**1. STATUTORY INFORMATION**

D.O.T.M. Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

**2. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The financial statements have been prepared on a going concern basis notwithstanding that at 31 December 2018 net liabilities exceeded net assets by £1,543,442. The directors believe this basis to be appropriate as the subsidiary, Track It Now Limited has agreed to continue to provide funds as necessary for the foreseeable future.

**Related party exemption**

The company has taken advantage of exemption, under the terms of Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', not to disclose related party transactions with wholly owned subsidiaries within the group.

**Intangible assets**

Intangible assets are initially measured at cost. After initial recognition, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

Development costs are being amortised evenly over their estimated useful life of nil years.

**Investments in subsidiaries**

Investments in subsidiary undertakings are recognised at cost.

**Financial instruments**

The company is party to only the basic financial instruments such as cash, trade debtors and creditors and loans. Instruments such as trade debtors and trade creditors are initially recognised at their transaction cost and reviewed at the year end for impairment. Debt instruments not repayable on demand or due within one year, such as bank loans, are measured at amortised cost using the effective interest rate.

**Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**FOR THE YEAR ENDED 31ST DECEMBER 2018**

**2. ACCOUNTING POLICIES - continued****Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.
