Notes to the Financial Statements
FOR THE PERIOD 9 OCTOBER 2019 TO 31 OCTOBER 2020

1. STATUTORY INFORMATION

Spectroworld Technologies Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The financial statements have been prepared on a going concern basis on the assumption that the company will continue to trade in the foreseeable future. The Directors, having made appropriate enquiries, consider that adequate resources exist for the company to continue in operational existence for the foreseeable future; and with the continued support of the company's shareholders, the company will be able to meet its liabilities as they fall due for payment. Therefore, the directors are of the opinion that it is appropriate to adopt the going concern basis in preparing the financial statements for the year ended 31 October 2020.

Since the financial year end, there are uncertainties relating to COVID19 pandemic. No provisions have been made in the financial statements in relation to these uncertainties

Taxation

Taxation for the period comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the period was 1.

4. CREDITORS: AMOUNTS FALLING DUE WITHIN ONE YEAR
