The directors are satisfied that the company is entitled to exemption from the requirement to obtain an audit under section 477 of the Companies Act 2006.

The members have not required the company to obtain an audit in accordance with section 476 of the Act.

The directors acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of accounts.

The accounts have been prepared and delivered in accordance with the special provisions applicable to companies subject to the small companies regime. The profit and loss account has not been delivered to the Registrar of Companies.

Mr A Speller

Director

Approved by the board on 29 October 2019

Trail Munki Ltd
Notes to the Accounts
for the year ended 31 March 2019

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard).

Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

Tangible fixed assets

Tangible fixed assets are measured at cost less accumulative depreciation and any accumulative impairment losses. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Plant and machinery	25% Reducing balance
Fixtures, fittings, tools and equipment	25% Reducing balance

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the first in first out method. The carrying amount of stock sold is recognised as an expense in the period in which the related revenue is recognised.

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Creditors

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

Taxation

A current tax liability is recognised for the tax payable on the taxable profit of the current and past periods. A current tax asset is recognised in respect of a tax loss that can be carried back to recover tax paid in a previous period. Deferred tax is recognised in respect of all timing

differences between the recognition of income and expenses in the financial statements and their inclusion in tax assessments. Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing difference, except for revalued land and investment property where the tax rate that applies to the sale of the asset is used. Current and deferred tax assets and liabilities are not discounted.

2 Tangible fixed assets

	Plant and machinery etc £
Cost	
At 1 April 2018	16,434
Additions	1,506
At 31 March 2019	<u>17,940</u>
Depreciation	
At 1 April 2018	7,190
Charge for the year	2,687
At 31 March 2019	<u>9,877</u>
Net book value	
At 31 March 2019	<u>8,063</u>
At 31 March 2018	9,244

3 Debtors	2019 £	2018 £
Deferred tax asset	<u>2,466</u>	<u>-</u>

4 Creditors: amounts falling due within one year	2019 £	2018 £
Obligations under finance lease and hire purchase contracts	3,128	3,127
Trade creditors	2,815	-
Taxation and social security costs	651	1,141
Other creditors	36,758	37,843
	<u>43,352</u>	<u>42,111</u>

5 Creditors: amounts falling due after one year	2019 £	2018 £
Obligations under finance lease and hire purchase contracts	<u>2,867</u>	<u>5,995</u>

6 Related party transactions

At the period end, the company owed £25,670 (2017: £26,343) to Mr A Speller, director. The loan is interest free and repayable in less than one year.

7 Controlling party

The company is ultimately controlled by Mr A Speller, director, who owns 100% of the issued share capital.

8 Basis of preparation

The balance sheet shows net current liabilities of £23,771 (2018: £23,013). This includes £25,670 (2018: £26,343) due to Mr Alex Speller, director. The director has indicated that he will continue to support the company financially until such time as it can afford to repay him. On this basis, the director feels it is appropriate to prepare the financial statements on a going concern basis.
