Called up share capital		100	100
Profit and loss account		(27,357)	(29,397)
Shareholders' funds		<u><u>(27,257)</u></u>	<u><u>(29,297)</u></u>

The directors are satisfied that the company is entitled to exemption from the requirement to obtain an audit under section 477 of the Companies Act 2006.

The members have not required the company to obtain an audit in accordance with section 476 of the Act.

The directors acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of accounts.

The accounts have been prepared and delivered in accordance with the special provisions applicable to companies subject to the small companies regime. The profit and loss account has not been delivered to the Registrar of Companies.

R. Pathan

Director

Approved by the board on 27 March 2019

BLUEKIT MEDICAL LIMITED
Notes to the Accounts
for the year ended 30 June 2018

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard).

Going concern

The directors, having assessed the available information and after making appropriate enquiries, have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer.

Tangible fixed assets

Tangible fixed assets are measured at cost less accumulative depreciation and any accumulative impairment losses. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Plant and machinery	25% straight line
---------------------	-------------------

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Creditors

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

Taxation

A current tax liability is recognised for the tax payable on the taxable profit of the current and past periods. A current tax asset is recognised in respect of a tax loss that can be carried back to recover tax paid in a previous period. Deferred tax is recognised in respect of all timing differences between the recognition of income and expenses in the financial statements and their inclusion in tax assessments. Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted

or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing difference, except for revalued land and investment property where the tax rate that applies to the sale of the asset is used. Current and deferred tax assets and liabilities are not discounted.

Foreign currency translation

Transactions in foreign currencies are initially recognised at the rate of exchange ruling at the date of the transaction. At the end of each reporting period foreign currency monetary items are translated at the closing rate of exchange. Non-monetary items that are measured at historical cost are translated at the rate ruling at the date of the transaction. All differences are charged to profit or loss.

2 Tangible fixed assets

	Plant and machinery
	£
Cost	
At 1 July 2017	98
At 30 June 2018	<u>98</u>
Depreciation	
At 1 July 2017	97
At 30 June 2018	<u>97</u>
Net book value	
At 30 June 2018	<u>1</u>
At 30 June 2017	1

3 Creditors: amounts falling due within one year

	2018	2017
	£	£
Bank loans and overdrafts	-	950
Other taxes and social security costs	501	125
Other creditors	30,171	28,223
	<u>30,672</u>	<u>29,298</u>

4 Related party transactions

As at the balance sheet date, the company owed Mr R. Pathan a sum of £13,171 (2017: £13,206) and Mrs R. Porter a sum of £3,522 (2017: £3,213).

5 Ultimate controlling party

Mr R. Pathan and Mrs R. Porter, the directors of the company, control the company as a result of controlling, directly or indirectly, 100 per cent of the issued share capital of the company.
