# 3. DETAILS OF APPOINTMENT OF LIQUIDATORS

4 March 2019

•

Date of Liquidators' appointment: 4 March 2019

Changes in Liquidator: None

Date winding up commenced:

# 4. PROGRESS SINCE APPOINTMENT

This is our Final Report and account of the Liquidation and should be read in conjunction to our earlier Progress Report dated 23 April 2020

Attached at (Appendix 1) is our abstract of receipts and payments for the period from 4 March 2019 to 3 February 2021

What work has been done in the period of this report, why was that work necessary and what has been the financial benefit (if any) to creditors?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website – http://www.begbies-traynorgroup.com/work-details

Under the following headings, we have explained the specific work that has been undertaken on this particular case – not every piece of work has been described, but we have sought to give a proportionate overview that provides sufficient detail to allow creditors to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to creditors.

The costs incurred in relation to each heading are set out in the Time Costs Analysis ( at Appendix 2) - there is an analysis of time spent on the case since the date of our appointment, and one that relates to the work undertaken our last Progress Report.

Please note that the details below only relate to the work undertaken since our last Progress Report – our previous Progress Report contained details of the work undertaken since our appointment.

## General case administration and planning

It is necessary to develop and review the strategy in respect of certain key elements, such as asset realisations and investigations, dependent upon the specific circumstances of a case.

Periodic reviews have therefore been carried out, in order to ensure that asset realisations and investigations are progressing satisfactorily, and that statutory requirements of the relevant legislation are complied with.

Generally, it is also necessary to maintain records to demonstrate how the case was administered, and to document the reasons for any decisions that materially affect the case.

Whilst this work has not financially benefitted creditors, it was still a necessary part of the general control of the case.

#### Compliance with the Insolvency Act, Rules and best practice

The Insolvency Act 1986 and the Insolvency Rules 1986, together with subsequent amendments, require insolvency practitioners holding office as Liquidators to ensure that the case is adequately bonded (an insurance to protect the interests of unsecured creditors in the potential asset realisations on a case)

They are also required to produce a Progress Report within two months after the anniversary of the date of when the company entered Liquidation, which is issued / made available to all creditors and members.

As this matter is now ready for conclusion, we have produced this Final Report, which is issued / made available to all creditors and members.

In addition to the above, they will also file their Progress Reports and (in due course) their Final Report with the Registrar of Companies.

This category also includes cashiering duties, such as banking funds, maintaining accounting records and invoicing in respect of remuneration and disbursements, which is undertaken by support staff throughout the duration of the case.

Although this work has not benefitted creditors financially, it was still necessary in accordance with insolvency legislation.

Other matters which includes seeking decisions from creditors (via Deemed Consent Procedure and/or Decision Procedures, tax, litigation, pensions and travel

Time posted to this category relates to time spent dealing with post-appointment tax matters.

Whilst this work has not financially benefitted creditors, it was still necessary in order to comply with our statutory requirements in respect of reporting to H M Revenue & Customs.

## OUTCOME FOR CREDITORS

The sums owed to creditors at the date of our appointment (as detailed in the directors' Statement of Affairs) together with the dividend prospects, are as follows;

#### **Secured Creditors / Preferential Creditors**

As far as we are aware, there are no secured or preferential creditors in this matter.

## Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

Section 176A of the Act provides that, where a company has created a floating charge on or after 15 September 2003, the Liquidator must make a prescribed part of that company's net property available for the unsecured creditors and not distribute it to the floating charge holder, except in so far as it exceeds the amount required for the satisfaction of unsecured debts.

To the best of our knowledge and belief, there are no unsatisfied floating charges created or registered on or after 15 September 2003 – consequently, there is no prescribed part of net property available for distribution to the unsecured creditors.

#### **Unsecured creditors**

Unsecured creditors were estimated at £7,303 and no claims have been received.

No dividend is available for unsecured creditors, as the funds realised have already been distributed or used or allocated for defraying the expenses of the liquidation.

# REMUNERATION & DISBURSEMENTS

## Pre-appointment costs (i.e. the Statement of Affairs fee)

The costs relating to work undertaken prior to our appointment – in seeking a decision of the Company's creditors and assisting the director in preparing the Statement of Affairs were agreed at £3,500 plus VAT and disbursements.

The sum of £3,458 has been discharged against these costs.

## **Post-Appointment Remuneration**

The basis of our remuneration has not been fixed.

For your information only, our time costs incurred during the period since our last Progress Report (i.e. from 4 March 2020 to 3 February 2021) amount to £2,894 which represents 11 hours at an average rate of £263 per hour.

Our time costs for the duration of our appointment amount to £9,427 against which no amount has been drawn as remuneration.

#### **Liquidators' Disbursements**

"Category One" disbursements in the sum of £194.96 (detailed in Appendix 3) have been incurred and remain outstanding.

No "Category Two" disbursements have been incurred.

## **Time Costs Analysis**

The following further information in relation to our time costs and disbursements is set out in the attached (at Appendix 2):

- Time Costs Analysis for the period of our appointment (i.e. from 4 March 2019 to 3 February 2021)
- Table of time spent and charge-out value for the period since our lProgress Report (i.e. from 4 March 2020 to 3 February 2021); and
- Begbies Traynor (Central) LLP's charging policy & charge-out rates.

The Time Costs Analysis for the period of this Final Report (at Appendix 2) shows the time spent by each grade of staff on the different types of work involved in the case, and gives the total costs and average hourly rate charged for each work type.

Please note that each analysis only provides details of the work undertaken by the Liquidators and their staff following their appointment.

# OTHER RELEVANT INFORMATION

## Investigations and reporting on directors conduct

A Liquidator has a duty to enquire into the affairs of an insolvent company, to determine its property and liabilities, and to identify any actions which could lead to the recovery of funds.

In addition, a Liquidator is also required to consider the conduct of the Company's directors and to make an appropriate submission to the Department for Business Energy and Industrial Strategy.

We can confirm that we have discharged our duties in these respects.

#### Investigations carried out to date

We have undertaken an initial assessment of the manner in which the business was conducted prior to the Liquidation of the Company, and have considered any potential recoveries for the estate in this respect.

#### Connected party transactions

In accordance with Statement of Insolvency Practice 13, we are obliged to inform creditors of any sale of the Company's business or assets which involves a party connected to the Company.

Other than mentioned in this Final Report (or our earlier Progress Report / the Directors Report) we have not been made aware of any sales of the Company's assets to connected parties.

#### Use of personal information

Please note that although it is our intention to conclude the liquidation, in the course of us continuing to discharge our statutory duties as Joint Liquidators, we may need to access and use personal data, being information from which a living person can be identified – where this is necessary, we are required to comply with data protection legislation.

If you are an individual and you would like further information about your rights in relation to our use of your personal data, you can access the same at <a href="https://www.begbies-traynorgroup.com/privacy-notice">https://www.begbies-traynorgroup.com/privacy-notice</a>

Should you require a hard copy of the information, however, please do not hesitate to contact our office.

# 10. CONCLUSION

This report and account of receipts and payments is our final account of the winding-up, showing how the liquidation has been conducted and details of how the Company's property has been disposed of.

Unless creditors object, by giving notice in writing within eight weeks of the delivery of the notice of our final account, we will have our release from liability at the same time as vacating office. We will vacate office upon our delivering to the Registrar of Companies our final account.

Should you require further explanation of any matters contained within this report, you should contact our office and speak to the Case Manager (Stephanie Breckon) in the first instance, who will be pleased to assist.

#### **BEGBIES TRAYNOR CHARGING POLICY**

#### INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance¹ requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. Best practice guidance<sup>2</sup> indicates that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated.

## OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

## EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories:

- Category 1 disbursements (approval not required) specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 disbursements (approval required) items of expenditure that are directly related to the case which include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party.
  - (A) The following items of expenditure are charged to the case (subject to approval):
    - Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £100 (London £150) per meeting;
    - Car mileage is charged at the rate of 45 pence per mile;
    - Storage of books and records (when not chargeable as a Category 1 disbursement) is charged
      on the basis that the number of standard archive boxes held in storage for a particular case bears
      to the:

<sup>&</sup>lt;sup>1</sup> Statement of Insolvency Practice 9 (SIP 9) – Remuneration of insolvency office holders in England & Wales

<sup>&</sup>lt;sup>2</sup> lbid 1

- (B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 disbursement:
  - Telephone and facsimile
  - Printing and photocopying
  - Stationery
