Tilla Brook Coaching Limited NOTES TO THE ACCOUNTS REGISTRAR for the year ended 30 November 2019

1 General information

Its registered number is: 08793828
Its registered office is:
5 Wensley Grove
Leeds
West Yorkshire
LS7 2NB

The functional and presentational currency of the company is Sterling. The accounts are rounded to the nearest pound.

The accounts have been prepared in accordance with FRS 102 Section 1A - The Financial Reporting Standard applicable in the UK and Republic of Ireland (March 2018) and the Companies Act 2006. The March 2018 edition of FRS 102 includes amendments arising from the Financial Reporting Council's triennial review of the standard. There is no material effect on the amounts recognised in these financial statements as a result of early adopting these amendments.

2 Accounting policies

Turnover

Turnover is measured at the fair value of the consideration received or receivable. Turnover is reduced for estimated customer returns, rebates and other similar allowances.

Revenue from the sale of goods is recognised when all the following conditions are satisfied:

- the Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the Company; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Specifically, revenue from the sale of goods is recognised when goods are delivered and legal title is passed.

Tangible fixed assets and depreciation

Tangible fixed assets held for the company's own use are stated at cost less accumulated depreciation and accumulated impairment losses.

At each balance sheet date, the company reviews the carrying amount of its tangible fixed assets to determine whether there is any indication that any items have suffered an impairment loss. If any such indication exists, the recoverable amount of an asset is estimated in order to determine the extent of the impairment loss.

Depreciation is provided at the following annual rates in order to write off the cost or valuation less the estimated residual value of each asset over its estimated useful life:

Plant and machinery 25% Straight Line

Furniture, fittings and equipment 25% Straight Line

Trade and other debtors

Trade and other debtors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method, less impairment losses for bad and doubtful debts.

Trade and other creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

Provisions

Provisions are made where an event has taken place that gives the Company a legal or constructive obligation that probably requires settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to the profit and loss account in the year that the Company becomes aware of the obligation, and are measured at the best estimate at balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the balance sheet.
