### **Trustees' Report**

#### ***Review of Developments, Activities and Achievements***

As required by our charitable status we remain focused on the consideration of public benefit and complying with the Charity Commission requirements.

The trustees are fully committed to fulfil the strategic intent of Wilstockhub: To design, build and operate a community centre. During this reporting period the charity has focused its efforts on raising the £1.3 million needed and continue to make steady progress towards this goal. Land was gifted and transferred to Wilstockhub from Bloor Homes South West on 1st May 2020.

All planning/amended planning permissions have been granted. We continue to be a Community-led project to meet the current and future needs of the Community.

On the journey we have overcome potholes in the road and navigated toward being shovel ready. Six years on we remain full of energy. Our Wilstock and Stockmoor community work is fuelled by:

1. Connecting. 2. Being Active. 3. Taking Notice. 4. Learning. 5. Giving to others.

Our destination is to create within Wilstock and Stockmoor a quality place in which people want to live, work, play and learn. In short, placemaking. Investing in Wilstockhub will create a community asset that will inspire people who live here and people who move here in future to capitalise on all we can offer each other in the space we have to secure everyone's health, happiness and wellbeing.

Emerging from a year of uncertainty has slowed our fundraising activity. Funding which was previously available to us to bid for has been redirected to support Covid-19 relief. As the pandemic recedes opportunities to bid for funding to support recovery in communities are increasing daily.

The Covid-19 pandemic has shown us that residents want the same services and facilities delivered differently, we have addressed uncertainty by recognising this shift by offering physical and virtual services. Evidence of this shift appears already on our website. Due to the fact that as a whole we have connected more with our natural environment we will increase virtual and physical community engagement with Wilstockhub in keeping with our Environmental Statement and Policy, working towards net zero carbon emissions:

- o Growing our online presence to link all households to Wilstockhub
- o Expanding the number of events we hold throughout the year.
- o Encouraging a healthier lifestyle by inspiring engagement with our environment.
- o Engaging the community in growing produce for local consumption.
- o Teaching the community about recycling and to stop waste.

#### **Activities undertaken**

- Children's Activity packs given out in the community to 290 children. Funded by Somerset Community Foundation. The activity packs contained: Wildflower seeds, colouring pencils, colouring sheets, puzzle & handmade book. The book became in demand and inspired us to develop it even further leading to the great results it was intended for.

- Children's Activity lockdown 2020 keepsake book, to help with Mental Health was written and published funded by HM Government in partnership with the National Lottery Community Fund. 2000 copies were given out to local schools and to disadvantaged families through Housing Associations. To date over 17K have been downloaded. Feedback has been excellent.

## **Trustees' Report**

The Coronavirus (Covid-19) has changed the ways we live, work and relate to one other. Accordingly, how we support all members of our community physically and increasingly virtually will evolve to meet the longstanding challenges and new opportunities.

As soon as Government guidance allows we plan to put on small but frequent events in the community again to start rebuilding community cohesion, confidence and weave the fabric that underpins local communities making it a positive place to live which has been fractured more so during the pandemic.

Trustees will continue with our fundraising plan, we do not make multiple applications, we know money is tight therefor our targeted approach is only to bid for funds where we perceive there is a mutual alignment in our charitable aims and objectives. This is reflected in our funding plan.

Trustees have learned so much which has been reflected in our progress. The transformation evident in our whole project, draws attention further afield than our area:

- 2019 - Eden Project' Big Lunch and Wilstockhub Building Community case study.
- 2020 - Country Park and Wilstockhub case study.
- 2021 - Royal Town Planning Institute - 'Personal perception of 'creating a community hub'.
- 2021 - Peer reviewed journal article in international study - 'Tethering Natural Capital and Cultural Capital for a More Sustainable Post-COVID-19 World' (under review).

Trustees will continue to be committed in delivering our objects for and on behalf of the community. As we all start to recover and become post Covid we will take notice of unfolding changes and act upon them and carry on great working relationships with all our partners who have become part of our journey.

#### **Structure, governance and management**

Wilstockhub is a private company limited by guarantee without capital share. The company was incorporated in April 2015 and is registered in England and Wales with company number 09566460. The company obtained charitable status on July 2018 with - charity number 1178906. The governing document is the memorandum and articles of association.

The trustees can confirm that they have complied with the requirements of section 4 of the charities Act 2011 to have due regard to the public benefit guidance published by the Charity Commission for England and Wales.

The trustees are responsible for the general control and management of the charity.

All trustees give their time freely and receive no remuneration or other financial benefit.

Board meetings are held four times a year with additional meetings convened as required for decision making and matters arising between the four regular meetings.

The Wilstockhub holds an Annual General meeting and aims to always be open and accountable.

Furthermore the trustees:

Understand their role and responsibilities.  
Remain informed of changes to the charity law and regulation.  
Are committed to the charity's cause to help deliver its purposes effectively.  
Are satisfied any risks that have been identified, that systems are in place.  
Ensure insurance is in place as is public liability.  
Keep the finances under review.

### ***Financial review***

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011. Due to the charity now requiring an independent examination, we have appointed an independent examiner of the financial statements. We are grateful for the assistance of Mr Phillip Spencer, a local accountant of over 30 years with extensive charity experience, for agreeing to provide this service pro bono for the third year.

Income for the year amounted to £76,732 and, after expenditure totalling £82,386 the balance of retained funds was £7,703. These funds comprise mainly cash at the bank and fixed assets as at the balance sheet date.

The amount accumulating in the bank account is earmarked for future spend such as on further design work for the hub and general community engagement.

Decisions on how to spend money are taken at board meetings and all activities considered within the parameters of the risk register and against our charitable objects.

## **Wilstockhub**

### **Trustees' Report**

#### ***Reserves policy***

As a relatively new charity still establishing levels of income, we have not yet created a formalised reserves policy. However it should be noted that we do not have any creditors or financial commitments and therefore we can curtail our expenditure to ensure a healthy reserves level is maintained. As the charity develops, we would anticipate our annual expenditure to grow and consequently holding a reserve equivalent to six months' expenditure would appear prudent whilst the board considers the establishment of a formal policy. This policy will involve a review of anticipated spending against known levels of income, to determine our reserves requirement.

#### ***Overview***

The third year operating as a charity has been impactful.

##### **The What:**

Our aim is to build a community hub in a new development, currently housing 4,500 residents (and growing) with no community facilities, building a hub will provide a way to deliver multiple services to meet the needs of the community.

##### **The Why:**

Having held multiple community consultations of different types to reach all age groups and making sure everyone has an equal voice, we have found the vision together. We are a community-led project. This has formed the design of the building, it will be fit for purpose, bringing in vital services which are greatly needed to make a change to people's lives whilst also enabling the local economy to flourish by encouraging and wholly supporting social enterprise.

##### **The difference we will make:**

A community hub will be the beating heart of the community, inspiring and empowering people, giving everyone inclusively, opportunities to improve their quality of life addressing health and mental wellbeing, social inclusion to help combat loneliness and isolation, giving a sense of belonging and identity and taking pride in the place they all live.

This will allow people to live in a multigenerational connected community, we believe that social infrastructure is part of living in a healthy society.

Working with partners such as Local Authorities, Police, Developers, Housing Associations, and others we continue to grow on the platform we created and stay strong.

We still continue to gain essential skills and learn more. Building more skills and confidence in going forward together. You never stop learning. Due to changes due to the Covid-19 Pandemic, the impact of these changes remain to be seen at the moment but we are ready to address these changes in the community and do everything we can to support our community.

The Trustees still enjoy an excellent relationship as a team keeping us strong and loyal to our cause, we draw on each others strengths and skills. We are all happy and proud with what we have achieved so far on our journey together. The fact that we can see the difference in the projects progression is so rewarding it keeps us motivated and dedicated. Good leadership, a clear strategy and engagement make it successful.

The Trustees understand the struggle with bringing in the funding, (capital being the hardest) to allow us to deliver our objects. We are committed to working with funders to support our clear need. Once we have achieved our goal we will work to become sustainable and self supporting.

We will inspire the community to connect and protect our natural environment, walk, cycle, reduce our carbon foot print and promote the value and diversity of nature. We will be growing fruit and veg in the community grounds and the building will be environmentally friendly.

### **Trustees' Report**

Wilstock and Stockmoor is a new development of over 2,000 homes with more under construction. Placed either side of a natural country park (flood zone) Wilstock village is out on an arm a mile down the road from Stockmoor. We are well located just off the M5. Junction 24 which is ideal for travelling to work down to Exeter or up to Bristol and beyond.

We are on the edge of the Quantock hills - an area of outstanding natural Beauty. There is a good mix of housing. Employment opportunities are high, we have the new nuclear power station - Hinkley Point C, only 13 miles away, people have moved here from all areas of the country and Europe.

Unfortunately Section 106 monies intended for us were diverted to highways, leaving 4,500 people and growing without any community facilities. We worked in partnership with 'Locality' the national organisation for 'Action on communities' who produced an 'Evidence of need' report which confirmed we definitely need a community building.

We would like to thank everyone who has supported us and believe in our vision,

A huge thank you goes to North Petherton Town Council for funding the RIBA stages, we have now progressed to the completion of RIBA Stage 4. RIBA Stage 4 is the final fine detail design by the Architect, structural engineering specialists, drawings/plans and formal cost specialists. This accounts for most of our restricted funds in the current financial year. This has been important to us as these completed details want to be seen by potential funders.

We are now in the position to go out to tender. Once we have the full amount of funding to build the hub we are 'shovel ready'.

### **Future developments**

The Trustees will continue to make progress with grant applications to local and national bodies once the funders resume normal funding streams. Like all organisations, Covid-19 has impacted our ability to conduct matters in the normal way. Fundraising is a greater challenge in the current climate and we expect that to continue to be the case for the foreseeable future.

### Statement of Trustees' Responsibilities

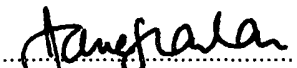

The trustees (who are also the directors of Wilstockhub for the purposes of company law) are responsible for preparing the trustees' report and the financial statements in accordance with the United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the trustees to prepare financial statements for each financial year. Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the trustees are required to:

•	select suitable accounting policies and apply them consistently;
•	observe the methods and principles in the Charities SORP;
•	make judgements and estimates that are reasonable and prudent;
•	state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
•	prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## Independent Examiner's Report to the trustees of Wilstockhub

I report to the charity trustees on my examination of the accounts of the charity for the year ended 30 April 2021 which are set out on pages 10 to 17.

### Respective responsibilities of trustees and examiner

As the charity's trustees of Wilstockhub (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

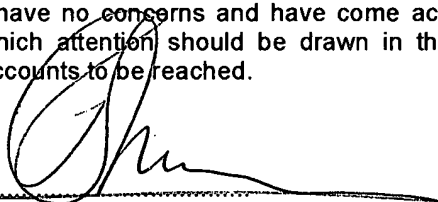

Having satisfied myself that the accounts of Wilstockhub are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

### Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1.	accounting records were not kept in respect of Wilstockhub as required by section 386 of the 2006 Act; or
2.	the accounts do not accord with those records; or
3.	the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
4.	the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities [applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)].

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

### Notes to the Financial Statements for the Year Ended 30 April 2021

1	<b>Charity status</b>
---	-----------------------

The charity is limited by share capital.

The address of its registered office is:

11 Willstock Way  
Wilstock Village  
North Petherton  
Somerset  
TA5 2RR

These financial statements were authorised for issue by the trustees on 30 June 2021.

2	<b>Accounting policies</b>
---	----------------------------

#### Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### Statement of compliance

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and update Bulletin 1 and 2. They also comply with the Companies Act 2006 and Charities Act 2011.

#### Basis of preparation

Wilstockhub meets the definition of a public benefit entity under FRS 102. Assets and liabilities are

initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

#### **Going concern**

In light of the rapid global spread of the coronavirus "COVID-19," the trustees have reviewed the charity's operations and cashflow to ensure that the charity is able to continue for the foreseeable future. The trustees consider that there are no material uncertainties about the charity's ability to continue as a going concern nor any significant areas of uncertainty that affect the carrying value of the assets held by the charity. Further commentary on the impact of COVID-19 is given in the trustees' report.

#### **Income and endowments**

All income is recognized once the charity has entitlement to the income, it is probably that the income will be received and the amount of the income can be measured reliably.

### **Wilstockhub**

## **Notes to the Financial Statements for the Year Ended 30 April 2021**

#### ***Donations and legacies***

Donations are recognized when the charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance by the charity before the charity is entitled to the funds, the income is deferred and not recognized until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probably that these conditions will be fulfilled in the reporting period.

#### ***Grants receivable***

Grants are recognized when the charity has an entitlement to the funds and any conditions linked to the grants have been met. Where performance conditions are attached to the grant and are yet to be met, the income is recognized as a liability and included on the balance sheet as deferred income to be released.

#### **Expenditure**

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

Irrecoverable VAT is charged against the category of resources expended for which it was incurred.

#### ***Raising funds***

These are costs incurred in attracting voluntary income, the management of investments and those incurred in trading activities that raise funds.

#### ***Charitable activities***

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

#### **Taxation**

The charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010

and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

#### Tangible fixed assets

Individual fixed assets costing £100.00 or more are initially recorded at cost.

#### Depreciation and amortisation

Depreciation is provided on tangible fixed assets so as to write off the cost, less any estimated residual value, over their expected useful economic life as follows:

#### Wilstockhub

### Notes to the Financial Statements for the Year Ended 30 April 2021

Asset class	Depreciation method and rate
Equipment	Straight line over four to nine years

#### Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

#### Fund structure

Unrestricted income funds are general funds that are available for use at the trustees's discretion in furtherance of the objectives of the charity.

Restricted income funds are those donated for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

3 Income from donations and legacies
