Directors' report For the year ended 31st March 2010

The directors present their report and the unaudited financial statements for the year ended 31st March 2010

Statement of directors' responsibilities

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- follow applicable accounting standards, subject to any material departures disclosed and explained in the accounts, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping proper accounting records, which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Isle of Man Companies Acts 1931 to 2004. They are also responsible for safeguarding the assets of the company, and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Principal activity

The company's principal activity continues to be that of the business of farming. The company has also entered into a lease and has sub-let on short-term tenancies.

Results and dividends

The results of the company for the year are set out in the profit and loss account on page 2

The directors do not recommend the payment of a dividend

Directors

The directors who served during the year and their beneficial interests in the issued share capital were as follows

	Number of	Shares

Notes to the financial statements For the year ended 31st March 2010

1. Accounting policies

a) Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and on a going concern basis

The financial statements have been prepared in accordance with applicable accounting standards in the U K and include the results of the company's activities which are described in the Directors' Report

The company has taken advantage of the exemption in Financial Reporting Standard No 1 from the requirement to produce a cash flow statement on the grounds that it is a small company

b) Turnover

Turnover comprises the total amount, net of value added tax, of farm produce invoiced during the year

c) Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation

Depreciation is calculated to write off the cost of fixed assets over their estimated useful lives at the following rates

Grain store improvement	6 67%	(straight line basis)
Improvements to property	10%	(straight line basis)
Plant and machinery	15%	(reducing balance basis)

d) Stocks

Stocks comprise unsold wheat, rape, beans, barley etc, which have been valued at the lower of cost and net realisable value, together with 2009 harvest costs of seeds, fertilisers and sprays. Cost includes all direct costs after deduction of arable area and set aside payments.

2. Taxation

The zero percent rate was introduced in the Isle of Man from 6th April 2006. The Attribution Regime for individuals became effective from 6th April 2008, therefore no provision has been made for Isle of Man taxation.
