NOTES TO THE ACCOUNTS

FOR THE YEAR ENDED 31 MARCH 2013

1. **ACCOUNTING POLICIES**

Basis of Accounting

The Financial Statements have been prepared under the historical cost accounting convention and in accordance with the Financial Reporting Standard for Smaller Entities (April 2008).

The Company has taken advantage of the exemption from preparing a cash flow statement as conferred by Financial Reporting Standard No 1 (Revised 1996) on the grounds that it qualifies as a small company under the companies Act 1985.

Turnover

Turnover represents the amount derived from the provision of goods and services falling within the Company's activities after deduction of trade discounts and value added tax.

Tangible Fixed Assets

Depreciation of fixed assets is calculated to write off their cost or valuation less any residual value over their estimated useful lives as follows:-

Motor Vehicles	20% reducing balance basis
Office Furniture and Equipment	20% reducing Balance basis
(or 100% where appropriate with short life asset)	

Leases and Hire Purchase Contracts

Tangible fixed assets acquired under finance leases and hire purchase contracts are capitalised at the estimated fair value at the date of inception of each lease or contract. The total finance charges are allocated over the period of the lease in such a way as to give a reasonably constant charge on the outstanding liability.

Operating Leases

Rents applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged to the Profit and Loss Account as incurred.
