**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD 10 MARCH 2017 TO 31 MARCH 2018**

1. STATUTORY INFORMATION

Hulatt Healthcare Ltd is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Financial instruments

Financial assets

Receivables are stated at amortised cost using the effective interest rate method. A provision for impairment of receivables is established where there is objective evidence that the company will not be able to collect all amounts due according to the original terms of payment. Receivables are considered for impairment on a case by case basis and any provision is based on the directors' assessment of the amount recoverable on each receivable.

Financial liabilities

The company's financial liabilities include trade and other payables, which are measured at amortised cost using the effective interest rate method. Financial liabilities are recognised when the company becomes a party to the contractual agreements of the instrument. Interest-related charges are recognised as an expense in the period in which they are incurred.

Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

Taxation

Taxation for the period comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.
