The address of its registered office and principal place of business is:

Thomas House
Don Pedro Avenue
Normanton Industrial Estate
Normanton
West Yorkshire
WF6 1TD

2 Summary of significant accounting policies

Basis of preparation

The financial statements have been prepared in accordance with applicable accounting standards including Section 1A of the Financial Reporting Standard 102 (2018) "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (FRS102) and the Companies Act 2006. The financial statements have been prepared on a going concern basis under the historical cost convention, modified to include certain items at fair value. The presentation currency is £ sterling.

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated.

Key sources of estimation uncertainty

The preparation of the financial statements requires management to make estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. There is not believed to be any estimates or assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Impairment of fixed assets

At the balance sheet date, if there is an indication of possible impairment, the recoverable amount of any affected asset is estimated and compared to its carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised in the profit and loss account. The reversal of an impairment loss is recognised immediately in the profit and loss account.

Investments

Investments in equity shares which are not publicly traded and where fair value cannot be measured reliably are measured at cost less impairment.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Creditors

Short term creditors are measured at transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are subsequently measured at amortised cost using the effective interest method.

3 Fixed asset investments

	2019 £	2018 £
Investment in subsidiaries	<u>101,824</u>	<u>101,824</u>
Subsidiary undertakings		£
Cost
