For the year ended 31 May 2021 the company was entitled to exemption from audit under section 477 of the companies act 2006 relating to small companies.

Directors' responsibilities:

1. The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476.
2. The directors acknowledge their responsibilities for complying with the requirements of the companies act 2006 with respect to accounting records and the preparation of accounts.

These financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime and in accordance with the provisions of Part 15 of the Companies Act 2006. In accordance with Section 444 of the Companies Act 2006, the income statement has not been delivered to the Registrar of Companies.

The members have agreed to the preparation of abridged accounts for this accounting period in accordance with section 444(2A).

The financial statements were approved by the board of directors on 22 February 2022 and were signed on its behalf by:

Warren Skelly
Director

WARREN CONTRACTING SERVICES (NW) LTD

Notes to the Abridged Financial Statements

For the year ended 31 May 2021

General Information

Warren Contracting Services (NW) Ltd is a private company, limited by shares, registered in England and Wales, registration number 08517094, registration address Unit 1 Borrowdale Business Park, White Lund Industrial Estate, Morecambe, Lancashire, LA3 3BS

The presentation currency is £ sterling.

1. Accounting policies

Significant accounting policies

Statement of compliance

These financial statements have been prepared in compliance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland and the Companies Act 2006.

Basis of preparation

The financial statements have been prepared on the going concern basis and under the historical cost convention as modified by the revaluation of land and buildings and certain financial instruments measured at fair value in accordance with the accounting policies.

The financial statements are prepared in sterling which is the functional currency of the company.

Going concern basis

The directors have considered the impact of COVID-19 because work carried out by the company has been affected by the the lockdown rules. However, the directors are of the opinion that the company is in a good financial position and well placed to manage its business risks for the foreseeable future. Therefore, the directors have prepared the accounts on the going concern basis and have reasonable expectations that the company will be able to continue normal trading operations.

If the going concern basis was not appropriate then, (a) adjustments would have to be made to the carrying value of the assets to their recoverable amount, (b) make provision for any further liabilities that may arise and, (c) reclassify fixed assets as current assets and long term liabilities as current liabilities.

Turnover

Turnover comprises of the invoiced value of goods and services provided by the company, net of VAT and discounts. Turnover is recognised in the financial statements on the basis of invoiced sales which are issued monthly for the work that has been completed. A provision is made at the reporting date for any work that has been done but is incomplete and not invoiced and this is valued on the basis of the amount of work done.

Government grants

Government grants received are credited to deferred income. Grants towards capital expenditure are released to the income statement over the expected useful life of the assets. Grants received towards revenue expenditure are released to the income statement as the related expenditure is incurred.

Operating lease rentals

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

Finance lease and hire purchase charges

The finance element of the rental payment is charged to the income statement on a straight line basis.

Taxation

The tax position for the current period is based on the taxable profit or loss. The taxable profit or loss may differ from the profit or loss reported in the financial statements because adjustments are made for items that are treated differently for tax purposes compared to their treatment for accounting purposes. The tax liability is based on current tax law and rates.

Deferred taxation

Deferred tax is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation compared to their treatment for accounting purposes. The deferred tax balance has not been discounted.

Dividends

Dividends that are deemed to have been approved and paid during the period are included in these financial statements. Proposed dividends are only included as liabilities in the statement of financial position when their payment has been approved by the shareholders prior to the statement of financial position date.

Tangible fixed assets

Tangible fixed assets, other than freehold land, are stated at cost or valuation less depreciation and any provision for impairment. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following basis:

Leasehold Property	3 years Straight Line
Motor Vehicles	4 years Straight Line
Fixtures and Fittings	4 years Straight Line
Computer Equipment	3 years Straight Line

Assets on finance lease and hire purchase

Assets held under finance lease or hire purchase contracts i.e. those contracts where substantially all the risks and rewards of ownership have passed to the company, are included in the appropriate category of tangible fixed assets and depreciated over the shorter of the lease term and their estimated expected useful lives.

Future obligations under such contracts are included in creditors net of the finance charge allocated to future periods.

Stocks

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow moving items. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

Work in progress is valued at the selling price of any work that has been done but not invoiced at the reporting date.

Provisions

Provisions are recognised when the company has a present obligation as a result of a past event which it is more probable than not will result in an outflow of economic benefits that can be reasonably estimated.

Financial instruments

The company has elected to apply the provisions of Section 11 Basic Financial Instruments and Section 12 Other Financial Instruments Issues of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the company's balance sheet when the company becomes party to the contractual provisions of the instrument.

Basic financial instruments included within these financial statements which includes current assets and liabilities are valued at the transaction price ruling at the date of the transaction.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

2. Average number of employees

The average number of persons given below includes directors:

Average number of employees during the year was 35 (2020 : 38).

3. Financial Commitments, Guarantees and Contingencies

The company is committed to making aggregate lease hire payments of £107,738 (2020; £119,000) for non-cancellable agreements that were in place at the year ended 31 May 2021.
