**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020**

---

**1. General information**

The financial statements are presented in Pounds Sterling (GBP) as that is the currency in which the company's transactions are denominated. They comprise the financial statements of the company drawn up for the year ended 31 December 2020.

The continuing activity of Dommeren Limited ('the company') is motion picture and video production.

The company is a private company limited by shares incorporated in the United Kingdom and registered in Scotland. Details of the registered office can be found on the company information page of these financial statements. The company registration number is SC271928.

**2. Accounting policies**

**2.1 Basis of preparation of financial statements**

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with applicable law and United Kingdom Accounting Standards including Section 1A 'Small Entities' of Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice applicable to Small Entities).

The preparation of financial statements in compliance with Section 1A 'Small Entities' of FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the company accounting policies.

The following principal accounting policies have been applied:

**2.2 Going concern**

The directors have considered a period of at least twelve months from the date on which these financial statements have been signed and, having considered all relevant information available to them, believe it is appropriate to prepare the financial statements on a going concern basis.

This assessment of going concern includes the expected impact of COVID-19 to the entity in the twelve months following the signing of these financial statements.

**2.3 Cash and cash equivalents**

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

**2.4 Financial instruments**

The company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

**2. Accounting policies (continued)**

**2.5 Film sale and leaseback**

Where the company has entered into a sale and leaseback arrangement for the rights to a film or television series, the finance lease is matched by a pledged deposit account such that the principal on deposit and interest earned will be sufficient to cover the rental obligations on the finance lease until the end of the lease. The deposit account can only be used to settle the finance lease liabilities and therefore these do not represent separate assets and liabilities of the company. Consequently the deposit account has been netted off with the finance lease creditor. Interest arising on the pledged deposit account has been similarly matched against the finance lease interest charges.

**3. Employees**

The average monthly number of employees, including directors, during the year was 2 (2019 - 2).

**4. Taxation**

There is no charge for corporation tax in the current or prior year.

The bank with which these sums are deposited has given guarantees to the lessors in respect of the lease liabilities. The contingent liability would only crystallise upon the failure of the bank holding the deposit. The amounts involved are as follows:
