 ('CDDA 1986') and Statement of Insolvency Practice 2 Investigations by Office Holders in Administration and Insolvent Liquidations and may not necessarily bring any financial benefit to creditors, unless these investigations reveal potential asset recoveries that the Liquidator can pursue for the benefit of creditors.
- 2.14 My report on the conduct of the Directors of the Company to the Department for Business, Energy & Industrial Strategy (formerly the Department for Business Innovation and Skills) under the CDDA 1986 was submitted during the first year of the liquidation and is confidential.

Ongoing Investigations

- 2.15 In my previous annual progress reports I advised of the time I had spent investigating potential double-invoicing that occurred on the Company's invoice discounting account with SME Invoice Finance Limited ('SME'), and funds paid out by the Company to certain creditors. I had previously sought legal advice and assistance as to whether the findings from these investigations may lead to realisations in the liquidation for the benefit of creditors.
- 2.16 The lack of funds in the liquidation had previously meant that I had been unable to pursue these investigations further. I have now concluded, on the basis of the advice received, that further investigations would be unlikely to lead to any further returns in the liquidation, and I therefore now propose simply to conclude the liquidation.

Matters still to be dealt with

2.17 I am presently liaising with HMRC regarding clearance to conclude the liquidation. Once received, I will take steps to finalise matters and issue my final account.

3 Creditors

Secured Creditors

- 3.1 SME holds a fixed and floating charge over the Company's assets. At the date of the liquidation the indebtedness to SME was estimated at £70,000. In September 2016 SME confirmed that they were owed £99,719.08.
- 3.2 Realisations have been insufficient to make a distribution to SME.

Preferential Creditors

- 3.3 Preferential creditors were estimated to total £4,602.91. I received a claim from the National Insurance Fund on 23 June 2015 for £3,907.74. I have not received any claims from former employees for any further preferential amounts due.
- 3.4 I have not sought to agree preferential claims, as there have not been sufficient realisations to make a distribution to preferential creditors.

Unsecured Creditors

- 3.5 I have received claims totalling £516,505.57 from 40 creditors. I have not received claims from 42 creditors whose debts total £79,016.18 as per the Company's statement of affairs. No new unsecured claims have been received during the Period.
- 3.6 The Company granted a floating charge to SME on 30 November 2011. Accordingly, I am required to create a fund out of the Company's net floating charge property for unsecured creditors (known as the 'Prescribed Part').
- 3.7 There has not been any net floating charge property from which to create a Prescribed Part, and accordingly no distribution to unsecured creditors will be made in this case.

4 Liquidator's Remuneration

- 4.1 At the meeting of creditors held on 6 February 2015, the creditors approved that the basis of the Liquidator's remuneration be fixed by reference to the time properly spent by him and his staff in managing the liquidation.
- 4.2 My time costs for the Period are £4,574 representing 14.30 hours at an average rate of £319.86 per hour. My total time costs for the duration of the liquidation up to the end of the Period are £49,437.30, representing 187.30 hours at an average rate of £263.95 per hour. To date, I have drawn £47,080 for remuneration in respect of the time spent.
- 4.3 Attached is a time analysis which provides details of the activity costs incurred by staff grade during the Period in respect of the costs fixed by reference to time properly spent by me in managing the liquidation, together with a cumulative time analysis for the liquidation to date.
- 4.4 Also attached is additional information in relation to this firm's policy on staffing, the use of subcontractors, disbursements and details of our current charge-out rates by staff grade.
- 4.5 A copy of 'A Creditors' Guide to Liquidators' Fees' is available on request or can be downloaded from http://wsm.co.uk/insolvency/creditors-guides/.
- 4.6 In considering the remaining work to be done in this liquidation, I currently anticipate that my time costs to complete the liquidation will be approximately £12,000. I will update creditors on this in my next progress report.

5 Creditors' Rights

- 5.1 Within 21 days of the receipt of this report, a secured creditor, or an unsecured creditor (with the concurrence of at least 5% in value of the unsecured creditors) may request in writing that the Liquidator provide further information about his remuneration or expenses which have been itemised in this progress report.
- 5.2 Any secured creditor, or an unsecured creditor (with the concurrence of at least 10% in value of the unsecured creditors) may within 8 weeks of receipt of this progress report make an application to court on the grounds that, in all the circumstances, the basis fixed for the Liquidator's remuneration is inappropriate and/or the remuneration charged or the expenses incurred by the Liquidator, as set out in this progress report, are excessive.

6 Next Report

6.1 I am required to provide a further report on the progress of the liquidation within two months of the next anniversary of the liquidation, unless I have concluded matters prior to this, in which case I will write to all creditors with my final account.

ADDITIONAL INFORMATION IN RELATION TO THE LIQUIDATOR'S FEES, EXPENSES & DISBURSEMENTS

Detailed below is WSM Marks Bloom LLP's policy in relation to Staff allocation and the use of subcontractors, Professional advisors, and Disbursements

Staff allocation and the use of subcontractors

The general approach to resourcing our assignments is to allocate staff with the skills and experience to meet the specific requirements of the case. The constitution of the case team will usually consist of a Partner, a Manager, and an Administrator or Assistant. The exact constitution of the case team will depend on the anticipated size and complexity of the assignment and the experience requirements of the assignment. The charge out rate schedule below provides details of all grades of staff and their experience level.

We have not utilised the services of any subcontractors in this case.

Professional advisors

We have not used any professional advisors on this case.

Disbursements & Expenses

Category 1 disbursements do not require approval by creditors. The type of disbursements that may be charged as a Category 1 disbursement to a case generally comprise of external supplies of incidental services specifically identifiable to the case, such as postage, case advertising, invoiced travel and external printing, room hire and document storage. Also chargeable will be any properly reimbursed expenses incurred by personnel in connection with the case.

Category 2 disbursements do require approval from creditors. These are costs which are directly referable to the appointment in question but are not payments which are made to an independent third party and may include shared or allocated costs that can be allocated to the appointment on a proper and reasonable basis such as internal room hire, or document storage. We would confirm that this firm does not seek to charge any Category 2 disbursements.

The following expenses have been incurred during the liquidation, all of which have been paid from the funds in the liquidation account:
