## **Notes to the financial statements For the year ended 31 March 2022**

---

### **1. General information**

Sarginsons Law LLP is an LLP incorporated on 18 December 2008. The registered office is 10 The Quadrant, Coventry, West Midlands, CV1 2EL. The LLP is registered in England and Wales, registered number OC342188.

The principal object of the LLP is to provide professional services in conveyancing, wills, probate, trust, civil law, accident and personal injury, crime and motoring and legal aid services.

### **2. Accounting policies**

#### **2.1 Basis of preparation of financial statements**

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006 and the requirements of the Statement of Recommended Practice "Accounting by Limited Liability Partnerships".

The financial statements are presented in Sterling, which is considered to be the functional currency of the LLP, and are rounded to the nearest £1.

#### **2.2 Revenue**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the LLP and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

##### **Rendering of services**

Revenue from a contract to provide services is recognised in the period in which the services are provided in accordance with the stage of completion of the contract when all of the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the LLP will receive the consideration due under the contract;
- the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- the costs incurred and the costs to complete the contract can be measured reliably.

#### **2.3 Operating leases: the LLP as lessee**

Rentals paid under operating leases are charged to the Statement of comprehensive income on a straight-line basis over the lease term.

#### **2.4 Government grants**

Grants are accounted under the accruals model as permitted by FRS 102. Grants relating to expenditure on tangible fixed assets are credited to profit or loss at the same rate as the depreciation on the assets to which the grant relates. The deferred element of grants is included in creditors as deferred income.

Grants of a revenue nature are recognised in the Statement of comprehensive income in the same period as the related expenditure.

---

### **2. Accounting policies (continued)**

#### **2.5 Interest income**

Interest income is recognised in the Statement of comprehensive income using the effective interest method.

#### **2.6 Finance costs**

Finance costs are charged to the Statement of comprehensive income over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

#### **2.7 Borrowing costs**

All borrowing costs are recognised in the Statement of comprehensive income in the year in which they are incurred.

#### **2.8 Pensions**

##### **Defined contribution pension plan**

The LLP operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the LLP pays fixed contributions into a separate entity. Once the contributions have been paid the LLP has no further payment obligations.

The contributions are recognised as an expense in the Statement of comprehensive income when they fall due. Amounts not paid are shown in accruals as a liability in the Balance sheet. The assets of the plan are held separately from the LLP in independently administered funds.

#### **2.9 Tangible fixed assets**

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is provided on the following basis:

Fixtures and fittings	- 7 years - straight line basis
Computer equipment	- 3 years - straight line basis

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Statement of comprehensive income.

#### **2.10 Debtors**

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

### **2. Accounting policies (continued)**

#### **2.11 Cash and cash equivalents**

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

#### **2.12 Creditors**

Short-term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

#### **2.13 Financial instruments**

The LLP only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

#### **2.14 Transfer of members' interests**

During the year £nil was transferred from members' capital interests to debts due to members.

### **3. Employees**

The average monthly number of employees, including directors, during the year was 14 (2021 - 14).
