These financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies' regime and in accordance with Section 1A of FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

In accordance with section 444 of the Companies Act 2006, the income statement has not been delivered.

The company did not trade during the year and has not made either a profit or loss.

For the year ending 30 September 2020 the company was entitled to exemption from audit under section 480 of the Companies Act 2006 relating to dormant companies.

Director's responsibilities:

- The members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476 ;
- The director acknowledges his responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements .

These financial statements were approved by the board of directors and authorised for issue on 7 January 2021 , and are signed on behalf of the board by:

Mr S Lydon

Director

Company registration number: 11104575

TWO AMERICAN KITTIES CONSULTANCY LTD

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 30 SEPTEMBER 2020

1. GENERAL INFORMATION

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is Onega House, 112 Main Road, Sidcup, Kent, DA14 6NE, United Kingdom.

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

3. ACCOUNTING POLICIES

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Income statement

The company is dormant as defined by section 1169 of the Companies Act 2006. The company received no income and incurred no expenditure during the current year.

Revenue recognition

Turnover is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of discounts and Value Added Tax. Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer (usually on despatch of the goods); the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity; and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

Taxation

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, tax is recognised in other comprehensive income or directly in equity, respectively. Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

| | | |
|-----------------------|---|-------------------|
| Fixtures and fittings | - | 25% straight line |
| Equipment | - | 25% straight line |

Financial instruments

A financial asset or a financial liability is recognised only when the company becomes a party to the contractual provisions of the instrument. Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Debt instruments are subsequently measured at amortised cost. Where investments in non-convertible preference shares and non-puttable ordinary shares or preference shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in profit or loss. All other such investments are subsequently measured at cost less impairment. Other financial instruments, including derivatives, are initially recognised at fair value, unless payment for an asset is deferred beyond normal business terms or financed at a rate of interest that is not a market rate, in which case the asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Other financial instruments are subsequently measured at fair value, with any changes recognised in profit or loss, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss immediately. For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics. Any reversals of impairment are recognised in profit or loss immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

4. EMPLOYEE NUMBERS

The average number of persons employed by the company during the year amounted to 1 (2019: 1).

5. TAX ON LOSS

Major components of tax income

| | 2020 | 2019 |
|--|-------------|-------------|
| | £ | £ |
| Current tax: | | |
| UK current tax income | — | (2,597) |
| Deferred tax: | | |
| Origination and reversal of timing differences | — | (570) |
| | | |
| Tax on loss | — | (3,167) |
| | | |

6. CREDITORS: amounts falling due within one year

| | 2020 | 2019 |
|---------------------------------|-------------|--------|
| | £ | £ |
| Bank loans and overdrafts | 474 | 474 |
| Corporation tax | 3,127 | 3,127 |
| Social security and other taxes | 665 | 665 |
| Other creditors | 8,769 | 8,769 |
| | ----- | ----- |
| | 13,035 | 13,035 |
| | ----- | ----- |

7. DIRECTOR'S ADVANCES, CREDITS AND GUARANTEES

During the year the director did not enter into any advances, credits or guarantees with the company.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
