NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

1. GENERAL INFORMATION

BESS Willows Limited (Company number: 10675649), having its registered office at 3rd Floor, Lansdowne House, Berkeley Square, London, W1J 6ER, is a private limited company incorporated in England and Wales.

The principal place of business is at The Willows, Drayton Manor Farm, Alcester Road, Stratford-Upon-Avon, CV37 9RQ.

2. ACCOUNTING POLICIES

2.1 BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102 Section 1A, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The following principal accounting policies have been applied:

2.2 STATEMENT OF CASH FLOWS

The Company has taken advantage of the exemption in Financial Reporting Standard 102 Section 1A.7 from the requirement to produce a Statement of Cash Flows on the grounds that it is a small Company.

2.3 TURNOVER

Turnover is recognised to the extent that it is probable that the economic benefits will flow to the Company and the turnover can be reliably measured. Turnover is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before turnover is recognised:

Rendering of services

Turnover from a contract to provide services is recognised in the period in which the services are provided in accordance with the stage of completion of the contract when all of the following conditions are satisfied:

- the amount of turnover can be measured reliably;
- it is probable that the Company will receive the consideration due under the contract;
- the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- the costs incurred and the costs to complete the contract can be measured reliably.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

2. ACCOUNTING POLICIES (CONTINUED)

2.4 TANGIBLE FIXED ASSETS

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Energy storage battery - over 15 years

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Statement of Income and Retained Earnings.

2.5 DEBTORS

Short-term debtors are measured at transaction price, less any impairment.

2.6 CASH

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours.

2.7 FINANCIAL INSTRUMENTS

The Company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties and loans to related parties.

Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of Income and Retained Earnings.

2.8 CREDITORS

Short-term creditors are measured at the transaction price.

2.9 OPERATING LEASES: THE COMPANY AS LESSEE

Rentals paid under operating leases are charged to the Statement of Income and Retained Earnings on a straight line basis over the lease term.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

2. ACCOUNTING POLICIES (CONTINUED)

2.10 INTEREST INCOME

Interest income is recognised in the Statement of Income and Retained Earnings using the effective interest method.

2.11 TAXATION

Tax is recognised in the Statement of Income and Retained Earnings.

The current corporation tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the Balance Sheet date in the United Kingdom where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Balance Sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the Balance Sheet date.

2.12 RECLASSIFICATION

During the year, expenses which are considered to have been incurred directly in relation to the operation of the energy storage batteries have been reclassified from turnover and administrative expenses to cost of sales. For consistency, comparative figures have also been adjusted to reflect this classification, resulting in a reclassification of £15,000 from turnover and £11,528 from administrative expenses to cost of sales.

3. EMPLOYEES

The average monthly number of employees, including the directors, during the year was 3 (2018 - 2).

9. RELATED PARTY TRANSACTIONS

The Company has taken advantage of the exemption in FRS 102 section 33.1A not to disclose transactions with group entities on the grounds that it is a wholly-owned subsidiary undertaking.

10. CONSOLIDATING PARENT UNDERTAKING

The ultimate parent undertaking, Zenobe Energy Limited, is a company incorporated in England and Wales and prepares consolidated financial statements for the group. Consolidated financial statements can be obtained from 3rd Floor, Lansdowne House, Berkeley Square, London, W1J 6ER.
