**1 Accounting policies**

***Basis of preparation***

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

***Turnover***

Turnover represents the value, net of value added tax and discounts, of goods provided to customers and work carried out in respect of services provided to customers.

***Depreciation***

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Plant and machinery	25% on reducing balance
---------------------	-------------------------

The company has adopted the policy of not to depreciate in the year of addition of the asset, however full depreciation would be provided in the year of disposal.

***Deferred taxation***

Full provision is made for deferred taxation resulting from timing differences between the recognition of gains and losses in the accounts and their recognition for tax purposes, provided the amount is material in the context of the financial statements as a whole. Deferred taxation is calculated on an un-discounted basis at the tax rates which are expected to apply in the periods when the timing differences will reverse.

***Leasing and hire purchase commitments***

Assets held under finance leases and hire purchase contracts, which are those where substantially all the risks and rewards of ownership of the asset have passed to the company, are capitalised in the balance sheet and depreciated over their useful lives. The corresponding lease or hire purchase obligation is treated in the balance sheet as a liability.

The interest element of the rental obligations is charged to the profit and loss account over the period of the lease and represents a constant proportion of the balance of capital repayments outstanding.

Rentals paid under operating leases are charged to income on a straight line basis over the lease term.

***Going concern***

These accounts have been prepared on a going concern basis as indicated in note 4
